

Amended and Updated Programme Memorandum dated 26 February 2016

NEDBANK LIMITED

(incorporated with limited liability under registration number 1951/000009/06 in the Republic of South Africa)

ZAR75,000,000,000 DOMESTIC MEDIUM TERM NOTE PROGRAMME

Nedbank Limited ("**Issuer**" and "**Nedbank**") has established a Domestic Medium Term Note Programme ("**Programme**") under which the Issuer may, from time to time, issue secured or unsecured, subordinated or unsubordinated notes of any kind ("**Notes**") pursuant to the consolidated Programme Memorandum, dated 24 May 2010, as amended and/or supplemented from time to time ("**Previous Programme Memorandum**").

The Previous Programme Memorandum was approved by the JSE Limited ("**JSE**") on 24 May 2010.

On 3 June 2011, the Issuer increased the maximum aggregate Outstanding Principal Amount of all of the Notes that may be issued under the Programme at any one point in time ("**Programme Amount**") from ZAR30,000,000,000 to ZAR40,000,000,000, pursuant to a Supplement, dated 3 June 2011, to the Previous Programme Memorandum. On 26 May 2015, the Issuer increased the Programme Amount from ZAR40,000,000,000 to ZAR50,000,000,000, and on 1 December 2015, the Issuer increased the Programme Amount from ZAR50,000,000,000 to ZAR75,000,000,000.

The Issuer has amended and updated the Previous Programme Memorandum on the basis set out in this amended and updated Programme Memorandum dated 26 February 2016 ("**Programme Memorandum**"). Application has been made to the JSE for the approval of this Programme Memorandum. This Programme Memorandum was approved by the JSE on 22 February 2016.

Unless otherwise defined in this Programme Memorandum or, in relation to a Tranche of Notes, the Applicable Pricing Supplement, capitalised terms used in this Programme Memorandum shall bear the meanings ascribed to them in the section of this Programme Memorandum headed "**Terms and Conditions**" ("**Terms and Conditions**"). References in this Programme Memorandum to any Condition are to that Condition of the Terms and Conditions.

On and with effect from 26 February 2016 ("**Programme Date**"), this Programme Memorandum applies to all Notes issued, under the Programme, pursuant to this Programme Memorandum, on and after the Programme Date.

On and with effect from the Programme Date, the sections of this Programme Memorandum headed "*Documents Incorporated by Reference*", "*Risk Factors*", "*Form of the Notes*", "*Description of the Issuer*", "*Financial Information*", "*Settlement, Clearing and Transfers of Registered Notes*", "*Taxation*" and "*Exchange Control*" will supersede and replace the corresponding sections of the Previous Programme Memorandum in their entirety and, to this extent, update the Previous Programme Memorandum.

Subject to the paragraph above, the Previous Programme Memorandum (including the section of the Previous Programme Memorandum headed "*Terms and Conditions of the Unsubordinated Notes, Tier 2 Notes and Tier 3 Notes*") will remain applicable to Existing Notes. It is recorded that no "*Tier 1 Notes*" (as defined in the section of the Previous Programme Memorandum headed "*Terms and Conditions of the Tier 1 Notes*") remain in issue under the Programme as at the Programme Date.

The Previous Programme Memorandum is available on the following website: www.nedbankgroup.co.za.

As at the Programme Date, the Programme Amount is ZAR75,000,000,000. The aggregate Outstanding Principal Amount Notes (including Existing Notes) in issue under the Programme may not exceed ZAR75,000,000,000 unless such amount is increased by the Issuer as set out in the section of this Programme Memorandum (and the section of the Previous Programme Memorandum) headed "*General Description of the Programme*".

Notes will be issued in individual Tranches which, together with other Tranches, may form a Series of Notes. A Tranche of Notes will be issued on, and subject to, the Terms and Conditions, as replaced, amended and/or supplemented by the terms and conditions of that Tranche of Notes set out in the Applicable Pricing Supplement.

The Issuer will, prior to the issue of a Tranche of Notes, complete an Applicable Pricing Supplement based on the *pro forma* Applicable Pricing Supplement set out in (i) the section of this Programme Memorandum headed "*Pro Forma Applicable Pricing Supplement – Unsubordinated Notes*" (in the case of a Tranche of Unsubordinated Notes) or (ii) the section of this Programme Memorandum headed "*Pro Forma Applicable Pricing Supplement – Subordinated Notes*" (in the case of a Tranche of Subordinated Notes), as the case may be.

A Tranche of Notes will comprise Unsubordinated Notes or Subordinated Notes, as indicated in the Applicable Pricing Supplement. A Tranche of Notes, whether Unsubordinated Notes or Subordinated Notes (but subject, in the case of Subordinated Notes, to the Capital Regulations), may comprise Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Mixed Rate Notes or such combination of any of the foregoing or such other type of Note as may be determined by the Issuer and the relevant Dealer/s and specified in the Applicable Pricing Supplement.

Subordinated Notes will, subject to the Banks Act and the Capital Regulations, comprise Additional Tier 1 Notes and Tier 2 Notes. Subject to the Capital Regulations, (i) the proceeds of the issue of Additional Tier 1 Notes will rank as Additional Tier 1 Capital and (ii) the proceeds of the issue of Tier 2 Notes will rank as Tier 2 Capital.

A Tranche of Registered Notes may be listed on the Interest Rate Market of the JSE and/or on such other Financial Exchange/s as may be determined by the Issuer and the relevant Dealer/s, subject to all Applicable Laws. Unlisted Registered Notes may also be issued under the Programme. Unlisted Registered Notes are not regulated by the JSE. The holders of Registered Notes that are not listed on the Interest Rate Market of the JSE will have no recourse against the JSE. The Applicable Pricing Supplement will specify whether or not a Tranche of Registered Notes will be listed and, if so, on which Financial Exchange.

The Programme is not rated. The Applicable Pricing Supplement will reflect the Rating which has been assigned to the Issuer as well as the Rating Agency or Rating Agencies which assigned such Rating. The Issuer will procure that any change to the Rating of the Issuer that occurs after the

Programme Date is announced on SENS. A Tranche of Notes may, on or before the Issue Date, be rated by a Rating Agency on a national scale or international scale basis. Unrated Tranches of Notes may also be issued. The Applicable Pricing Supplement will reflect the Rating, if any, which has been assigned to a Tranche of Notes, as well as the Rating Agency or Rating Agencies which assigned such Rating or Ratings.

Prospective investors in the Notes should pay particular attention to the section of this Programme Memorandum headed "Risk Factors".

Notes may be issued on a continuing basis and be placed by one or more Dealers appointed by the Issuer from time to time, which appointment may be for a specific issue of one or more Tranches of Notes or on an on-going basis.

Neither the delivery of this Programme Memorandum nor any offer, sale, allotment or solicitation made in connection with the offering of the Notes shall, in any circumstances, create any implication or constitute any representation that there has been no change in the affairs of the Issuer since the Programme Date or that the information contained in or incorporated by reference into this Programme Memorandum is correct at any time subsequent to the date of the document containing such information.

Neither this Programme Memorandum nor any other information supplied in connection with the Programme and/or the Notes is intended to provide the basis of any credit or other evaluation, or should be considered as a recommendation or a statement of opinion, or a report of either of those things, by the JSE, the Issuer, the Debt Sponsor, the Arranger or the Dealer/s that any recipient of this Programme Memorandum or any other information supplied in connection with the Programme and/or the Notes, should

purchase any Notes.

Each person contemplating making an investment in the Notes must make its own investigation and analysis of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the terms of the offering and its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience, the extent of its exposure to risk (see the section of this Programme Memorandum headed "*Risk Factors*") and any other factors which may be relevant to it in connection with such investment.

Neither the JSE nor the Debt Sponsor nor the Arranger nor the Dealer/s undertake to review the financial condition or affairs of the Issuer or to advise any investor or potential investor in the Notes of any information coming to the attention of the JSE, the Debt Sponsor, the Arranger or the Dealer/s.

The distribution of this Programme Memorandum and/or any Applicable Pricing Supplement and the issue, offering or sale of Notes in certain jurisdictions may be restricted by law. In particular, there are restrictions on the distribution of this Programme Memorandum and/or any Applicable Pricing Supplement and the offer or sale or subscription of Notes in the United States of America, the European Economic Area, the United Kingdom and South Africa. For a description of certain restrictions on offers, sales and subscriptions of Notes and on the distribution of this Programme Memorandum and/or any Applicable Pricing Supplement and other offering material relating to the Programme and/or the Notes, see the section of this Programme Memorandum headed "*Subscription and Sale*".

Neither the Issuer nor the Debt Sponsor nor the Arranger nor the Dealer/s represent that this Programme Memorandum and/or any Applicable Pricing Supplement may be lawfully distributed, or that any Notes may be lawfully offered, subscribed for or sold, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution, offering, subscription or sale.

In particular, save for obtaining the approval of this Programme Memorandum by the JSE, no action has been taken by the Issuer, the Debt Sponsor, the Arranger or the Dealer/s which would permit a public offering of any Notes or a distribution of this Programme Memorandum and/or any Applicable Pricing Supplement in any jurisdiction where action for that purpose is required.

The Notes may not be offered or sold, directly or indirectly, and neither this Programme Memorandum nor any Applicable Pricing Supplement nor any advertisement or other offering material relating to the Programme and/or the Notes may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with all Applicable Laws and regulations.

Neither this Programme Memorandum nor any Applicable Pricing Supplement are for distribution in, and do not constitute an offer of Notes for sale or subscription in, the United States of America or in any other jurisdiction in which such a distribution or such offer for sale or subscription would be unlawful or would require qualification or registration. It is the responsibility of any person wishing to subscribe for or purchase Notes to satisfy himself as to the full observance of the laws of the relevant jurisdiction.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended ("Securities Act"). The Notes may not be offered or sold in the United States of America or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the US Securities Act.

Persons into whose possession this Programme Memorandum and/or any Applicable Pricing Supplement comes are required by the Issuer, the Debt Sponsor, the Arranger and the Dealer/s to comply with all Applicable Laws and regulations in each country or jurisdiction in which they subscribe for, purchase, offer, sell, transfer or deliver Notes or have in their possession or distribute this Programme Memorandum and/or any Applicable Pricing Supplement and to obtain any consent, approval or permission required by them for the subscription, purchase, offer, sale, transfer or delivery by them of any Notes under the law and regulations in force in any country or jurisdiction to which they are subject or in which they make such subscriptions, purchases, offers, sales, transfers or deliveries, in all cases at their own expense, and none of the Issuer, the Debt Sponsor, the Sponsor, the Arranger or the Dealer/s shall have responsibility therefor.

Any Notes purchased or subscribed for by any person who wishes to offer such Notes for sale or resale may not be offered in any country or jurisdiction in circumstances which would result in the Issuer being obliged to register this Programme Memorandum or any further prospectus or corresponding document relating to the Notes in such country or jurisdiction.

In connection with the issue and placing of any Tranche of Notes, the Issuer or the Dealer (if any) who is designated in the Applicable Pricing Supplement as the approved stabilisation manager ("**Stabilisation Manager**") may, to the extent permitted by and in accordance with Applicable Laws and subject to the approval of the JSE, over-allot or effect transactions with a view to supporting the market price of Notes in the same Series as that Tranche of Notes at a level higher than that which might otherwise prevail for a limited period after the Issue Date. Such stabilising, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Such stabilising must be carried out in accordance with all Applicable Laws.

The price/yield and amount of a Tranche of Notes will be determined by the Issuer and the relevant Dealer/s at the time of issue in accordance with prevailing market conditions.

GENERAL DESCRIPTION OF THE PROGRAMME

A general description of the Programme is set out below. The general description does not purport to be complete and is taken from, and is qualified by, the remainder of this Programme Memorandum and, in relation to a Tranche of Notes, the Applicable Pricing Supplement.

ISSUE

Subject to the prior consent of the Relevant Authority (to the extent required by the Capital Regulations), the Issuer may, at any time and from time to time (without the consent of any Noteholder), issue one or more Tranches of Notes (denominated in the Specified Currency) under the Programme, pursuant to this Programme Memorandum, provided that the aggregate outstanding Principal Amount of all of the Notes (including Existing Notes) in issue under the Programme from time to time does not exceed the Programme Amount.

A Tranche of Notes will comprise Unsubordinated Notes or Subordinated Notes, as indicated in the Applicable Pricing Supplement. A Tranche of Notes, whether Unsubordinated Notes or Subordinated Notes (but subject, in the case of Subordinated Notes, to the Capital Regulations), may comprise Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Mixed Rate Notes or such combination of any of the foregoing or such other type of Note as may be determined by the Issuer and the relevant Dealer/s and specified in the Applicable Pricing Supplement.

Subordinated Notes will, subject to the Banks Act and the Capital Regulations, comprise Additional Tier 1 Notes and Tier 2 Notes. Subject to the Capital Regulations, (i) the proceeds of the issue of Additional Tier 1 Notes will rank as Additional Tier 1 Capital and (ii) the proceeds of the issue of Tier 2 Notes will rank as Tier 2 Capital.

Notes will be issued in individual Tranches which, together with other Tranches, may form a Series of Notes. A Tranche of Notes will be issued on, and subject to, the Applicable Terms and Conditions. The Issuer will, prior to the issue of a Tranche of Notes, complete an Applicable Pricing Supplement based on the *pro forma* Applicable Pricing Supplement set out in (i) the section of this Programme Memorandum headed "*Pro Forma Applicable Pricing Supplement – Unsubordinated Notes*" (in the case of a Tranche of Unsubordinated Notes) or (ii) the section of this Programme Memorandum headed "*Pro Forma Applicable Pricing Supplement – Subordinated Notes*" (in the case of a Tranche of Subordinated Notes), as the case may be.

LISTING

A Tranche of Registered Notes may be listed on the Interest Rate Market of the JSE and/or on such other Financial Exchange/s as may be determined by the Issuer and the relevant Dealer/s, subject to all Applicable Laws. Unlisted Notes may also be issued under the Programme. Unlisted Notes are not regulated by the JSE. The Applicable Pricing Supplement will specify whether or not a Tranche of Notes will be listed and, if so, on which Financial Exchange.

The holders of Notes that are not listed on the Interest Rate Market of the JSE will have no recourse against the JSE.

A copy of the signed Applicable Pricing Supplement relating to a Tranche of Notes which is to be listed on the Interest Rate Market of the JSE will be delivered to the JSE and the Central Securities Depository, before the Issue Date, and the Notes in that Tranche may be traded by or through members of the JSE from the date specified in the Applicable Pricing Supplement, in accordance with the Applicable Procedures.

Where the listing of a Tranche of Notes on the Interest Rate Market of the JSE has been approved by the JSE, the granting of such listing will be announced by the Issuer on SENS by no later than the close of business on the day preceding the Issue Date.

The settlement of trades in Notes which are listed on the Interest Rate Market of the JSE and/or held in the Central Securities Depository will take place in accordance with the electronic settlement procedures of the JSE and the Central Securities Depository.

The settlement and redemption procedures for a Tranche of Notes which is listed on any Financial Exchange other than (or in addition to) the Interest Rate Market of the JSE will be specified in the Applicable Pricing Supplement.

PROGRAMME AMOUNT

As at the Programme Date, the Programme Amount is ZAR75,000,000,000. The aggregate Outstanding Principal Amount Notes (including Existing Notes) in issue under the Programme may not exceed ZAR75,000,000,000, unless such amount is increased by the Issuer, as set out below (and as set out in the section of the Previous Programme Memorandum headed "*General Description of the Programme*").

For the purpose of calculating the aggregate Outstanding Principal Amount of all Notes in issue under the Programme, pursuant to this Programme Memorandum, from time to time:

- a) the ZAR equivalent of a Tranche of Notes denominated in any Specified Currency other than ZAR shall be determined, at or about the time at which a Relevant Dealer Agreement is entered into between the Issuer and the relevant Dealer/s for the

issue and placing of such Tranche of Notes (or where no such Relevant Dealer Agreement is entered into, at or about the time of placing of such Tranche of Notes), on the basis of the spot rate at such time for the sale of such ZAR amount against the purchase of such other Specified Currency in the Johannesburg inter-bank foreign exchange market, as quoted by any leading bank selected by the Issuer;

- b) the ZAR equivalent of a Tranche of Notes in respect of which the Redemption Amount is calculated by reference to an index and/or a formula (as indicated in the Applicable Pricing Supplement) shall be calculated *mutatis mutandis* in accordance with paragraph (a) above, with reference to the aggregate Principal Amount of that Tranche of Notes (regardless of the Issue Price of that Tranche of Notes);
- c) the ZAR equivalent of a Tranche of Zero Coupon Notes (or any other Tranche of Notes issued at a discount or a premium) shall be calculated *mutatis mutandis* in accordance with paragraph (a) above, with reference to the Issue Price of that Tranche of Zero Coupon Notes.

From time to time the Issuer may elect to increase the Programme Amount. Subject to the Applicable Procedures and all Applicable Laws, the Issuer may, without the consent of any Noteholder, increase the Programme Amount. Upon notice of the increase in the Programme Amount having been given to the Noteholders in accordance with Condition 19 (*Notices*), all references in this Programme Memorandum (and each agreement, deed or document relating to the Programme and/or this Programme Memorandum) to the Programme Amount will be, and will be deemed to be, references to the Programme Amount as so increased.

RATING

The Programme is not rated. The Applicable Pricing Supplement will reflect the Rating which has been assigned to the Issuer as well as the Rating Agency or Rating Agencies which assigned such Rating. The Issuer will procure that any change to the Rating of the Issuer that occurs after the Programme Date is announced on SENS. A Tranche of Notes may, on or before the Issue Date, be rated by a Rating Agency on a national scale or international scale basis. Unrated Tranches of Notes may also be issued. The Applicable Pricing Supplement will reflect the Rating, if any, which has been assigned to a Tranche of Notes, as well as the Rating Agency or Rating Agencies which assigned such Rating or Ratings.

RISK FACTORS

Investing in the Notes involves certain risks (see the section of this Programme Memorandum headed "*Risk Factors*").

RISK FACTORS

The Issuer believes that the factors outlined below may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below. The value of the Notes could decline due to any of these risks, and investors may lose some or all of their investment.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts under any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information available to it as at the Programme Date, or which it may not be able to anticipate. All of these investment considerations are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The information set out below is not intended as advice and does not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes.

Prospective investors in the Notes should also read the information set out elsewhere in this Programme Memorandum (including all documents incorporated by reference into this Programme Memorandum) and, in relation to a Tranche of Notes, the Applicable Pricing Supplement, and consult their own financial, tax and legal advisers as to the risks and investment considerations arising from an investment in the Notes, the appropriate tools to analyse such an investment, and the suitability of such an investment in the context of the particular circumstances of each investor.

RISKS RELATING TO THE ISSUER

Risk management

The Issuer, in common with other banks in South Africa and elsewhere, is exposed to commercial and market risks in its ordinary course of business, the most significant of which are credit risk, market risk, liquidity risk, interest rate risk and operational risk. Credit risk is the risk of loss due to non-performance of a counterparty in respect of any financial or performance obligation due to deterioration in the financial status of the counterparty. Market risk is the risk of loss on trading instruments and portfolios due to changes in market prices and rates. Liquidity risk is the inability to discharge funding or trading obligations which fall due at market related prices. Interest rate risk is defined as the sensitivity of the balance sheet and income statement to unexpected, adverse movements of interest rates. Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events.

Whilst the Issuer believes that it has implemented appropriate policies, systems and processes to control and mitigate these risks, investors should note that any failure to control these risks adequately could have an adverse effect on the financial condition and reputation of the Issuer.

Concentration risk

The Issuer's business is predominantly South African focused meaning that it is exposed to geographic concentration risk from an economic, political and social perspective. Any adverse changes affecting the South African economy, including contagion risk linked to adverse economic conditions in South Africa's main trading partners, may have an adverse impact on the Issuer's credit, market, liquidity, interest rate and operational risk exposures and, consequently, on its financial condition and the results of its operations.

Liquidity risk

The Issuer, in common with other banks in South Africa, is more reliant on wholesale deposits than either commercial or retail deposits due to the low domestic savings rate and a bias towards contractual savings in pension and provident funds, as well as money market funds, due to various tax and regulatory asymmetries which have resulted in wholesale deposits being proportionally larger than either commercial or retail deposits. Nonetheless, the Issuer's combined commercial and retail deposit franchises are significant, collectively exceeding the total value of wholesale funding. In addition, the Issuer's level of access to domestic and international inter-bank and capital markets and its liquidity risk management policy allow and will continue to allow the Issuer to meet its short-term and long-term liquidity needs, noting that maturity mismatches can have a material adverse effect on the Issuer's financial condition and results of operations. Furthermore, there can be no assurance that the Issuer will be successful in obtaining additional sources of funds on acceptable terms, or at all.

Competitive landscape

The Issuer is subject to significant competition from other major banks operating in South Africa and, potentially from international banks not currently operating in South Africa, including competitors that may have greater financial and other resources. Many of these banks operating in the Issuer's markets compete for substantially the same customers as the Issuer. Competition may

increase in some or all of the Issuer's principle markets and may have an adverse effect on its financial condition and results of operations.

Any trend toward consolidation in the global financial services industry may create stronger competitors with broader ranges of product and service offerings, increased access to capital, and greater efficiency and pricing power. The effect of competitive market conditions may adversely impact the earnings and assets of the Issuer.

Loan impairments

The performance of the Issuer is significantly influenced by the performance of the economy in South Africa, which in turn is influenced by global economic factors, such as oil and commodity prices, exchange rates and the levels of growth in South Africa's main trading partners. A deterioration in the global economic markets could result in a general reduction in business activity and a consequent loss of income for the Issuer. A reduction in business activity or a downturn in the economic environment in South Africa could also cause a higher incidence of impairments and trading losses in the Issuer's lending, trading and other portfolios (particularly in relation to retail loans) which could have an adverse effect on its financial condition and results of operations. This is a sector-wide risk that is not isolated to the Issuer.

Failure of systems and breaches of security systems

The Issuer relies on the proper functioning of its systems which may fail as a result of hardware or software failure or power or telecommunications failure. The occurrence of such a failure may not be adequately covered by its business resumption and disaster recovery planning. Any significant degradation or failure of the Issuer's information, processing or trading systems could result in the Issuer failing to complete transactions on a timely basis, could have an adverse effect on its business, results of operations and financial condition or could give rise to adverse regulatory and reputational consequences for the Issuer's business.

The secure storage, use and transmission of confidential information are critical elements of the Issuer's operations. The Issuer's networks and systems may be vulnerable to unauthorised access and other security problems. The Issuer cannot be certain that its existing security measures will prevent breaches including break-ins, viruses or disruptions. Persons that circumvent the security measures could use the Issuer's or its client's confidential information wrongfully which could expose it to a risk of loss, adverse regulatory consequences or litigation.

The Issuer's future success will depend in part on its ability to respond to changing technologies and demands of the market place. The Issuer's failure to upgrade its information and communications systems on a time or cost-effective basis could have an adverse effect on its business, financial condition and/or operating results and could damage its relationship with its clients and counterparties.

Key personnel

The Issuer's performance is dependent on the talents and efforts of key personnel, some of whom may have been employed by the Issuer for a substantial period of time and have developed with the business. The Issuer's continued ability to compete effectively and further develop its businesses also depends on its ability to attract new employees. In relation to the development and training of new staff, the Issuer is reliant on the continued development of the educational sector within South Africa, including access to facilities and educational programmes by its future employees. The Issuer has implemented programmes to attract new employees and equip them with appropriate skills.

Terrorist acts

Terrorist acts, and other acts of war or hostility and responses to those acts, may create economic and political uncertainties, which could have a negative impact on South Africa, and international economic conditions generally, and more specifically on the business and results of operations of the Issuer in ways that cannot be predicted.

Legal, regulatory and tax risk

The Issuer's business in South Africa is highly regulated. Regulatory agencies have broad jurisdiction over many aspects of the Issuer's business, including capital adequacy, prudential and liquidity requirements (see "*The Basel III Accord and Capital Adequacy*" below), premium rates, marketing and selling practices, advertising, licensing agents, policy forms, terms of business and permitted investments. Failure to comply with legal and regulatory requirements, including fiscal provisions, or government policies, may have an adverse effect on the Issuer and its reputation among customers and regulators in the market.

The Issuer may also be adversely affected by future changes in government policy, legal, regulatory and compliance requirements. In particular, any further change in regulation of the Issuer to increase the requirements for capital adequacy or liquidity (see "*The Basel III Accord and Capital Adequacy*" below), or a change in accounting standards, may have an adverse effect on the Issuer's business. Future fiscal developments or changes to fiscal laws in South Africa may also have a material adverse effect on the Issuer and on its business.

A number of regulatory changes have been implemented or proposed in various jurisdictions as a result of the global economic crisis, which may affect certain business activities of the Issuer.

It is not possible to predict what further future regulatory or related changes may result from the global economic crisis or the effect

any such changes would have on the Issuer and its business.

The Issuer is also exposed to the risk of inappropriate or inadequate documentation of contractual relationships.

Exchange control

Since 1995, certain exchange controls in South Africa have been relaxed. The extent to which the South African Government ("**Government**") may further relax such exchange controls cannot be predicted with certainty, although the Government has committed itself to a gradual approach of relaxation. Further relaxation, or abolition of exchange controls, may precipitate a change in the capital flows to and from South Africa. If the net result of this were to cause large capital outflows, this could adversely affect the Issuer's business and it could have an adverse effect on the financial condition of the Issuer as a whole. In the event of the immediate abolition of exchange control there may be a sudden increase in demand for foreign currency. Because South Africa has a fully floating exchange rate and a flexible interest rate policy, this could result in a rapid depreciation of the Rand exchange rate which could serve to stem the flight and could also result in an increase in interest rates due to the depreciation of the Rand.

Market conditions, including funding

Global market conditions are subject to periods of volatility and change which can negatively impact market liquidity, increase credit spreads and reduce funding availability. Since 2008 global equity and debt markets have experienced some difficult conditions. These challenging market conditions have resulted in periods of reduced liquidity, extreme volatility and declining asset prices, as well as greater counterparty credit risk, widening of credit spreads and lack of price transparency in credit and other markets.

Market conditions also led to the failure of a number of financial institutions and the intervention of government authorities and central banks around the world. Global economic conditions remain uncertain. If the economic climate worsens in the future, the Issuer's financial performance, business or strategy may be adversely affected.

The Issuer relies on equity and debt markets for funding its businesses. Further instability in these markets may affect the Issuer's ability to access funding, particularly the ability to issue long-term debt securities, to replace maturing liabilities in a timely manner and to access the funding necessary to grow its businesses. In addition, an increase in credit spreads may increase the Issuer's cost of funding. Further, volatile and deteriorating markets may reduce activity and the flow of transactions, which may adversely impact the Issuer's financial performance. Other risks associated with funding that the Issuer may face are over reliance on a particular funding source or a simultaneous increase in funding costs across a broad range of sources.

Changes in investment markets, including changes in interest rates, exchange rates and returns from any equity, listed and unlisted investment assets, property and other investments, as well as adverse economic conditions, may affect the financial performance of the Issuer, for instance, through its ability to earn base and performance fees and other advisory and client facilitation fees. Further, the Issuer's trading income may be adversely impacted during times of subdued market conditions and client activity.

In poor market conditions, the Issuer may be required to hold its investment assets for longer, or sell these assets at a lower price than historically expected and this may impact the Issuer's rate of return on these assets and require funding for longer periods than anticipated. This may include situations where potential buyers of the Issuer's investment assets are unable to obtain financing to purchase assets that the Issuer currently holds or purchases.

Capital market volatility may require the Issuer to make writedowns of its investments and loan impairment provisions. This would impact the Issuer's financial performance.

THE BASEL III ACCORD AND CAPITAL ADEQUACY

General

Basel III provides, among other things, for 3 "tiers" of Regulatory Capital: (i) Common Equity Tier 1 Capital, (ii) Additional Tier 1 Capital and (iii) Tier 2 Capital.

On and with effect from 1 January 2013 and 10 December 2013, respectively, Basel III was adopted and implemented in the South African regulatory framework, with various phase-in and transitional arrangements until 1 January 2019 (see "*South African implementation of Basel III*" below).

The International BCBS Basel III quantitative impact studies ("**QIS**") enable selected banks to report figures to enable the Basel Committee on Banking Supervision ("**BCBS**") to assess the impact of Basel III. These QIS reports are submitted on a bi-annual basis. The Issuer has participated fully in the QIS process.

Circulars, guidance notes and directives

Basel III, the Regulations Relating to Banks and the fact that the Banks Act has only recently been amended to provide for the full implementation of the Basel III Accord in South Africa, have introduced a number of uncertainties (see "*South African implementation of Basel III*" – "*Uncertainties*" below).

The Relevant Authority has endeavoured to address these uncertainties by issuing, on a periodic basis, circulars, guidance notes and directives in terms of section 6 of the Banks Act.

In terms of section 6(4) of the Banks Act, the Relevant Authority may from time to time "*by means of a circular furnish banks ... with*

guidelines regarding the application and interpretation of the provisions of [the Banks] Act". Section 6(4) of the Banks Act provides that the Relevant Authority may from time to time "by means of a guidance note furnish banks with information in respect of market practices or market or industry developments within or outside [South Africa]". In terms of section 6(6)(a) of the Banks Act, the Relevant Authority may from time to time "after consultation with the relevant bank, issue a directive to such a bank, either individually or collectively, regarding the application of the [Banks] Act".

Main changes

The main changes under Basel III are summarised as follows:

- Basel III provides for tighter definitions of what constitutes acceptable regulatory capital. Basel III places enhanced emphasis on the consistency and quality of capital and on curtailing, among other things, liquidity risk. From a capital perspective the most heavily impacted banks are likely to be those with relatively large capital market businesses, particularly trading activities, complex securitisations, over-the-counter derivatives (counterparty credit risk) and securities lending.
- Basel III allocates a higher regulatory capital value to shareholders' equity than to subordinated loss-absorbing debt, preference shares and hybrid capital. For example, it is expected that Tier 2 Capital will be allowed to constitute less than the current 33% of a bank's overall capital
- Basel III has introduced two new buffers: a capital conservation buffer of 2.5% (if a bank's capital adequacy ratios fall below the minimum required ratio, including this buffer, the bank will be subject to dividend and bonus restrictions) and a countercyclical buffer that ranges between 0% and 2.5%, depending on whether the rate of credit extension exceeds the growth of the real economy. These buffers are due to be phased in from 2016, but market expectations could lead to earlier compliance.
- Basel III provides for a new maximum leverage ratio.
- Basel III has introduced two new minimum liquidity standards – the liquidity coverage ratio ("**LCR**") and the net stable funding ratio ("**NSFR**"). From a liquidity perspective, many banks, domestic and foreign, now meet the LCR requirements following the BCBS announcement on the 06 January 2013. However, based on industry estimates, compliance with the NSFR remains structurally challenging and consequently the Issuer will continue to work closely with the SARB, peer groups and National Treasury in terms of addressing the structural challenges while being mindful of the fact that the Basel Committee is likely to consider fundamental changes to the NSFR well ahead of its targeted implementation date of January 2018. Having finalised the LCR, the Basel Committee has formally announced that it will, as a matter of priority, now focus on the NSFR over the next two years.
- Basel III also provides for enhanced capital requirements for derivatives, repurchase and securities financing transactions.

Meeting the LCR requirement was assisted by the announced amendments to the LCR by the BCBS on 6 January 2013. The amendments are positive in that they provide banks with a longer lead time to implement the LCR and have resulted in a broader definition of qualifying high-quality liquid assets ("**HQLA**") that can be held in the bank's liquidity buffers. Lastly, these amendments have resulted in reduced liquidity buffer requirements given refinements to various cash outflow assumptions in the LCR formula.

The South African Reserve Bank ("**SARB**") has approved the provision of a committed liquidity facility ("**CLF**") to assist banks to meet the LCR, as more fully set out in Guidance Note 08/2014 headed "*Provision of a committed liquidity facility by the South African Reserve Bank*" dated 9 December 2014 ("**Guidance Note 08/2014**"). In terms of Guidance Note 08/2014, among other things, each individual bank will be required to meet the level 1 HQLA requirement of the LCR on its own. The CLF is only available to banks with an LCR shortfall that is attributable to an inadequate supply of level 1 HQLA. The CLF is accepted at 40% of the total amount of HQLA that the particular bank is required to hold in Rand. For the purpose of entering into a facility agreement with SARB during the phase-in period (that is, for the years 2015 to 2018), the size of the CLF will be capped at 40% of the full HQLA requirement, as projected for the year in which the relevant application is made. Guidance Note 08/2014 also contains details of, among other things, acceptable collateral for the CLF.

The following Directives issued by SARB are the most recent Directives which are applicable to the LCR: Directive 6/2014 (*Matters related to liquidity risk and the liquidity coverage ratio*), Directive 7/2014 (*National discretion related to the liquidity coverage ratio*), Directive 8/2014 (*Matters related to compliance with the liquidity coverage ratio (LCR)*) and Directive 11/2014 (*Liquidity coverage ratio: Scope of application and related disclosure requirements*).

Taking into account the Issuer's cash reserves, the liquid assets held for regulatory purposes, the surplus liquidity buffer and the Issuer's anticipated use of the CLF, on a pro forma basis the Issuer is compliant already with the 2015 Basel III LCR requirement.

Basel III is a minimum global standard and, accordingly, the relevant authority is not prevented from setting higher standards, as was done in South Africa with the implementation of Basel II.

The main impact of Basel III on South African banks is likely to be on the levels and composition of capital, the levels of highly marketable securities, liquidity risk and funding profiles and, accordingly, on the general cost of bank funding as banks look to optimally structure their Capital base and reform their funding models to meet the requirements of the new liquidity ratios.

Loss absorption at the point of non-viability of the Issuer

Basel III requires the implementation of certain loss absorbent criteria under certain non-viability circumstances, as set out in the Basel III Accord ("**Loss Absorption PONV Requirements**").

Under the Loss Absorption PONV Requirements, the terms and conditions of all instruments, the proceeds of the issue of which rank (or are intended to rank) as Tier 2 Capital or Additional Tier 1 Capital, as the case may be, must have a provision that requires such instruments, at the option of the Relevant Authority, to either be Written Off or Converted into "common equity" (that is, ordinary shares) upon the occurrence of the relevant Trigger Event unless, among other things, duly enforceable legislation is in place:

- that requires such instruments to be Written Off upon the occurrence of the Trigger Event; or
- that otherwise requires such instruments to fully absorb loss before taxpayers or ordinary depositors are exposed to loss.

As a minimum, the Trigger Event must be the earlier of:

- a decision that a Write Off, without which the issuing bank would become non-viable, is necessary, as determined by the Relevant Authority; and
- the decision to make a public sector injection of capital, or equivalent support, without which the issuing bank would have become non-viable, as determined by the Relevant Authority.

On the basis of the implementation of the Loss Absorption PONV Requirements, Subordinated Notes will be subject to Write-Off or Conversion upon the occurrence of the Trigger Event, which may result in the Subordinated Noteholders losing some or all of their investment. The occurrence of the Trigger Event or any suggestion of any such occurrence could materially adversely affect the market price of the Subordinated Notes.

South African implementation of Basel III

Regulations Relating to Banks and the Banks Amendment Act, 2013

The amended Regulations Relating to Banks came into operation on 1 January 2013 and provide, among other things, for the partial implementation of the Basel III Accord in South Africa and the requirements with which specified categories of Capital Instruments must comply in order for the proceeds of the issue thereof to rank as Tier 2 Capital or Additional Tier 1 Capital. These amended Regulations Relating to Banks were further amended, with effect from 1 April 2015, by Government Notice No R. 261 published in *Government Gazette* No. 38616, dated 27 March 2015.

The required amendments to the Banks Act to provide, among other things, for the full implementation of the Basel III Accord in South Africa, were promulgated and came into force on 10 December 2013. These amendments are contained in the Banks Amendment Act, 2013, published in *Government Gazette* No. 37144 of 10 December 2013.

Capital Regulations

The Capital Regulations include (i) legislation (including the Banks Act and/or any statutory bail-in option under South African law) then in effect in South Africa, (ii) regulations (including the Regulations Relating to Banks) then in effect in South Africa, (iii) the Circulars (including, without limitation, Circular C6/2014), Guidance Notes (including, without limitation, Guidance Note 07/2013) and Directives then in effect in South Africa issued by the Relevant Authority, which legislation, regulations, Circulars, Guidance Notes and Directives relate to and/or provide for the implementation of the Basel III Accord in South Africa.

Relevant Authority

The Relevant Authority for purposes of Basel III in South Africa will be the Registrar of Banks or such other governmental authority in South Africa (if any) as will have the responsibility of making decisions relating to the declaration of a bank as being non-viable, with the effect of triggering loss absorption within the relevant Capital Instruments.

Loss Absorption PONV Requirements

For purposes of the implementation of the Basel III Accord (or the applicable provisions thereof) in South Africa, the Loss Absorption PONV Requirements are currently contractual in nature and the relevant contractual provisions are set out in the Regulations Relating to Banks as read with Guidance Note 07/2013 (see "*Guidance Note 07/2013*" below).

However, it is expected that duly enforceable legislation will be enacted in South Africa that will provide for, among other things, the Loss Absorption PONV Requirements (see "*Guidance Note 07/2013*" and "*Recovery and Resolution Legislation*" below).

Uncertainties

Basel III, the Regulations Relating to Banks and the fact that the Banks Act has only recently been amended to provide for the full implementation of the Basel III Accord in South Africa, have introduced a number of uncertainties. Some of these uncertainties are summarised below:

Regulations 38(13)(b)(iv)(E) and 38(14)(a)(iv)(F) of the Regulations Relating to Banks provide that Subordinated Notes "*shall not be held or acquired by the bank or any person related to or associated with the bank, or over which the bank exercises or may exercise*

control or significant influence". There is uncertainty regarding the interpretation and ambit of this provision. Circular C6/2014 headed "*Interpretation of specified conditions for the issuing of instruments or shares which rank as additional tier 1 capital and tier 2 capital*", dated 2 June 2014 ("**Circular C6/2014**") clarifies some (but not all) of this uncertainty (see "*Circular C6/2014*" below).

There is uncertainty regarding the purely "discretionary" nature of the Trigger Event provided for in Regulations 38(13)(b) and 38(14) of the Regulations Relating to Banks and the criteria that will be taken into account by the Relevant Authority in determining the Trigger Event.

Regulations 38(13)(b) and 38(14) of the Regulations Relating to Banks provide that the Write-Off or Conversion must occur "*upon the occurrence of the trigger event specified in writing by the [Relevant Authority]*". Currently, there is nothing in Regulations 38(13)(b) and 38(14) of the Regulations Relating to Banks that requires the Relevant Authority to notify the Issuer or the relevant Subordinated Noteholders that the Trigger Event has occurred.

It is not clear from Regulations 38(13)(b) and 38(14) of the Regulations Relating to Banks whether the Issuer may select the Conversion or the Write-Off option upfront or whether the option will be determined by the Relevant Authority at the occurrence of the Trigger Event.

There are a number of uncertainties relating to the Conversion option, such as the nature of the ordinary shares into which Subordinated Notes must be Converted and the valuation of these ordinary shares.

Guidance Note 07/2013 headed "*Loss absorbency requirements for Additional Tier 1 and Tier 2 capital instruments*" dated 18 October 2013 ("**Guidance Note 07/2013**") clarifies some (but not all) of the uncertainties described above (see "*Guidance Note 07/2013*" below).

Circular C6/2014

In terms of Regulations 38(13)(b)(iv)(E) and 38(14)(a)(iv)(F) of the Regulations Relating to Banks ("**relevant Regulations**"), no Subordinated Notes may be held or acquired by the Issuer or any person "*related to or associated with*" the Issuer or over which the Issuer "*exercises or may exercise control or significant influence*".

There is uncertainty regarding the interpretation and ambit of the relevant Regulations, particularly in light of the fact that, where Conversion applies to a Tranche of Subordinated Notes upon the occurrence of the Trigger Event, the Controlling Company is obliged to acquire that Tranche of Subordinated Notes.

Circular C6/2014 clarifies some (but not all) of the uncertainty regarding the interpretation and ambit of the relevant Regulations.

Circular C6/2014 provides that, in the context only of the relevant Regulations, "*associated*" "*relates to the relevant bank or controlling company or a related party over which the bank and/or controlling company exercises or may exercise control or significant influence. The term therefore excludes a shareholder of the bank or controlling company itself; as the bank or controlling company has no control or significant influence over such a shareholder*".

The term "*associated*" in the Circular C6/2014 extract above would appear to mean that in order for "*any person*" to be "*related to or associated with*" the Issuer, that person must be a person over which the Issuer and/or the Controlling Company "*exercises or may exercise control or significant influence*".

The phrase "*or over which the bank exercises or may exercise control or significant influence*" in the relevant Regulations would therefore now appear not to be a third category of restricted person but a qualification required for a person to be "*related to or associated with*" the Issuer and/or the Controlling Company.

It would appear (although this is not certain) that the relevant Regulations (as read with Circular C6/2014) appears to allow the Controlling Company to purchase or acquire or hold Subordinated Notes.

It is clear that, in terms of the relevant Regulations (as read with Circular C6/2014), neither the Issuer nor any of its Subsidiaries may at any time purchase or acquire or hold Subordinated Notes.

Guidance Note 07/2013

The Issuer understands the interpretation of Guidance Note 07/2013 (as read with Regulations 38(13) and 38(14) of the Regulations Relating to Banks) as at the Issue Date to be as follows:

- The Applicable Terms and Conditions of a Tranche of Subordinated Notes must contain a provision that requires that Tranche of Subordinated Notes, at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), to either (i) be Written Off or (ii) be Converted to the most subordinated form of equity.
- The Issuer must clearly indicate in the Applicable Pricing Supplement relating to a Tranche of Subordinated Notes whether that Tranche of Subordinated Notes will, at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), be Written Off or Converted. Accordingly, the Issuer may select and provide for the Conversion or the Write-Off option on the Issue Date.
- The Trigger Event for Additional Tier 1 Notes which are accounted as equity (if any) and Tier 2 Notes, respectively, will be the occurrence of the "trigger event" specified in writing by the Relevant Authority (as contemplated in Regulation 38(13)(b)(i))

and Regulation 38(14)(a)(i), respectively, of the Regulations Relating to Banks); provided that, as a minimum, the aforesaid "trigger event" shall be the earlier of:

- a decision that a write-off, without which the Issuer would become non-viable, is necessary, as determined by the Relevant Authority; or
- the decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by the Relevant Authority,

as contemplated in sub-paragraph (iii) of the Proviso to Regulation 38(13)(b)(i) and sub-paragraph (iii) of the Proviso to Regulation 38(14)(a)(i), respectively, of the Regulations Relating to Banks (see "*Determination and notification of Trigger Event*" below).

- The purely "discretionary" nature of the Trigger Event will therefore remain applicable to Additional Tier 1 Notes which are "accounted as equity" (if any) and Tier 2 Notes.
- The Trigger Event for Additional Tier 1 Notes which are accounted as liabilities will be the first to occur of the following events:
 - the occurrence of the "trigger event" specified in writing by the Relevant Authority (as contemplated in Regulation 38(13)(b)(i) of the Regulations Relating to Banks); provided that, as a minimum, the aforesaid "trigger event" shall be the earlier of:
 - a decision that a write-off, without which the Issuer would become non-viable, is necessary, as determined by the Relevant Authority; or
 - the decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by the Relevant Authority,
 as contemplated in sub-paragraph (iii) of the Proviso to Regulation 38(13)(b)(i) of the Regulations Relating to Banks (see "*Determination and notification of Trigger Event*" below); or
 - the CET1 Ratio of the Issuer is equal to or falls below 5.875% of risk-weighted exposures;
- The CET1 Ratio criterion for determining the occurrence of the Trigger Event is accordingly only relevant in determining the occurrence of the Trigger Event which will be applicable to Additional Tier 1 Notes which are "accounted as liabilities".
- The Relevant Authority will notify the Issuer in writing once the Relevant Authority determines that the Trigger Event has occurred (see "*Determination and notification of Trigger Event*" below).
- Notwithstanding the occurrence of the Trigger Event, the Relevant Authority has a Discretion to (i) take action and allow the Write-Off or Conversion to occur in order to effect an increase the CET1 Ratio such that the Issuer will be deemed by the Relevant Authority to be viable again or (ii) take no action and not require the Write-Off or Conversion to occur.
- Write-Off or Conversion of Subordinated Notes need only occur up until the point where the Issuer is deemed by the Relevant Authority to be viable again, as specified in writing by the Relevant Authority.
- In terms of statutory ranking, Additional Tier 1 Notes are likely to be Written Off or Converted prior to any Write-Off or Conversion of Tier 2 Notes. The Subordinated Notes to be Written Off or Converted at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority) will be determined by the Relevant Authority.
- The Relevant Authority will also determine whether, at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), the Total Principal Amount or the Relevant Portion of the Principal Amount will be Written Off or Converted, such determination to be based on the book value of the relevant Subordinated Notes as reflected in the Issuer's financial statements or management accounts at the relevant time (with reference to the amount required to increase the CET1 Ratio such that the Issuer will be deemed by the Relevant Authority to be viable again).
- Where, at the occurrence of the Trigger Event, the Relevant Authority determines that the Relevant Portion of the Principal Amount will be Written Off or Converted, then if, after the Write-Off or Conversion, the Subordinated Notes are to be redeemed pursuant to the Terms and Conditions, the amount of principal and accrued but unpaid interest to be paid to the Subordinated Noteholders pursuant to such redemption must be irrevocably reduced by the Relevant Portion of the Principal Amount (plus accrued but unpaid interest on the Relevant Portion of the Principal Amount as at the occurrence of the Trigger Event).
- If the Issuer has both Tier 2 Notes and Other Tier 2 Capital Instruments in issue which are subject to Write-Off or Conversion, as applicable, the Tier 2 Notes and the Other Tier 2 Capital Instruments will be treated *pari passu*, and a partial Write-Off or Conversion may occur at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), up to the point where the Issuer is deemed by the Relevant Authority to be viable again, as specified in writing by the Relevant Authority.

- If the Issuer has both Additional Tier 1 Notes and Other Additional Tier 1 Capital Instruments in issue which are subject to Write-Off or Conversion, as applicable, the Additional Tier 1 Notes and the Other Additional Tier 1 Capital Instruments will be treated *pari passu*, and a partial Write-Off or Conversion may occur at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), up to the point where the Issuer is deemed by the Relevant Authority to be viable again, as specified in writing by the Relevant Authority.

Conversion:

Where Conversion applies to a Tranche of Subordinated Notes:

- If the Issuer Ordinary Shares are listed on an exchange, the ordinary shares into which the Subordinated Notes must be Converted must be Issuer Ordinary Shares.
- If the Issuer Ordinary Shares are not listed on an exchange and the Issuer is a wholly owned subsidiary of the Controlling Company, the ordinary shares into which the Subordinated Notes must be Converted must (the relevant provision would appear to be mandatory) be Controlling Company Ordinary Shares.
- If the Issuer Ordinary Shares or the Controlling Company Ordinary Shares, as the case may be, are listed on an exchange, the conversion price of the Issuer Ordinary Shares or the Controlling Company Ordinary Shares, as the case may be, will be the greater of:
 - the arithmetic mean (that is, the volume weighted average price) of the Issuer Ordinary Shares or the Controlling Company Ordinary Shares, as the case may be, for the 5 (five) consecutive dealing days immediately prior to the occurrence of the Trigger Event, as published by that exchange; or
 - 20% of the closing value of the Issuer Ordinary Shares or the Controlling Company Ordinary Shares, as the case may be, as at the Issue Date, as published by that exchange.
- If neither the Issuer Ordinary Shares nor the Controlling Company Ordinary Shares are listed on an exchange, the ordinary shares into which the Subordinated Notes must be Converted must be Issuer Ordinary Shares and the conversion price of the Issuer Ordinary Shares will be 20% of the book value of the Issuer Ordinary Shares as at the Issue Date.
- The Applicable Terms and Conditions of a Tranche of Subordinated Notes to which Conversion is applicable must include the number (or a formula to determine the number) of Issuer Ordinary Shares or Controlling Company Ordinary Shares, as the case may be, to be issued to the Noteholders of that Tranche of Subordinated Notes at the occurrence of the Trigger Event.
- Where, at the occurrence of the Trigger Event, the Conversion of a Tranche of Subordinated Notes (i) cannot be undertaken for any reason or (ii) is not irrevocable or (iii) will not result in an immediate increase in the CET 1 Ratio, then that Tranche of Subordinated Notes must, instead of being Converted, be Written Off in order to effect an increase the CET1 Ratio such that the Issuer will be deemed by the Relevant Authority to be viable again.

Write-Off:

Where Write-Off applies to a Tranche of Subordinated Notes:

- The Unpaid Amount must be Written Off permanently with no provision for a write-up once the Issuer becomes viable again.
- If compensation is to be paid to the relevant Subordinated Noteholders as a result of the Write-Off, such compensation must be paid to the relevant Subordinated Noteholders in the form of Issuer Ordinary Shares or Controlling Company Ordinary Shares, as the case may be.

Recovery and Resolution Legislation:

- SARB and the National Treasury are in the process of implementing a statutory bail-in option under South African law ("**Recovery and Resolution Legislation**") (see "*Recovery and Resolution Legislation*" below).
- The Applicable Terms and Conditions of a Tranche of Subordinated Notes are likely to remain in force for Subordinated Notes issued prior to the introduction of the Recovery and Resolution Legislation.
- The Issuer has the option to provide in the Applicable Terms and Conditions that, once the Recovery and Resolution Legislation is promulgated and comes into force, if any provisions of the Applicable Terms and Conditions and the relevant Applicable Pricing Supplement conflict with any provisions of the Recovery and Resolution Legislation, those provisions of the Recovery and Resolution Legislation will automatically replace those provisions of the Applicable Terms and Conditions and the relevant Applicable Pricing Supplement, and the proceeds of the issue of the relevant Tranche of Subordinated Notes will continue to rank as Tier 2 Capital or Additional Tier 1 Capital, as the case may be.

Condition 10 (*Occurrence of the Trigger Event*) is based on (or extracted from) Regulations 38(13) and 38(14) of the Regulations Relating to Banks as at the Programme Date as read with Guidance Note 07/2013.

Determination and notification of Trigger Event

The Relevant Authority has considerable discretion as to whether or not a Trigger Event has occurred. In relation to the Loss Absorption PONV Requirements which are applicable to Subordinated Notes, the Relevant Authority has discretion to determine whether or not (i) a Write-Off or Conversion (as applicable) or (ii) a public sector injection of capital, is required in order to avoid the Issuer ceasing to be viable.

The Regulations Relating to Banks (as read with Guidance Note 07/2013) which implement the Loss Absorption PONV Requirements also provide that the Trigger Event must "*as a minimum*" be the earlier of (a) a decision that a Write-Off, without which the Issuer would become non-viable, is necessary, as determined by the Relevant Authority or (b) the decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by the Relevant Authority. This wording appears to grant the Relevant Authority discretion to determine a Trigger Event that may occur earlier than the events specified in (a) and (b). Subordinated Noteholders are therefore exposed to the risk that their Subordinated Notes may be Written-Off or Converted (as applicable) (whether in whole or in part), before either (a) or (b) applies.

Whilst Guidance Note 07/2013 contemplates that further legislative guidance will be provided in due course, as at the Programme Date the Issuer cannot give any further assurances as to what any such Trigger Event will be, or the implications for Subordinated Noteholders.

Moreover, in relation to Additional Tier 1 Notes which are "accounted as liabilities", neither the Regulations Relating to Banks nor Guidance Note 07/2013 prescribe whether it is the Relevant Authority or the Issuer who is ultimately responsible for determining the CET 1 Ratio of the Issuer. Whilst the Issuer regularly publishes its CET 1 Ratio in both its annual and half yearly financial statements, it is not certain that the Relevant Authority will necessarily agree with the Issuer's determination of its CET 1 Ratio from time to time, and the Relevant Authority may carry out its own assessment of the Issuer's CET 1 Ratio before determining that a Trigger Event has occurred.

It is also uncertain as to the time period that may elapse between the Relevant Authority's determination that a Trigger Event has occurred and its communication of that decision to the Issuer. Whilst the Issuer expects that any such notification would be made swiftly in order to ensure market stability, the Relevant Authority is not required to act within any particular time period. Because the Write Off or Conversion (as applicable) is specified to occur as at the date of the Trigger Event (and not the date on which the Relevant Authority notifies the Issuer of the occurrence of the Trigger Event), there is a risk that there will be a delay between the Relevant Authority's decision to require a Write-Off or Conversion (as applicable) and the Issuer being able to notify Subordinated Noteholders of the occurrence of the Trigger Event.

Recovery and Resolution Legislation

The Recovery and Resolution Legislation is expected to implement a statutory bail-in option under South African law, although the scope and timing of any such measures are uncertain. The bail-in option is likely to empower the Relevant Authority to recapitalise a failed financial institution by allocating losses to its shareholders and unsecured creditors in a manner that respects the hierarchy of claims in an insolvency of the relevant financial institution, consistent with shareholders and creditors of the relevant financial institution not receiving less favourable treatment than they would have done in insolvency. The bail-in option may include the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the Issuer (including both senior and subordinated liabilities) and the power to convert a liability from one form to another.

Although not certain, the conditions for use of the bail-in option are likely to be, in summary, that (i) the Relevant Authority determines that the Issuer is failing or is likely to fail, (ii) it is not reasonably likely that any other action can be taken to avoid the Issuer's failure and (iii) the Relevant Authority determines that it is in the public interest to exercise the bail-in option. Any future bail-in option exercised by the Relevant Authority in respect of the Subordinated Notes is likely to involve the exercise of some discretion by the Relevant Authority, and could potentially result in a Subordinated Noteholder losing part of, or the entire value of, its investment in Subordinated Notes.

As the Recovery and Resolution Legislation is yet to be passed, there is uncertainty as to the extent, if any, that due process rights or procedures will be provided to Subordinated Noteholders subject to the bail-in option when the final Recovery and Resolution Legislation is implemented. Therefore, Subordinated Noteholders may have limited rights to challenge any decision of the Relevant Authority to exercise its bail-in option or to have that decision reviewed by a judicial or administrative process or otherwise.

"Grandfathering" of capital instruments issued before 1 January 2013

The Loss Absorption PONV Requirements implemented in South Africa do not apply retrospectively and, accordingly, some or all of the capital instruments issued by the Issuer before 1 January 2013 will be "grandfathered" (that is, phased out) over a ten-year period from 1 January 2013.

The ability of the Issuer to replace these capital instruments with capital instruments which comply with Basel III and, where applicable, the Loss Absorption PONV Requirements, over the ten year period is uncertain, and will depend on the extent to which the uncertainties regarding the Regulations Relating to Banks and the Banks Act have been resolved to enable the issue of such capital instruments in significant volumes, the appetite of the capital markets for capital instruments and the ability to issue such capital instruments at a price mutually acceptable to the Issuer and investors.

Bearing in mind the uncertainties referred to above, it is difficult for the Issuer to predict the precise effects of the changes that may result from the full implementation of Basel III in South Africa and/or what regulatory changes may be imposed in the future, or estimate, with accuracy, the impact that the full implementation of Basel III in South Africa and/or related regulatory changes that may be imposed in the future may have on the Issuer's business, the products and services it offers and the values of its assets. If, for example, the Issuer were required to make additional provisions, increase its reserves or capital, or exit or change certain businesses, as a result of the full implementation of Basel III in South Africa and/or related regulatory changes that may be imposed in the future, this could have an adverse effect on the Issuer's business, financial condition and results of operations.

Notwithstanding the above, the Issuer has implemented numerous initiatives in preparation for the full implementation of Basel III in South Africa, and has internally assessed and provided, to the best of its ability, for the anticipated budgetary impacts of the full implementation of Basel III in South Africa.

Capital adequacy requirements

General

The Issuer is subject to the capital adequacy requirements set out in the Banks Act, as read with the Regulations Relating to Banks, which provide for a minimum target ratio of capital to risk-adjusted assets, which could limit its operations (see "*South African implementation of Basel III*" above).

The Issuer must, in terms of the Banks Act, as read with the Regulations Relating to Banks (see "*South African implementation of Basel III*" above) and Directive 05/2013 (see "*Directive 05/2013*" below), maintain a minimum level of capital based on risk-adjusted assets and off-balance-sheet exposures.

Any failure by the Issuer to maintain its capital adequacy ratios may result in sanctions against the Issuer which may in turn impact on its ability to fulfil its obligations under the Notes.

Directive 05/2013

A summary of certain of the provisions of Directive 05/2013 dated 26 April 2013 ("**Directive 05/2013**") is set out below:

Directive 05/2013 informs banks of matters related to the prescribed minimum required capital ratios and the application of various components of the minimum required capital ratios such as the systemic risk capital requirement ('Pillar 2A'), the domestic systemically important bank ('D-SIB') capital requirement, the countercyclical buffer range and the capital conservation buffer range. Directive 05/2013 also details the phase-in requirements for the prescribed minimum required capital ratios.

Annexure A of Directive 05/2013 stipulates the various capital tiers, together with various related elements specified in the Regulations Relating to Banks and in the Basel III Accord, including the systemic risk capital requirement (Pillar 2A), the bank-specific individual capital requirement ('ICR', also known as 'Pillar 2B'), and the phasing in of the related minimum requirements. The phase-in arrangements for the minimum requirements are set out in Annexure B of Directive 05/2013.

Regulation 38(8)(e)(ii) of the Regulations Relating to Banks prescribes that the capital requirement for systemic risk (that is Pillar 2A) will be specified by the Relevant Authority. The Pillar 2A requirement may therefore also be revised from time to time.

The Pillar 2A capital requirement was set at 1.5% of risk-weighted exposures (1% covered by Common Equity Tier 1 Capital and a further 0.5% by Additional Tier 1 Capital) for all banks at a total capital level with effect from 1 January 2013, after which it was increased to 2.0%. In order to ensure that factors related to systemic risk are not double counted, the Pillar 2A capital requirement will be adjusted during the phase-in period of the higher loss absorbency ('HLA') requirement for D-SIBs, which will come into effect from 1 January 2016, resulting in an appropriate reduction in some components of the Pillar 2A requirement over time.

Banks are notified that the combined total capital-adequacy requirement in respect of the Pillar 2A and the HLA requirement for D-SIBs will not exceed 2% for Common Equity Tier 1 Capital, 2.5% for Additional Tier 1 Capital and 3.5% in respect of the total capital adequacy ratio.

Banks should maintain an additional discretionary capital buffer above the specified minimum requirements, as envisaged in Regulation 38(8)(e)(vii) of the Regulations Relating to Banks, to ensure that the execution of internal business objectives or the occurrence of adverse external environmental factors do not prevent banks from operating above the relevant minima. The Relevant Authority will continue to monitor and assess the adequacy of this internal buffer against a bank's strategy, risk profile and levels of capital.

Banks are advised to take note of the fact that guidance will be provided on specific aspects of the new capital framework, should it become necessary, after the BCSB has finalised the consultative processes which are currently still under way.

Annexures A and B of Directive 05/2013 provide, among other things, for the capital adequacy ratios for 2016:

- CET 1 Capital Requirement: Minimum CET1 Ratio (per Basel III) = 4.5%; Pillar 2A for CET1 = 1.75%; Minimum CET1 plus Pillar 2A = $[4.5\% + 1.75\%] = 6.25\%$; Phasing in of D-SIB requirements at CET1 level = 25%; Capital conservation buffer = 0.625%; Countercyclical buffer (maximum % if imposed) = 0.625%.
- Tier 1 Capital Requirement: Minimum Tier 1 Ratio (per Basel III) = 6%; Pillar 2A for T1 = 1.5%; Minimum T1 plus Pillar 2A =

$[6\% + 1.5\%] = 7.5\%$; Phasing in of D-SIB requirements at Tier 1 level = 25%.

- Total Capital Requirement: Minimum Total Capital Ratio (per Basel III) = 8.0%; Pillar 2A for Total Capital = 1.75%; Minimum Total Capital plus Pillar 2A = $[8\% + 1.75\%] = 9.75\%$; Phasing in of specified D-SIB charge at Total Capital level = 25%.

These minimum 2016 capital requirements exclude any bank-specific individual capital requirement ('ICR', also known as 'Pillar 2B') for 2016.

The required minimum capital requirements will be phased in over a number of years and, as such, will change annually based on Directive 05/2013 (or any other relevant guidance note to be issued in the future by the Relevant Authority).

It is difficult for the Issuer to predict the precise effects of the changes that may result from the implementation of Basel III on the Issuer's calculations of capital, the impact of these revisions on other aspects of its operations or the impact on the pricing of the Notes.

GENERAL RISKS RELATING TO THE NOTES

Investment suitability

Investors in the Notes should have (either alone or with the help of a financial adviser) sufficient knowledge and experience in financial and business matters to meaningfully evaluate the merits and risks of investing in a particular issue of Notes and the information contained in or incorporated by reference into this Programme Memorandum, as well as access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their particular circumstances

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor in the Notes should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Programme Memorandum;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such an investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor in Notes should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Exchange rate risks and exchange controls

All payments (whether in respect of principal, interest or otherwise) in respect of a Tranche of Notes will be made in the Specified Currency. If a Tranche of Notes is denominated in a Specified Currency other than ZAR, certain risks may arise relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit ("**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency will decrease (a) the Investor's Currency-equivalent yield on the Notes, (b) the Investor's Currency equivalent value of the principal payable on the Notes and (c) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, Noteholders may receive less interest or principal in respect of the Notes than expected, or no interest or principal.

Legal investment considerations may restrict certain investments

The investment activities of certain investors in the Notes are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor in the Notes should consult its legal advisers to determine whether and to what extent (a) the Notes are legal investments for it, (b) the Notes can be used as collateral for various types of borrowing and (c)

other restrictions apply to its purchase or pledge of the Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Meetings of Noteholders

The Terms and Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who do not attend and vote at the relevant meeting and Noteholders who vote in a manner contrary to the majority.

Change of law

This Programme Memorandum, the Notes and the Applicable Terms and Conditions will be governed by, and construed in accordance with, the laws of South Africa. No assurance can be given as to the impact of any possible judicial decision or change to South African law or administrative practice in South Africa after the Programme Date.

Rating

The Programme is not rated. The Applicable Pricing Supplement will reflect the Rating which has been assigned to the Issuer as well as the Rating Agency or Rating Agencies which assigned such Rating. The Issuer will procure that any change to the Rating of the Issuer that occurs after the Programme Date is announced on SENS.

A Tranche of Notes may, on or before the Issue Date, be rated by a Rating Agency on a national scale or international scale basis. Unrated Tranches of Notes may also be issued. The Applicable Pricing Supplement will reflect the Rating, if any, which has been assigned to a Tranche of Notes, as well as the Rating Agency or Rating Agencies which assigned such Rating or Ratings.

Neither a Rating of the Issuer nor a Rating of a Tranche of Notes is a recommendation to subscribe for, buy, sell or hold any Notes, inasmuch as, among other things, a Rating does not comment on the market price or suitability of the Notes for a particular investor.

A Rating of a Tranche of Notes only addresses the likelihood that the aggregate outstanding Principal Amount of Notes in that Tranche will be fully repaid by the Maturity Date (if any) and that the interest (if any) payable in respect of such Notes will be paid on a timely basis. A Rating of a Tranche of Notes does not address the likelihood of repayment of the aggregate outstanding Principal Amount of such Notes before the Maturity Date (if any).

A Rating of the Issuer and/or a Tranche of Notes may be subject to suspension, reduction or withdrawal at any time by the assigning Rating Agency and, accordingly, there can be no assurance that a Rating of the Issuer and/or a Tranche of Notes will remain for any given period of time or that a Rating will not be lowered or withdrawn entirely by the Rating Agency if, in its judgment, circumstances in the future warrant such action.

There can be no assurance of any connection between a Rating on a national scale basis and a Rating on an international scale basis.

A Rating assigned to the Issuer and/or a Tranche of Notes by a rating agency that has not been requested by the Issuer to do so, may be lower than the equivalent Rating of the Issuer and/or that Tranche of Notes assigned by the Rating Agency, or such rating agency may rate the Issuer and/or a Tranche of Notes on an international scale basis which may be lower than the Rating on a national basis assigned to the Issuer and/or that Tranche of Notes by the Rating Agency. Any adverse change in the Rating of the Issuer and/or a Tranche of Notes could adversely affect the trading price of all or any of the Notes.

Listing of Registered Notes and limited liquidity

The Issuer may issue listed or unlisted Registered Notes. The continued listing of any Tranche of Registered Notes listed on the Interest Rate Market of the JSE and/or on any other Financial Exchange/s is subject to the rules of the relevant Financial Exchange/s in force from time to time. There can accordingly be no assurance that the listing of any Tranche of Registered Notes will continue until the Maturity Date (if any).

There may be a limited secondary market for the Notes. There can be no assurance that any secondary market for any of the Notes will continue until the Maturity Date (if any). Generally, Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors will have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. Consequently, a subscriber or purchaser must be prepared to hold its Notes until the Maturity Date (if any).

In addition, global credit market conditions may lead to a general lack of liquidity in the secondary market for instruments similar to the Notes. Such lack of liquidity may result in investors in the Notes suffering losses in secondary re-sales even if there is no decline in the performance of the assets of the Issuer.

Noteholders that trade in interest-bearing Notes during the period that the Register is closed prior to each Interest Payment Date, will need to reconcile any amounts payable on the following Interest Payment Date pursuant to a partial redemption of the Notes. As a result, secondary market liquidity of the Notes may reduce during this period.

Subordinated Notes are, as at the Programme Date, relatively new securities.

If Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer.

Registered Notes held in the Central Securities Depository

Each Tranche of unlisted Registered Notes and each Tranche of Registered Notes which is listed on the Interest Rate Market of the JSE will be issued in registered uncertificated form and will be held in the Central Securities Depository. The Noteholders of such Registered Notes (and the holders of Beneficial Interests in such Registered Notes) will have to rely on the CSD Procedures for transfer, payment and communication with the Issuer. Except in the circumstances described in the Terms and Conditions, the holders of Beneficial Interests in such Registered Notes will not be entitled to receive Certificates.

The Participants will maintain records of the Beneficial Interests in Registered Notes held in the Central Securities Depository. While Registered Notes are held in the Central Securities Depository, the holders of Beneficial Interests in such Registered Notes will be able to trade their Beneficial Interests only through the Central Securities Depository.

While Registered Notes are held in the Central Securities Depository, the Issuer will discharge its payment obligations under such Registered Notes by making payments to, or to the order of, the Central Securities Depository for distribution, via the Participants, to the holders of Beneficial Interests in such Registered Notes, in accordance with the CSD Procedures. A holder of a Beneficial Interest in Registered Notes must rely on the CSD Procedures to receive payments under such Registered Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, Beneficial Interests.

Holders of Beneficial Interests in Registered Notes must vote in accordance with the CSD Procedures. Holders of Beneficial Interests in Registered Notes must exercise their respective rights to vote through their respective Participants. The respective Participants will vote in accordance with the respective instructions conveyed to them by the respective holders of Beneficial Interests in Registered Notes, in accordance with the CSD Procedures.

The holder of a Beneficial Interest will only be entitled to exchange such Beneficial Interest for Registered Notes represented by a Certificate in accordance with Condition 15.1 (*Exchange of Beneficial Interests*).

Registered Notes represented by Certificates where the denominations involve integral multiples

If the aggregate Principal Amount of Registered Notes held by a Noteholder is equivalent to a fraction of the Specified Denomination or a fraction of any multiple thereof, the Certificate representing such Registered Notes will be issued in accordance with, and be governed by, the Applicable Procedures.

A Noteholder which holds Registered Notes in an aggregate Outstanding Principal Amount which is less than the minimum Specified Denomination may not receive a Certificate in respect of such holding and may need to purchase an additional Principal Amount of Registered Notes such that its total holding of such Registered Notes amounts to the minimum Specified Denomination.

A Noteholder which holds Registered Notes which are represented by a Certificate should be aware that, where such Registered Notes have a denomination which is a fraction of the Specified Denomination or a fraction of any multiple thereof, such Registered Notes may be illiquid and difficult to trade.

Recourse against the JSE

Registered Notes that are not listed on the Interest Rate Market of the JSE are not regulated by the JSE. The holders of Registered Notes that are not listed on the Interest Rate Market of the JSE will have no recourse against the JSE.

Non-recourse obligations

The Notes will be obligations solely of the Issuer. The Notes will not be obligations of, or the responsibility of, or guaranteed by, the Controlling Company or any other person.

Tax considerations

The Issuer has carried out (or will have carried out) all material steps reasonably necessary to ensure its general compliance with the current provisions of fiscal legislation (including the Income Tax Act, the Value-Added Tax Act and other fiscal provisions). Disclosure of the transactions entered into by the Issuer will be accounted for in terms of current requirements but no assurance can be given that the views of these bodies will not differ from the treatment adopted by the Issuer from time to time.

A summary of the more important fiscal provisions which may impact on the Notes as at the Programme Date is set out in the section of this Programme Memorandum headed "*Taxation*". The summary does not constitute tax advice.

Potential investors in the Notes should, before making an investment in the Notes, consult their own professional advisers as to the potential tax consequences of, and their tax positions in respect of, an investment in the Notes.

No representation, warranty and/or undertaking is given by the Issuer (or any other person) in respect of the fiscal treatment of acquiring, holding and/or disposing of Notes, and no liability and/or responsibility is assumed or accepted by the Issuer (or any other person) for the fiscal treatment of any aspect of the Notes in the hands of any Noteholder.

RISKS RELATING TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors in the Notes. The risks of a particular Tranche of Notes will depend on the Applicable Terms and Conditions of that Tranche of Notes, but may include, without limitation, the possibility of significant changes in the values of the applicable interest rates or other indices or formula. Prospective investors in the Notes could lose all or a substantial portion of their investment.

Such risks generally depend on factors over which the Issuer has no control and which cannot readily be foreseen, such as economic and political events and the supply of and demand for the relevant securities, assets or other property. Neither the current nor the historical price, value or performance of (a) the relevant interest rates or other indices or formulae, (b) the relevant classes of securities, assets or other property, or (c) the relevant entities should be taken as an indication of future price, value or performance during the term of any Tranche of Notes.

In addition, certain issues of Notes may not be an appropriate investment for investors in the Notes who are inexperienced with respect to:

- the applicable interest rate indices, currencies, other indices or formulas, or redemption or other rights or options; or
- investments where the amount of principal and/or interest payable (if any) is based on the price, value, performance or some other factor and/or the creditworthiness of one or more entities.

Notes subject to early redemption at the election of the Issuer

The Issuer may, in terms of and subject to the applicable provisions of Condition 9 (*Redemption and Purchase*), at its election, redeem a Tranche of Notes prior to the Maturity Date (if any) (see, in regard to Subordinated Notes, "*Risks relating to the Subordinated Notes*" – "*Redemption risk*" below), as more fully described in Condition 9 (*Redemption and Purchase*). These elective redemption features may limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any such redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the Interest Rate applicable to the Notes. In such circumstances an investor in the Notes may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that applicable to the relevant Notes. Potential investors in the Notes should consider reinvestment risk in light of other investments available at that time.

Any redemption of Subordinated Notes prior to the Maturity Date (if any) requires the prior written approval of the Relevant Authority (see "*Risks relating to the Subordinated Notes*" below).

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the market value of the Fixed Rate Notes.

Investment in Notes that bear interest at a rate that converts from a Fixed Interest Rate to a Floating Interest Rate (or *vice versa*) may affect the market value of the Notes. If the interest on the Notes is converted from a Fixed Interest Rate to a Floating Interest Rate, the spread on the Notes may be less favourable than then prevailing spreads on comparable Notes tied to the same reference rate. In addition, the new Floating Interest Rate at any time may be lower than the rates on other Notes. If the interest on the Notes is converted from a Floating Interest Rate to a Fixed Interest Rate, the new Fixed Interest Rate may be lower than then prevailing rates on other Notes.

See, in regard to Additional Tier 1 Notes, "*Risks relating to Additional Tier 1 Notes*" – "*Election not to pay interest on Additional Tier 1 Notes*" below.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable Interest Rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include these features.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium to their Principal Amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

ADDITIONAL RISKS RELATING TO SUBORDINATED NOTES

See "*The Basel III Accord and Capital Adequacy*" – "*South African implementation of Basel III*" above.

Capital Regulations

In order for the proceeds of the issue of a Tranche of Subordinated Notes to rank as Additional Tier 1 Capital or Tier 2 Capital, as the case may be, the Subordinated Notes must comply with the applicable Capital Regulations and such Additional Conditions (if any) as are prescribed by the Relevant Authority in respect of that Tranche of Subordinated Notes (see "South African implementation of Basel III" above).

Notes may be subordinated to most of the Issuer's liabilities

The payment obligations of the Issuer under Subordinated Notes will rank behind Unsubordinated Notes. In particular, (a) the payment obligations of the Issuer under Additional Tier 1 Notes will rank behind Unsubordinated Notes and Tier 2 Notes and (b) the payment obligations of the Issuer under Tier 2 Notes will rank behind Unsubordinated Notes. See Condition 5.2 (*Status of Tier 2 Notes*) and Condition 5.3 (*Status of the Additional Tier 1 Notes*) for a full description of the subordination of the payment obligations of the Issuer under Subordinated Notes.

As at the Programme Date, the relative subordinations of the various Capital Instruments issued by a bank are not entirely clear, although the importance of investor certainty in this regard has been recognized by the relevant authorities.

The above applies, in particular, to the specific relative subordinations between Common Equity Tier 1 Capital Instruments, Additional Tier 1 Capital Instruments, Tier 2 Capital Instruments (all "new-style" Capital Instruments, some of which are provided for under this Programme Memorandum) and Tier 1 Capital Instruments, Dated Tier 2 Capital Instruments, Undated Tier 2 Capital Instruments and Tier 3 Capital Instruments (all "old-style" Capital Instruments provided for under the Previous Programme Memorandum).

No limitation on issuing securities

There is no restriction on the amount of securities or indebtedness which the Issuer may issue or incur which rank senior to or *pari passu* with the Subordinated Notes in the event the Issuer is wound-up or placed under liquidation. The issue of any such securities or indebtedness may reduce the amount recoverable by Subordinated Noteholders in the event the Issuer is wound-up or placed under liquidation.

Winding-up and liquidation of the Issuer

If the Issuer is wound-up or placed under liquidation, whether voluntarily or involuntarily, Tier 2 Noteholders will not be entitled to any payments in respect of the Tier 2 Notes until the claims of Depositors and Senior Creditors which are admissible in any such winding-up or liquidation have been paid or discharged in full (see Condition 5.2.3 (*Subordination*)). If the Issuer does not have sufficient assets at the time of winding-up or liquidation to satisfy those claims, Tier 2 Noteholders will not receive any payment on the Tier 2 Notes.

If the Issuer is wound-up or placed under liquidation, whether voluntarily or involuntarily, Additional Tier 1 Noteholders will not be entitled to any payments in respect of the Additional Tier 1 Notes until the claims of Depositors, Senior Creditors and the holders of Subordinated Debt which are admissible in any such winding-up or liquidation have been paid or discharged in full (see Condition 5.3.3 (*Subordination*)). If the Issuer does not have sufficient assets at the time of winding-up or liquidation to satisfy those claims, Additional Tier 1 Noteholders will not receive any payment on the Additional Tier 1 Notes.

Redemption risk

If a Tax Event has occurred and is continuing, a Tranche of Subordinated Notes may (subject to the prior written approval of the Relevant Authority) be redeemed, at the election of the Issuer, in whole, but not in part, on the Early Redemption Date (Tax), at the Early Redemption Amount (Tax), as described in Condition 9.2 (*Redemption for tax reasons*).

If a Regulatory Event has occurred and is continuing, a Tranche of Subordinated Notes may (subject to the prior written approval of the Relevant Authority), be redeemed, at the election of the Issuer, in whole, but not in part, on the Early Redemption Date (Regulatory), at the Early Redemption Amount (Regulatory), as described in Condition 9.3 (*Redemption for regulatory reasons*).

In addition, If the Issuer Early Redemption Election is applicable to a Tranche of Subordinated Notes, the Issuer may (subject to the Issuer complying with the conditions to redemption set out in Condition 9.4.2 (*Subordinated Notes*)), at its election, redeem that Tranche of Subordinated Notes (in whole or in part), on the Early Redemption Date (Call), at the Early Redemption Amount (Call), as described in Condition 9.4 (*Redemption at the election of the Issuer*).

Subordinated Noteholders have no right to call for the redemption of Subordinated Notes.

Events of Default

If default is made in the payment of any principal or interest due on the Tier 2 Notes for a period of 5 (five) days or more after the date on which payment of such principal is due or 10 (ten) days or more after the date on which payment of such interest is due (as the case may be), any Tier 2 Noteholder may, subject to Condition 13.2 (*Events of Default relating to Tier 2 Notes*), at its discretion and without further notice, institute proceedings for the winding-up of the Issuer and/or prove in any winding-up of the Issuer, but take no other action in respect of that default.

Payments of principal and/or interest on the Tier 2 Notes may not be accelerated by any Tier 2 Noteholder except in the case of bankruptcy and/or liquidation of the Issuer.

If any step (including an application, a proposal or a convening of a meeting) is taken by any Person with a view to having the Issuer liquidated and an order is thereafter passed for the liquidation of the Issuer, all of the Tier 2 Notes shall be deemed, on the date on which such step is taken, to have been declared forthwith due and payable (whether or not due for payment and without further action or formality), at the Early Termination Amount (subject to Condition 5.2.3 (*Subordination*)), on and with effect from the day preceding the date on which such order for the liquidation of the Issuer is passed (see Condition 13.2 (*Events of Default relating to Tier 2 Notes*)).

If default is made in the payment of any principal or interest due on the Additional Tier 1 Notes for a period of 7 (seven) days or more after any date on which payment of such principal or such interest is due, each Additional Tier 1 Noteholder may, subject to Condition 13.3 (*Events of Default relating to Additional Tier 1 Notes*), at its discretion and without further notice, institute proceedings for the winding-up of the Issuer and/or prove in any winding-up of the Issuer, but may take no other action in respect of such default.

Loss Absorption PONV Requirements - occurrence of the Trigger Event

General

See "*The Basel III Accord and Capital Adequacy*" - "*South African implementation of Basel III*" – "*Guidance Note 07/2013*" above.

In terms of Regulations 38(13) and 38(14) of the Regulations Relating to Banks as read with Guidance Note 07/2013, Subordinated Notes will (at the Discretion of the Relevant Authority) be subject to Write-Off or Conversion upon the occurrence of the Trigger Event, which may result in Subordinated Noteholders losing some or all of their investment. The occurrence of the Trigger Event or any suggestion of any such occurrence could materially adversely affect the market price of Subordinated Notes.

Write-Off

Unless otherwise specified in the Applicable Pricing Supplement, Condition 10.18 (*Write-Off*) will apply to a Tranche of Subordinated Notes where Write-Off is specified in the Applicable Pricing Supplement as being applicable.

At the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), the Unpaid Amount will be Written Off and all of the Subordinated Notes or the Relevant Portion of the Subordinated Notes, as applicable, will be cancelled in the manner set out in Condition 10.18 (*Write-Off*).

If the Applicable Pricing Supplement specifies that compensation is to be paid to the relevant Subordinated Noteholders as a result of the Write-Off, such compensation will (unless otherwise specified in the Applicable Pricing Supplement) be paid to the relevant Subordinated Noteholders in the form of Controlling Company Ordinary Shares and (unless otherwise specified in the Applicable Pricing Supplement) the provisions of Condition 10.19 (*Conversion*) will apply *mutatis mutandis*.

If the Applicable Pricing Supplement does not specify that compensation is to be paid to the relevant Subordinated Noteholders as a result of the Write-Off, no compensation will be paid to the relevant Subordinated Noteholders as a result of the Write-Off.

Conversion

Unless otherwise specified in the Applicable Pricing Supplement, Condition 10.19 (*Conversion*) will apply to a Tranche of Subordinated Notes where Conversion is specified in the Applicable Pricing Supplement as being applicable.

As at the Programme Date, (i) the Issuer Ordinary Shares are not listed on the JSE or on any other Financial Exchange, (ii) the Issuer is a wholly owned subsidiary of the Controlling Company and (iii) the Controlling Company Ordinary Shares are listed on the JSE (see "*South African implementation of Basel III*" - "*Interpretation of Guidance Note 7*" above). The ordinary shares into which the Subordinated Notes must be Converted must therefore be Controlling Company Ordinary Shares.

At the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), all of the Subordinated Notes or the Relevant Portion of the Subordinated Notes, as applicable, will be Converted into Controlling Company Ordinary Shares in the manner set out in Condition 10.19 (*Conversion*).

Where, at the occurrence of the Trigger Event, the Conversion of the relevant Tranche of Subordinated Notes (i) cannot be undertaken for any reason or (ii) is not irrevocable or (iii) will not result in an immediate increase in the CET 1 Ratio, then the relevant Tranche of Subordinated Notes will, instead of being Converted, be Written Off, at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), *mutatis mutandis* in accordance with the provisions of Condition 10.18.2 (*Write-Off*).

Tax consequences

It should be noted that the tax consequences to the Subordinated Noteholder of the compulsory Conversion of Subordinated Notes into Controlling Company Ordinary Shares or the compulsory Write-Off of Subordinated Notes, upon the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), are complicated, and a ruling in this regard may need to be obtained from the South African Revenue Service. A summary of some of the possible tax consequences is set out in the section of this Programme Memorandum headed "Taxation". Prospective subscribers for or purchasers of any Subordinated Notes must consult their professional advisers in this regard.

ADDITIONAL RISKS RELATING TO ADDITIONAL TIER 1 NOTES

Election not to pay interest on Additional Tier 1 Notes

In terms of Regulation 38(13(b) of the Regulations Relating to Banks, the Issuer must at all times have full discretion regarding any payment of interest on the Additional Tier 1 Notes. Interest payments on the Additional Tier 1 Notes will not be cumulative.

Subject to Condition 7.2.4 (*Non-payment of interest*) (see the paragraph below), the Issuer may at any time elect not to pay the relevant Interest Amount (or any portion thereof) on the Additional Tier 1 Notes, on the relevant Interest Payment Date, as more particularly described in Condition 7.2 (*Non-payment of interest*).

In terms of Condition 7.2.4 (*Non-payment of interest*), the Issuer is obliged to elect not to pay the relevant Interest Amount, on the relevant Interest Payment Date, if the Issuer is in breach of the Capital Regulations on the Business Day prior to the relevant Interest Payment Date or would be in breach of the Capital Regulations if the relevant Interest Amount (or any portion thereof) were paid on the relevant Interest Payment Date.

Any interest not so paid on any such Interest Payment Date will be cancelled and will no longer be due and payable by the Issuer. A cancellation of interest pursuant to Condition 7.2 (*Non-payment of interest*) does not constitute an Event of Default under the Additional Tier 1 Notes for any purpose.

Any actual or anticipated cancellation of interest on the Additional Tier 1 Notes will likely have an adverse effect on the market price of the Additional Tier 1 Notes. In addition, as a result of the interest cancellation provisions of the Additional Tier 1 Notes, the market price of the Additional Tier 1 Notes may be more volatile than the market prices of other debt securities on which interest accrues that are not subject to such cancellation and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Restrictions following non-payment of interest on Additional Tier 1 Notes

For purposes of Condition 7.3 (*Restrictions following non-payment of interest on Additional Tier 1 Notes*), the Applicable Terms and Conditions of a Tranche of Additional Tier 1 Notes "shall not contain any feature that may hinder any potential future recapitalisation" (Regulation 38(13(b)(iv)(G) of the Regulations Relating to Banks) and any election not to pay the relevant Interest Amount (or any portion thereof) on the relevant Interest Payment Date in accordance with Condition 7.2 (*Non-payment of interest*) shall not impose any restriction on the Issuer or the Controlling Company "except in relation to a distribution to holders of more deeply subordinated shares or instruments" (Regulation 38(13(b)(vi)(C) of the Regulations Relating to Banks).

In terms of Condition 7.3 (*Restrictions following non-payment of interest on Additional Tier 1 Notes*), if the relevant Interest Amount (or any portion thereof) in respect of any Additional Tier 1 Notes has not been paid in full on the relevant Interest Payment Date pursuant to Condition 7.2 (*Non-payment of interest*), then from the relevant Interest Payment Date until the next Interest Payment Date of any Tranche of Additional Tier 1 Notes then in issue on which the Issuer has paid in full the Interest Amount due and payable on all Tranches of Additional Tier 1 Notes then in issue, neither the Issuer nor the Controlling Company will (and the Controlling Company will procure that no Group Company will):

- declare or pay a distribution or dividend or pay any interest on any Junior Securities other than:
 - Mandatory Preference Shares; or
 - any dividend which has been declared on any Junior Securities before the date of the notice to Noteholders referred to in Condition 7.2 (*Non-payment of interest*); or
 - intra-group dividends on any Junior Securities between Group Companies which are wholly-owned subsidiaries and to Group Companies which are holding companies, which can be paid at any time; PROVIDED THAT intra-group dividends may not be declared or paid on Issuer Ordinary Shares and/or Controlling Company Ordinary Shares the proceeds of which, in each instance, qualify (or are deemed under the Capital Regulations to qualify) as Common Equity Tier 1 Capital, except to the extent that such intra-group dividends are required to re-capitalise the Issuer; or
- redeem, purchase, reduce or otherwise acquire any Junior Securities or any securities of any of its Subsidiary undertakings benefiting from a guarantee from any other Group Company ranking (or deemed under the Capital Regulations to rank) as to the right of repayment of principal (in the case of such securities) or as to the payment of sums under any such guarantee (in the case of any such guarantee), as the case may be, junior to the Additional Tier 1 Notes.

The obligations of the Controlling Company under Condition 7.3 (*Restrictions following non-payment of interest on Additional Tier 1 Notes*) are enforceable by the Additional Tier 1 Noteholders pursuant to the Dividend Restriction Agreement and Condition 22 (*Benefits*).

Perpetual securities

The Additional Tier 1 Notes have no Maturity Date and will only be redeemed, at the aggregate Outstanding Principal Amount of the Additional Tier 1 Notes plus accrued interest (if any), on a winding-up or liquidation of the Issuer subject to and in accordance with the provisions of Condition 5.3.3 (*Subordination*).

The Additional Tier 1 Notes may only be redeemed, substituted, varied or purchased, prior to a winding-up or liquidation of the Issuer

in accordance with and subject to the provisions of Condition 9.2 (*Redemption for tax reasons*), Condition 9.3 (*Redemption for regulatory reasons*), Condition 9.4 (*Redemption at the election of the Issuer*) or Condition 9.5 (*Substitution or variation of Additional Tier 1 Notes*), as applicable. Noteholders may therefore be required to bear the risks of an investment in the Additional Tier 1 Notes for an indefinite period of time.

Substitution or variation

If a Tax Event or a Regulatory Event, as the case may be, has occurred and is continuing, then the Issuer may, at its election, instead of giving notice to redeem a Tranche of Additional Tier 1 Notes pursuant to the Condition 9.2 (*Redemption for tax reasons*) or Condition 9.3 (*Redemption for regulatory reasons*), as the case may be, subject to the Issuer satisfying the conditions set out in Condition 9.6 (*Conditions to substitution or variation of Additional Tier 1 Notes*), substitute at any time all (but not some only) of the Additional Tier 1 Notes in that Tranche for, or vary the Applicable Terms and Conditions of that Tranche of Additional Tier 1 Notes so that they remain, Qualifying Additional Tier 1 Capital Securities or become Qualifying Tier 2 Capital Securities, as more fully described in Condition 9.5 (*Substitution or variation of Additional Tier 1 Notes*).

RISKS RELATING TO OTHER NOTES

The amount of interest payable in respect of a Tranche of Fixed Rate Notes for any Interest Period shall be the Fixed Coupon Amount.

8.1.4. *Calculation of Interest Amount*

The Interest Amount payable in respect of a Tranche of Fixed Rate Notes for any Interest Period for which a Fixed Coupon Amount is not specified will be determined by multiplying the Fixed Interest Rate applicable to that Tranche of Fixed Rate Notes by its Outstanding Principal Amount, then multiplying the product by the applicable Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

8.2. Floating Rate Note Provisions

8.2.1. *Application*

This Condition 8.2 is applicable to a Tranche of Notes only if the Floating Rate Note Provisions are specified in the Applicable Pricing Supplement as being applicable.

8.2.2. *Accrual of interest*

- 8.2.2.1. A Tranche of Floating Rate Notes will bear interest on its aggregate Outstanding Principal Amount, at the Floating Interest Rate, for the period from (and including) the Interest Commencement Date to (but excluding) the Redemption Date. The interest due on a Tranche of Floating Rate Notes in respect of an Interest Period will be payable in arrear on the Interest Payment Date in respect of that Interest Period. The first payment of interest will be made on the First Interest Payment Date.

- 8.2.2.2. The Floating Interest Rate applicable from time to time to a Tranche of Floating Rate Notes will be determined (and specified in the Applicable Pricing Supplement):

- 8.2.2.2.1. on the basis of ISDA Determination; or

- 8.2.2.2.2. on the basis of Screen Rate Determination; or

- 8.2.2.2.3. on such other basis as may be determined by the Issuer and specified in the Applicable Pricing Supplement.

8.2.3. *Screen Rate Determination*

Where Screen Rate Determination is specified in the Applicable Pricing Supplement as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate applicable to a Tranche of Floating Rate Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- 8.2.3.1. if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Rate Determination Date;
- 8.2.3.2. in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Rate Determination Date;
- 8.2.3.3. if, in the case of Condition 8.2.3.1, the Reference Rate does not appear on the Relevant Screen Page or, in the case of Condition 8.2.3.2, fewer than two Reference Rates appear on the Relevant Screen Page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - 8.2.3.3.1. request the principal office, in the Relevant Financial Centre, of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Rate Determination Date to prime banks in the Relevant Financial Centre inter-bank market in an amount that is representative for a single transaction in that market at that time; and
 - 8.2.3.3.2. determine the arithmetic mean of such quotations;
- 8.2.3.4. if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11h00 (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading banks in the Principal Financial Centre of the Specified Currency for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, and the Floating Interest Rate for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Floating Interest Rate applicable to the relevant Tranche of Floating Rate Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the relevant Tranche of Floating Rate Notes in respect of a preceding Interest Period.

8.2.4. *ISDA Determination*

If ISDA Determination is specified in the Applicable Pricing Supplement as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate applicable to a Tranche of Floating Rate Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- 8.2.4.1. the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the Applicable Pricing Supplement;
- 8.2.4.2. the Designated Maturity (as defined in the ISDA Definitions) is the period specified in the Applicable Pricing Supplement; and
- 8.2.4.3. the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) or the Johannesburg inter-bank offered rate (JIBAR), as the case may be, for a currency, the first day of that Interest Period or (B) in any other case, as specified in the Applicable Pricing Supplement.

8.2.5. *Maximum or Minimum Floating Interest Rate*

If any Maximum Floating Interest Rate or Minimum Floating Interest Rate is specified in the Applicable Pricing Supplement, then the Floating Interest Rate applicable to a Tranche of Floating Rate Notes shall in no event be greater than the maximum or be less than the minimum so specified.

8.2.6. *Calculation of Interest Amount*

- 8.2.6.1. The Calculation Agent will, on or as soon as practicable after each Rate Determination Date or Reset Date, as applicable, but in any event not later than 3 (three) Business Days after that Rate Determination Date or that Reset Date, as applicable, calculate the Interest Amount payable in respect of a Tranche of Floating Rate Notes for such Interest Period.

- 8.2.6.2. The Interest Amount payable in respect of a Tranche of Floating Rate Notes for an Interest Period will be determined by multiplying the Floating Interest Rate applicable to that Tranche of Floating Rate Notes by its Outstanding Principal Amount, then multiplying the product by the applicable Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

8.3. **Mixed Rate Notes**

- 8.3.1. A Tranche of Fixed Rate Notes will bear interest on its Outstanding Principal Amount at (i) the Fixed Interest Rate specified in (or calculated in the manner set out in) the Applicable Pricing Supplement (during the Interest Period/s in respect of which the Interest Rate is a Fixed Interest Rate) or (ii) the Floating Interest Rate specified in (or calculated in the manner set out in) the Applicable Pricing Supplement (during the Interest Period/s in respect of which the Interest Rate is a Floating Interest Rate), as the case may be, for the period from (and including) the Interest Commencement Date to (but excluding) the Redemption Date.
- 8.3.2. A Tranche of Mixed Rate Notes will bear interest at (i) a Fixed Interest Rate for such Interest Period/s as is/are specified for this purpose in the Applicable Pricing Supplement and (ii) a Floating Interest Rate for such Interest Period/s as is/are specified for this purpose in the Applicable Pricing Supplement.
- 8.3.3. A Tranche of Mixed Rate Notes shall (i) for the Interest Period/s during which that Tranche bears interest at a Fixed Interest Rate, be construed for all purposes as a Tranche of Fixed Rate Notes and (ii) for the Interest Period/s during which that Tranche bears interest at a Floating Interest Rate, be construed for all purposes as a Tranche of Floating Rate Notes.

8.4. **Other Notes**

The Applicable Pricing Supplement relating to any other Tranche of Notes not specifically provided for in the Terms and Conditions will set out, among other things, the manner in which the interest and/or other amounts payable in respect of that Tranche are to be calculated, the Interest Commencement Date (and/or other payment commencement date), the Interest Payment Date/s (and/or other payment date/s) and the Interest Period/s (and/or other payment period/s).

8.5. **Default interest**

- 8.5.1. If payment of principal (or the relevant portion thereof) and/or interest due and payable in respect of a Tranche of interest-bearing Notes (or the relevant Notes in that Tranche) is improperly withheld or refused, the overdue principal (or the relevant portion thereof) and/or interest will bear interest at the Default Rate from (and including) such due date for payment to (but excluding) the Actual Payment Date.
- 8.5.2. If payment of principal (or the relevant portion thereof) due and payable in respect of a Tranche of Zero Coupon Notes (or the relevant Zero Coupon Notes in that Tranche) is improperly withheld or refused then, unless otherwise specified in the Applicable Pricing Supplement, the amount of principal (or the relevant portion thereof) shall thereafter be an amount equal to the sum of (i) the Reference Price (or the relevant portion thereof) and (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price (or the relevant portion thereof) on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) the Actual Payment Date.

8.6. **General**

8.6.1. *Calculation of other amounts*

If the Applicable Pricing Supplement specifies that any other amount, rate, index and/or formula in relation to a Tranche of Notes is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount, rate, index and/or formula is to be determined, calculate the relevant amount, rate, index and/or formula in the manner specified in the Applicable Pricing Supplement.

8.6.2. *Fall-back Rate of Interest*

Unless otherwise specified in the relevant Applicable Pricing Supplement, if the Calculation Agent is unable to determine a rate (or, as the case may be, the arithmetic mean of rates) in accordance with the above provisions of this Condition 8, the Interest Rate applicable to the relevant Tranche of Notes during the relevant Interest Period will be the Interest Rate applicable to the relevant Tranche of Notes during the immediately preceding Interest Period (with adjustment for any change in the Margin, Maximum Interest Rate or Minimum Interest Rate).

8.6.3. *Notification of the Floating Interest Rate and each Interest Amount*

- 8.6.3.1. The Calculation Agent will cause each Floating Interest Rate (in the case of a Tranche of Floating Rate Notes) and each Interest Amount determined by it (and any other amount/s required to be determined by it) to be notified to the Paying Agent and (in the manner set out in Condition 19 (*Notices*)) the Noteholders of the relevant Tranche of Notes and, if the relevant Tranche of Notes is listed on the Interest Rate Market of the JSE, the JSE and the Central

Securities Depository, as soon as practicable after such determination but in any event not later than 3 (three) Business Days after the Rate Determination Date or the Reset Date, as applicable (in the case of the determination of the Floating Interest Rate applicable to a Tranche of Floating Rate Notes) and not later than 3 (three) Business Days before the Interest Payment Date (in the case of the determination of the Interest Amount).

- 8.6.3.2. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. Any such amendment will be promptly notified to the Issuer and (in the manner set out in Condition 19 (*Notices*)) the Noteholders and, if the relevant Tranche of Notes is listed on the Interest Rate Market of the JSE, the JSE and the Central Securities Depository. If the Interest Amount is less than the minimum Specified Denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Interest Amount in respect of a Note having the minimum Specified Denomination.

8.6.4. *Certificates to be final*

All communications, notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8 by the Calculation Agent will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer and the Noteholders and (subject as aforesaid) no liability to the Issuer or the Noteholders will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to the provisions of this Condition 8.

9. REDEMPTION AND PURCHASE

9.1. Scheduled redemption

- 9.1.1. Unless previously redeemed, or purchased and cancelled pursuant to this Condition 9 below, a Tranche of Notes (other than Additional Tier 1 Notes) will be redeemed by the Issuer, at the Final Redemption Amount, on the Maturity Date.
- 9.1.2. A Tranche of Additional Tier 1 Notes must be issued without a Maturity Date and (without prejudice to the provisions of Condition 13.3 (*Events of Default relating to the Additional Tier 1 Notes*)):
- 9.1.2.1. shall only be redeemed, at the aggregate Outstanding Principal Amount of that Tranche plus accrued interest (if any), on a winding-up (other than pursuant to a Solvent Reconstruction) or liquidation of the Issuer subject to Condition 5.3.3 (*Subordination*);
- 9.1.2.2. may only be redeemed, substituted, varied or purchased, prior to a winding-up or liquidation of the Issuer, in accordance with and subject to the provisions of Condition 9.2 (*Redemption for tax reasons*), Condition 9.3 (*Redemption for regulatory reasons*), Condition 9.4 (*Redemption at the election of the Issuer*) or Condition 9.5 (*Substitution or variation of Additional Tier 1 Notes*), as applicable.

9.2. Redemption for tax reasons

- 9.2.1. If a Tax Event has occurred and is continuing, a Tranche of Notes may (subject, in the case of a Tranche of Subordinated Notes, to the prior written approval of the Relevant Authority) be redeemed, at the election of the Issuer, (in whole but not in part), subject to the Issuer having given not less than 30 nor more than 60 days' notice to the Noteholders of that Tranche (which notice shall be irrevocable) in accordance with Condition 19 (*Notices*) and to the Transfer Agent and the Paying Agent, on the Early Redemption Date (Tax)), at the Early Redemption Amount (Tax), provided that no such notice of redemption shall be given earlier than:
- 9.2.1.1. where the Early Redemption Date (Tax) is an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts or would not be entitled (or such entitlement is materially reduced) to claim a deduction in respect of computing its taxation liabilities; or
- 9.2.1.2. where the Early Redemption Date (Tax) is not an Interest Payment Date, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts or would not be entitled (or such entitlement is materially reduced) to claim a deduction in respect of computing its taxation liabilities.
- 9.2.2. Prior to the publication of any notice of redemption pursuant to Condition 9.2.1, the Issuer shall deliver to the relevant Noteholders in accordance with Condition 19 (*Notices*) (A) a certificate signed by two authorised officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent advisers of recognised standing to the effect that a Tax Event has occurred. Upon the expiry of the notice referred to in Condition 9.2.1, the Issuer shall be bound to redeem the Notes in accordance with this Condition 9.2.

9.3. Redemption for regulatory reasons

- 9.3.1. If a Regulatory Event has occurred and is continuing, a Tranche of Subordinated Notes may (subject to the prior written approval of the Relevant Authority), be redeemed, at the election of the Issuer (in whole but not in part), subject to the

Issuer having given not less than 30 nor more than 60 days' notice to the Noteholders of that Tranche (which notice shall be irrevocable) in accordance with Condition 19 (*Notices*) and to the Transfer Agent and the Paying Agent, on the Early Redemption Date (Regulatory), at the Early Redemption Amount (Regulatory).

- 9.3.2. Prior to the publication of any notice of redemption pursuant to Condition 9.3.1, the Issuer shall deliver to the relevant Noteholders in accordance with Condition 19 (*Notices*) (A) a certificate signed by two authorised officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and B) unless the Relevant Authority has confirmed to the Issuer that the proceeds of the issue of the relevant Notes are not eligible to qualify as the relevant class of Eligible Capital of the Issuer on a solo and/or a consolidated basis, an opinion of independent advisers of recognised standing to the effect that a Regulatory Event has occurred. Upon the expiry of the notice referred to in Condition 9.3.1, the Issuer shall be bound to redeem the Notes in accordance with this Condition 9.3.

9.4. **Redemption at the election of the Issuer**

9.4.1. *Unsubordinated Notes*

If the Issuer Early Redemption Election is applicable to a Tranche of Unsubordinated Notes, the Issuer may, at its election, having given not less than the period of notice specified in the Applicable Pricing Supplement to the Paying Agent, the Transfer Agent, and the relevant Noteholders in accordance with Condition 19 (*Notices*), redeem that Tranche of Unsubordinated Notes in whole or, if so specified in the Applicable Pricing Supplement, in part, on the Early Redemption Date (Call) at the Early Redemption Amount (Call).

9.4.2. *Subordinated Notes*

If the Issuer Early Redemption Election is applicable to a Tranche of Subordinated Notes, the Issuer may at its election, having given not less than the period of notice specified in the Applicable Pricing Supplement to the Paying Agent, the Transfer Agent, and the Noteholders of that Tranche in accordance with Condition 19 (*Notices*), redeem that Tranche of Subordinated Notes in whole or, if so specified in the Applicable Pricing Supplement, in part, on the Early Redemption Date (Call), at the Early Redemption Amount (Call); provided that:

- 9.4.2.1. no Early Redemption Date (Call) shall fall earlier than the date being 5 (five) years and 1 (one) day after the Issue Date;
- 9.4.2.2. the Issuer shall obtain the prior written approval of the Relevant Authority before exercising the Issuer Early Redemption Election;
- 9.4.2.3. the Issuer shall not (and does not) create any expectation that the Issuer Early Redemption Election will be exercised; and
- 9.4.2.4. the Issuer shall not exercise the Issuer Early Redemption Election unless:
 - 9.4.2.4.1. the Issuer concurrently replaces that Tranche of Subordinated Notes (or the relevant part of that Tranche of Subordinated Notes if that Tranche of Subordinated Notes is proposed to be redeemed in part) with capital of similar or better quality and the replacement of capital is done at conditions that are sustainable for the income capacity of the Issuer; or
 - 9.4.2.4.2. the Issuer demonstrates to the satisfaction of the Relevant Authority that the Issuer's capital position will be well above the relevant specified minimum capital requirements after the Issuer Early Redemption Election is exercised.

9.5. **Substitution or variation of Additional Tier 1 Notes**

- 9.5.1. If a Tax Event or a Regulatory Event, as the case may be, has occurred and is continuing, then the Issuer may, at its election, instead of giving notice to redeem a Tranche of Additional Tier 1 Notes pursuant to the Condition 9.2 (*Redemption for tax reasons*) or Condition 9.3 (*Redemption for regulatory reasons*), as the case may be, subject to the Issuer satisfying the conditions set out in Condition 9.6 (*Conditions to substitution or variation of Additional Tier 1 Notes*) (but without any requirement for the consent or approval of any Noteholder), having given not less than 60 nor more than 90 days' notice to the Transfer Agent, the Paying Agent and the Noteholders of that Tranche of Additional Tier 1 Notes in accordance with Condition 19 (*Notices*) (which notice shall be irrevocable), substitute at any time all (but not some only) of the Additional Tier 1 Notes in that Tranche for, or vary the Applicable Terms and Conditions of that Tranche of Additional Tier 1 Notes so that they remain, Qualifying Additional Tier 1 Capital Securities or become Qualifying Tier 2 Capital Securities.
- 9.5.2. The Issuer shall, in connection with any substitution or variation of a Tranche of Additional Tier 1 Notes in accordance with this Condition 9.5, comply with the JSE Rules and/or the JSE Debt Listings Requirements, as applicable, and/or the rules of any additional or other Financial Exchange on which that Tranche of Additional Tier 1 Notes is listed.

9.6. Conditions to substitution or variation of Additional Tier 1 Notes

A Tranche of Additional Tier 1 Notes may only be substituted or varied by the Issuer pursuant to Condition 9.5 (*Substitution or variation of Additional Tier 1 Notes*) if:

- 9.6.1. the Issuer has notified the Relevant Authority of its intention to substitute or vary that Tranche of Additional Tier 1 Notes at least one month (or such other period, longer or shorter, as the Relevant Authority may then require or accept) prior to the date scheduled for substitution or variation of that Tranche of Additional Tier 1 Notes and written approval has been received from the Relevant Authority; and
- 9.6.2. both at the time when the notice of substitution or variation of that Tranche of Additional Tier 1 Notes is given and immediately following the substitution or variation of that Tranche of Additional Tier 1 Notes, the Issuer is or will be (as the case may be) in compliance with its capital adequacy requirements as provided in the Capital Regulations (except to the extent that the Relevant Authority no longer so requires) as confirmed by the Relevant Authority.

9.7. Redemption at the election of Noteholders

- 9.7.1. If the Noteholder Early Redemption Election is specified in the Applicable Pricing Supplement as being applicable to a Tranche of Unsubordinated Notes or a Tranche of Bearer Notes or a Tranche of Order Notes, as applicable ("**relevant Tranche**"), a Noteholder of any Notes in the relevant Tranche ("**relevant Noteholder**") may, at its election (but subject to Condition 9.7.2) require the Issuer to redeem all or any of the Notes in the relevant Tranche (as specified in the Noteholder Early Redemption Notice) ("**relevant Notes**"), in whole or in part (as specified in the Noteholder Early Redemption Notice), on the Early Redemption Date (Put), at the Early Redemption Amount (Put).
- 9.7.2. In order to exercise the Noteholder Early Redemption Election, the relevant Noteholder must, not less than 30 (thirty) nor more than 60 (sixty) days before the Early Redemption Date (Put), send the duly completed Noteholder Early Redemption Notice (in the form obtainable from the Issuer or attached to the Applicable Pricing Supplement, as the case may be), together with (where applicable) a copy of the Certificate (if any) representing the relevant Notes or (where applicable) a copy of the Bearer Certificate or Order Certificate, as the case may be, representing and embodying the relevant Notes, to the Issuer, with a copy of the Noteholder Early Redemption Notice to the Transfer Agent and the Paying Agent
- 9.7.3. No Certificate representing the relevant Notes which has been surrendered to the Transfer Agent in accordance with Condition 11.2.4 (*Surrender of Certificates*), if applicable, and no Bearer Certificate or Order Certificate, as applicable, representing and embodying the relevant Notes which has been presented and surrendered to the Paying Agent in accordance with Condition 11.3 (*Payments – Bearer Notes*) or Condition 11.4 (*Payments – Order Notes*), as applicable, may be withdrawn; provided that if, prior to the Early Redemption Date (Put), the relevant Notes become immediately due and payable or payment of the relevant redemption monies is improperly withheld or refused, such Certificate, Bearer Certificate or Order Certificate, as the case may be, shall, without prejudice to the exercise of the Noteholder Early Redemption Election, be returned to the relevant Noteholder by uninsured mail (airmail if overseas) at the address specified by the relevant Noteholder in the Noteholder Early Redemption Notice.

9.8. Redemption of a portion of the Notes and redemption of some, but not all, of the Notes in a Tranche

- 9.8.1. If only a portion of a Tranche of Notes (or only a portion of any Notes in that Tranche) are to be redeemed prior to the Maturity Date (if any) in terms of this Condition 9, the Redemption Amount of each such Note shall be the Redemption Amount of that Tranche of Notes (calculated as if that Tranche of Notes were to be redeemed in whole) multiplied by that portion (expressed as a percentage) divided by the total number of Notes in that Tranche.
- 9.8.2. Where only some, but not all, of the Notes in a Tranche of Notes are to be redeemed prior to the Maturity Date (if any) in terms of this Condition 9, the Redemption Amount of each such Note shall be the Redemption Amount of that Tranche of Notes divided by the total number of Notes in that Tranche.

9.9. Early redemption of Zero Coupon Notes

- 9.9.1. Unless otherwise specified in the Applicable Pricing Supplement, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of (i) the Reference Price and (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the Redemption Date.
- 9.9.2. Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period which is less than a full year shall be made on the basis of the Day Count Fraction specified in the Applicable Pricing Supplement for the purposes of this Condition 9.9 or, if none is so specified, a Day Count Fraction of 30E/360.

9.10. No other redemption

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in this Condition 9 above.

9.11. Purchase

9.11.1. Subordinated Notes

- 9.11.1.1. In terms of Regulations 38(13)(b)(iv)(E) and 38(14)(a)(iv)(F) of the Regulations Relating to Banks ("**relevant Regulations**"), no Subordinated Notes may be held or acquired by the Issuer or any person "*related to or associated with*" the Issuer or over which the Issuer "*exercises or may exercise control or significant influence*".
- 9.11.1.2. There is uncertainty regarding the interpretation and ambit of the relevant Regulations, particularly in light of the fact that, where Conversion applies to a Tranche of Subordinated Notes upon the occurrence of the Trigger Event, the Controlling Company is obliged to acquire that Tranche of Subordinated Notes.
- 9.11.1.3. Circular C6/2014 clarifies some (but not all) of the uncertainty regarding the interpretation and ambit of the relevant Regulations.
- 9.11.1.4. Circular C6/2014 provides that, in the context only of the relevant Regulations, "*associated*" "*relates to the relevant bank or controlling company or a related party over which the bank and/or controlling company exercises or may exercise control or significant influence. The term therefore excludes a shareholder of the bank or controlling company itself; as the bank or controlling company has no control or significant influence over such a shareholder*".
- 9.11.1.5. The term "*associated*" in the Circular C6/2014 extract above would appear to mean that in order for "*any person*" to be "*related to or associated with*" the Issuer, that person must be a person over which the Issuer and/or the Controlling Company "*exercises or may exercise control or significant influence*".
- 9.11.1.6. The phrase "*or over which the bank exercises or may exercise control or significant influence*" in Regulations 38(13)(b)(iv)(E) and 38(14)(a)(iv)(F) would therefore now appear not to be a third category of restricted person but a qualification required for a person to be "*related to or associated with*" the Issuer and/or the Controlling Company.
- 9.11.1.7. It would appear (although this is not certain) that the relevant Regulations (as read with Circular C6/2014) appears to allow the Controlling Company to purchase or acquire or hold Subordinated Notes.
- 9.11.1.8. It is clear that, in terms of the relevant Regulations (as read with Circular C6/2014), neither the Issuer nor any of its Subsidiaries may at any time purchase or acquire or hold Subordinated Notes.
- 9.11.1.9. No other proscribed entity referred to in the relevant Regulations (as read with Circular C6/2014) may purchase or acquire or hold any Subordinated Notes.

9.11.2. Unsubordinated Notes

The Issuer or any of its Subsidiaries may at any time purchase Unsubordinated Notes in the open market or otherwise and at any price. In the event of the Issuer purchasing Unsubordinated Notes, such Unsubordinated Notes may (subject to the restrictions of any Applicable Law) be held, resold or, at the election of the Issuer, cancelled. Unsubordinated Notes purchased by any of the Issuer's Subsidiaries may be held or resold.

9.12. Cancellation

All Notes which are redeemed or (in the case of Unsubordinated Notes) purchased by the Issuer and, at the election of the Issuer, cancelled (as contemplated in Condition 9.11.2 (*Purchase*)) will forthwith be cancelled and may not be re-issued or resold. Each Certificate (if any) representing any Registered Notes which are cancelled or, following a partial redemption, partially cancelled, shall be forwarded to the Transfer Agent for cancellation. The Transfer Agent shall, in respect of a Tranche of Registered Notes which is listed on the Interest Rate Market of the JSE, notify the Central Securities Depository and the JSE of any cancellation, partial redemption or redemption of Registered Notes in that Tranche so that such entities can record the reduction in the aggregate Outstanding Principal Amount of the Notes in issue. Where only a portion of Registered Notes represented by a Certificate is redeemed, the Transfer Agent shall deliver a new Certificate to the holder of such Registered Notes representing the balance of such Registered Notes, as contemplated in Condition 16.1.2 (*Transfer of Registered Notes represented by Certificates*).

9.13. Beneficial Interests

The redemption of Beneficial Interests shall take place in accordance with the Financial Markets Act and the Applicable Procedures.

10. OCCURRENCE OF THE TRIGGER EVENT

- 10.1. This Condition 10 applies only to Subordinated Notes. Unless otherwise specified in the Applicable Pricing Supplement, Condition 10.2 to Condition 10.17 inclusive below shall apply irrespective of whether Write-Off or Conversion, as the case may be, is specified in the Applicable Pricing Supplement as being applicable to a Tranche of Subordinated Notes.
- 10.2. The provisions of this Condition 10 are based on or extracted from Regulations 38(13) and 38(14) of the Regulations Relating to Banks as at the Programme Date as read with Guidance Note 07/2013. Where any of the provisions of Regulations 38(13) and/or 38(14) of the Regulations Relating to Banks and/or Guidance Note 07/2013 are amended, re-

enacted or replaced and/or substituted from time to time by the Relevant Authority, the corresponding provisions of this Condition 10 shall, unless otherwise specified in the Applicable Pricing Supplement, automatically be deemed to have been amended to provide for such amendments, re-enactments, replacements and/or substitutions.

- 10.3. The Applicable Terms and Conditions of a Tranche of Subordinated Notes shall contain a provision that requires that Tranche of Subordinated Notes, at the occurrence of a "trigger event" (at the discretion of the Relevant Authority), to either (i) be written off ("**Write-Off**", and "**Written Off**" shall be construed accordingly) or (ii) be converted to the most subordinated form of equity ("**Conversion**", and "**Converted**" shall be construed accordingly).
- 10.4. The Issuer will specify in the Applicable Pricing Supplement whether a Tranche of Subordinated Notes will, at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), be Written Off or Converted, as envisaged in Regulation 38(13)(b)(i) and Regulation 38(14)(a)(i) of the Regulations Relating to Banks.
- 10.5. Unless otherwise specified in the Applicable Pricing Supplement, the "trigger event" for a Tranche of Additional Tier 1 Notes which are accounted as equity (if any) and a Tranche of Tier 2 Notes, respectively, will be the occurrence of the "trigger event" specified in writing by the Relevant Authority (as contemplated in Regulation 38(13)(b)(i) and Regulation 38(14)(a)(i), respectively, of the Regulations Relating to Banks); provided that, as a minimum, the aforesaid "trigger event" shall be the earlier of:

 - 10.5.2. the decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by the Relevant Authority,

as contemplated in sub-paragraph (iii) of the Proviso to Regulation 38(13)(b)(i) and sub-paragraph (iii) of the Proviso to Regulation 38(14)(a)(i), respectively, of the Regulations Relating to Banks.

 - 10.6.1.2. the decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by the Relevant Authority,

as contemplated in sub-paragraph (iii) of the proviso to Regulation 38(13)(b)(i) of the Regulations Relating to Banks; or
 - 10.6.2. the Common Equity Tier 1 ratio of the Issuer ("**CET 1 Ratio**") is equal to or falls below 5.875% of risk-weighted exposures.
- 10.7. The Relevant Authority will notify the Issuer in writing once the Relevant Authority determines that the Trigger Event has occurred.
- 10.8. The Issuer will, as soon as may be practicable after the Issuer has been notified by the Relevant Authority of the occurrence of the Trigger Event in respect of a Tranche of Subordinated Notes ("**relevant Tranche of Subordinated Notes**"), notify the Subordinated Noteholders of the relevant Tranche of Subordinated Notes ("**relevant Subordinated Noteholders**"), in accordance with Condition 19 (*Notices*), of the occurrence of the Trigger Event and the Unpaid Amount.
- 10.9. Notwithstanding the occurrence of the Trigger Event, the Relevant Authority has a discretion ("**Discretion**") to (i) take action and allow the Write-Off or Conversion to occur in order to effect an increase the CET1 Ratio such that the Issuer will be deemed by the Relevant Authority to be viable again or (ii) take no action and not require the Write-Off or Conversion to occur.
- 10.10. Write-Off or Conversion of Subordinated Notes need only occur up until the point where the Issuer is deemed by the Relevant Authority to be viable again, as specified in writing by the Relevant Authority.

- 10.12. The Relevant Authority will also determine whether, at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), the entire aggregate Outstanding Principal Amount of the relevant Tranche of Subordinated Notes ("**Total Principal Amount**") or a portion of the Total Principal Amount ("**Relevant Portion of the Principal Amount**") will be Written Off or Converted, as applicable, such determination to be based on the book value of the relevant Tranche of Subordinated

- 10.13. The "**Unpaid Amount**", in relation to the relevant Tranche of Subordinated Notes, will be the sum of the Total Principal Amount or the Relevant Portion of the Principal Amount, as the case may be, plus all accrued but unpaid interest on the Total Principal Amount or the Relevant Portion of the Principal Amount, as the case may be, as at the occurrence of the Trigger Event. The "**Relevant Portion of the Unpaid Amount**", in relation to each relevant Subordinated Noteholder, will be the Unpaid Amount multiplied by the number of Subordinated Note/s in the relevant Tranche of Subordinated Notes held by that relevant Subordinated Noteholder divided by the total number of Subordinated Notes in the relevant Tranche of Subordinated Notes.

- 10.16. If the Issuer has both Tier 2 Notes and other shares and/or instruments the proceeds of which rank as Tier 2 Capital ("**Other Tier 2 Capital Instruments**") in issue which are subject to Write-Off or Conversion, as applicable, the Tier 2 Notes and the Other Tier 2 Capital Instruments will be treated *pan passu*, and a partial Write-Off or Conversion may occur at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), up to the point where the Issuer is deemed by the Relevant Authority to be viable again, as specified in writing by the Relevant Authority.
- 10.17. If the Issuer has both Additional Tier 1 Notes and other shares and/or instruments the proceeds of which rank as Additional Tier 1 Capital ("**Other Additional Tier 1 Capital Instruments**") in issue which are subject to Write-Off or Conversion, as applicable, the Additional Tier 1 Notes and the Other Additional Tier 1 Capital Instruments will be treated *pari passu*, and a partial Write-Off or Conversion may occur at the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), up to the point where the Issuer is deemed by the Relevant Authority to be viable again, as specified in writing by the Relevant Authority.
- 10.18. **Write-Off**

 - 21.1.3.1. by Ordinary Resolution of all of the Noteholders, to give instructions to the Issuer in respect of any matter not covered by the Applicable Terms and Conditions (including any of the Terms and Conditions) (but without derogating from the powers or discretions expressly conferred upon the Issuer by the Applicable Terms and Conditions or imposing obligations on the Issuer not imposed or contemplated by the Applicable Terms and Conditions or otherwise conflicting with or inconsistent with the provisions of the Applicable Terms and Conditions);
 - 21.1.3.2. by Extraordinary Resolution of all of the Noteholders, to bind all of the Noteholders to any compromise or arrangement;

- 21.1.3.9. by Extraordinary Resolution of all of the Subordinated Noteholders of Subordinated Notes to which Conversion is applicable (as contemplated in Condition 10.19 (*Conversion*)), to waive any breach or authorise any proposed breach by the Issuer and/or the Controlling Company of its/their obligations under the Conversion Agreement;

- 21.1.4. Unless otherwise specified in the Terms and Conditions (and subject to Condition 21.1.3), resolutions of all of the Noteholders or the relevant Group/s of Noteholders (as applicable) will require an Ordinary Resolution to be passed.

21.2. Convening of meeting

- 21.2.1. The Issuer may at any time convene a meeting.
- 21.2.2. The Issuer will convene (i) a meeting of all of the Noteholders upon the requisition in writing of Noteholders holding not less than 10% of the aggregate Outstanding Principal Amount of all of the Notes or (ii) a separate meeting of any Group/s of Noteholders upon the requisition in writing of the Noteholders in such Group/s of Noteholders holding not less than 10% of the aggregate Outstanding Principal Amount of the Notes in the relevant Tranche/s of Notes held by such Group/s of Noteholders, as the case may be (each such requisition, a "**requisition notice**").
- 21.2.3. A requisition notice will state the nature of the business for which the meeting is to be held, the resolutions to be proposed and considered at the meeting and the place at which the meeting is to be held, and will be deposited at the Specified Office of the Issuer. A requisition notice may consist of several documents in like form, each signed by one or more requisitionists.

21.3. Convening of meetings by requisitionists

If the Issuer does not convene a meeting within 30 (thirty) days of the deposit of a requisition notice, the requisitionists may themselves convene the meeting, but the meeting so convened will be held within 90 (ninety) days from the date of such deposit and will be convened as nearly as possible in the same manner as that in which meetings may be convened by the Issuer. Whenever the requisitionists are about to so convene any such meeting, requisitionists shall forthwith give notice of the meeting to the Issuer and to all of the Noteholders or the relevant Group/s of Noteholders (as applicable) in accordance with Condition 21.4.

21.4. Notice of meeting

The Issuer will, whenever it wishes (or is required) to convene a meeting, forthwith give at least 21 (twenty one) days' written notice thereof (exclusive of the day on which the notice is given and of the day on which the meeting is held) (in the manner set out in Condition 19 (*Notices*)) to all of the Noteholders or the relevant Group/s of Noteholders (as applicable), specifying the place, day and time of the meeting, the nature of the business for which the meeting is to be held and the resolutions to be proposed and considered at the meeting; provided that the holders of at least 90% of the aggregate Outstanding Principal Amount of all of the Notes or the Notes in the relevant Tranche/s of Notes held by the relevant Group/s of Noteholders (as applicable), may agree in writing to a shorter period. In addition to the applicable notice requirements set out in Condition 19 (*Notices*), all notices of meetings of all of the Noteholders or the relevant Group/s of Noteholders (as applicable) shall be published on SENS.

21.5. Place of meeting

Unless otherwise specified in the relevant notice, all meetings will be held in Johannesburg.

21.6. Quorum

- 21.6.1. A quorum at a meeting shall:
 - 21.6.1.1. for the purposes of considering an Ordinary Resolution, consist of Noteholders present in person or by proxy and holding in the aggregate not less than one-third of the Outstanding Principal Amount of all of the Notes or the Notes in the relevant Tranche/s of Notes held by the relevant Group/s of Noteholders (as applicable);
 - 21.6.1.2. for the purposes of considering an Extraordinary Resolution, consist of Noteholders present in person or by proxy and holding in the aggregate not less than a clear majority of the Outstanding Principal Amount of all of the Notes or the Notes in the relevant Tranche/s of Notes held by the relevant Group/s of Noteholders (as applicable).
- 21.6.2. No business will be transacted at a meeting of the Noteholders unless a quorum is present at the time when the meeting proceeds to business.
- 21.6.3. If, within 15 (fifteen) minutes from the time appointed for the meeting, a quorum is not present, the meeting will, if it was

convened on the requisition of Noteholders, be dissolved. In every other case the meeting will stand adjourned to the same day in the second week thereafter, at the same time and place, or if that day is not a Business Day, the next succeeding Business Day. If at such adjourned meeting a quorum is not present the Noteholders present in person or by proxy at such adjourned meeting will constitute a quorum for the purpose of considering any resolution, including an Ordinary Resolution and a Special Resolution.

21.7. **Chairman**

A person (who may, but need not, be a Noteholder) nominated in writing by the Issuer will preside as chairman at a meeting. If that person is not present within 15 (fifteen) minutes after the time fixed for the holding of the meeting, the Noteholders then present will choose one of themselves to preside as chairman. The procedures to be followed at the meeting shall be as determined by the chairman subject to this Condition 21. The chairman of an adjourned meeting need not be the same person as was the chairman of the original meeting.

21.8. **Adjournment**

- 21.8.1. Subject to the provisions of this Condition 21, the chairman may, with the consent of, and will if directed by, the Noteholders then present at the meeting, adjourn the meeting from time to time and from place to place.
- 21.8.2. No business will be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
- 21.8.3. At least 14 (fourteen) days' written notice of any meeting adjourned through want of a quorum will be given in the same manner as of the original meeting and such notice will state that the Noteholders present in person or by proxy at the adjourned meeting will constitute a quorum. Otherwise it shall not be necessary to give notice of an adjourned meeting.

21.9. **How resolutions are decided**

At a meeting, a resolution put to the vote will be decided on a poll. In the case of an equality of votes, the chairman will not be entitled to a casting vote in addition to the vote, if any, to which he is entitled.

21.10. **Votes**

- 21.10.1. Voting of all of the Noteholders or the Noteholders in the relevant Group/s of Noteholders (as applicable) shall only take place on a poll and not on a show of hands. On a poll every Noteholder (subject to Condition 21.10.3), present in person or by proxy, will be entitled to that proportion of the total votes which the Outstanding Principal Amount of the Notes held by such Noteholder bears to the Outstanding Principal Amount of all of the Notes or the Notes in the relevant Tranche/s of Notes held by the relevant Group/s of Noteholders (as applicable).
- 21.10.2. The holders of Beneficial Interests in Notes must vote in accordance with the CSD Procedures. Holders of Beneficial Interests in Notes must exercise their respective rights to vote through their respective Participants. The respective Participants will vote in accordance with the respective instructions conveyed to them by the respective holders of Beneficial Interests in Notes, in accordance with the CSD Procedures.
- 21.10.3. The provisions of Condition 9.11.1 (*Subordinated Notes*) apply to the purchase or acquisition of Subordinated Notes by the Issuer and its Subsidiaries. The Controlling Company will not have any voting rights in respect of any Subordinated Notes held by it. Neither the Controlling Company nor the Issuer nor any of the Issuer's Subsidiaries will have any voting rights in respect of any Unsubordinated Notes held by them.

21.11. **Proxies and representatives**

- 21.11.1. Noteholders present at a meeting either in person or by proxy may vote on a poll. A Noteholder may by an instrument in writing (a "**proxy form**") signed by the Noteholder or, in the case of a juristic person, signed on its behalf by a duly authorised officer of the juristic person, appoint any person (a "**proxy**" or "**proxies**") to act on his or its behalf in connection with any meeting or proposed meeting.
- 21.11.2. A person appointed to act as proxy need not be a Noteholder.
- 21.11.3. The proxy form will be deposited at the Specified Office of the Issuer not less than 24 (twenty four) hours before the time appointed for holding the meeting or adjourned meeting at which the person named in such proxy proposes to vote.
- 21.11.4. No proxy form will be valid after the expiration of 6 (six) months from the date named in it as the date of its execution.
- 21.11.5. Notwithstanding Condition 21.11.4, a proxy form will be valid for any adjourned meeting, unless the contrary is stated thereon.
- 21.11.6. A vote given in accordance with the terms of a proxy form will be valid notwithstanding the previous death or incapacity of the principal or revocation or amendment of the proxy form or of any of the Noteholder's instructions pursuant to which the proxy form was executed or of the authority under which the proxy form was executed or the transfer of the Notes in respect of which the proxy was given, provided that no intimation in writing of such death, incapacity, revocation or amendment shall have been received by the Issuer at its Specified Office, more than, and that the transfer has been

given effect to less than, 12 (twelve) hours before the commencement of the meeting or adjourned meeting at which the proxy is to be used.

- 21.11.7. Any Noteholder which is a juristic person may, by resolution of its directors or other governing body, authorise any person to act as its representative in connection with any meeting or proposed meeting. Any reference in the Terms and Conditions to a Noteholder present at a meeting in person includes the duly authorised representative of a Noteholder which is a juristic person.

21.12. **Binding effect of resolutions**

A resolution passed at a meeting of all of the Noteholders or the relevant Group/s of Noteholders (as applicable) duly convened and held in accordance with the provisions of this Condition 21 is binding on all of the Noteholders or the relevant Group/s of Noteholders (as applicable), whether present or not present at any such meeting, and each of such Noteholders shall be bound to give effect thereto accordingly. The passing of any such resolution shall be conclusive evidence (unless the contrary is proved) that the circumstances of such resolution justify the passing of it.

21.13. **Minutes**

The Issuer will cause minutes of all resolutions and proceedings of meetings to be duly entered in books to be provided by the Issuer for that purpose. Any such minutes, if purporting to be signed by the chairman of the meeting at which such resolutions were passed or proceedings held or by the chairman of the next succeeding meeting, will be receivable in evidence without any further proof, and until the contrary is proved, a meeting of all of the Noteholders or the relevant Group/s of Noteholders (as applicable) in respect of the proceedings of which minutes have been so made will be deemed to have been duly held and convened and all resolutions passed thereat, or proceedings held, to have been duly passed and held.

21.14. **Signed resolution**

A resolution in writing signed by or on behalf of all of the Noteholders or the relevant Group/s of Noteholders (as applicable) shall be as valid and effectual as an Extraordinary Resolution passed at a meeting of such Noteholders duly convened and held in accordance with the provisions contained in this Condition 21.

22. **BENEFITS**

- 22.1. The provisions of the Conversion Agreement which confer benefits on a Noteholder of Subordinated Notes to which Conversion into Controlling Company Ordinary Shares is applicable (as contemplated in Condition 10.19 (*Conversion*)), constitute stipulations for the benefit of that Noteholder, and that Noteholder, upon its subscription for such Subordinated Notes and the issue of such Subordinated Notes to it, or upon the transfer of any of such Subordinated Notes to it, as the case may be, shall be deemed to have notice of the Conversion Agreement and shall be deemed to have accepted such benefits, and shall accordingly have the benefit of all those provisions of the Conversion Agreement which confer rights on that Noteholder and be bound by all those provisions (if any) of the Conversion Agreement which impose obligations and/or restrictions on that Noteholder.
- 22.2. The provisions of the Dividend Restriction Agreement which confer benefits on an Additional Tier 1 Noteholder constitute stipulations for the benefit of that Additional Tier 1 Noteholder, and that Additional Tier 1 Noteholder, upon its subscription for Additional Tier 1 Notes and the issue of Additional Tier 1 Notes to it, or upon the transfer of any Additional Tier 1 Notes to it, as the case may be, shall be deemed to have notice of the Dividend Restriction Agreement and shall be deemed to have accepted such benefits, and shall accordingly have the benefit of all those provisions of the Dividend Restriction Agreement which confer rights on that Additional Tier 1 Noteholder and be bound by all those provisions (if any) of the Dividend Restriction Agreement which impose obligations and/or restrictions on that Additional Tier 1 Noteholder.

23. **TAP ISSUES**

The Issuer shall be at liberty from time to time, without the consent of any Noteholder, to create and issue a Tranche of Notes ("**Additional Notes**") having terms and conditions which are identical to any other Tranche of Notes already in issue under the Programme ("**Existing Notes**") (save for their respective Issue Dates, Issue Prices and aggregate Principal Amounts), so that the Additional Notes (i) are consolidated with the Existing Notes and form part of the same Tranche of Existing Notes and (ii) rank *pari passu* in all respects with the Existing Notes.

24. **SEVERABILITY**

Should any of the Applicable Terms and Conditions be, or become, invalid, the validity of the remaining Applicable Terms and Conditions shall not be affected in any way.

25. **GOVERNING LAW**

The directors of Nedbank Group and the Issuer as at the Programme Date ("**Board**") are:

Vassi Naidoo (Non-executive Chairman)

Thomas Andrew Boardman (Non-executive Director)

Mfundo Clement Nkuhlu (Chief Operating Officer)

David Kwame Tandoh Adomakoh (Independent Non-executive Director)

Michael William Thomas Brown (Chief Executive Officer)

Ian David Gladman (Non-executive Director)

Joel Khathutshelo Netshitenzhe (Independent Non-executive Director)

Brian Anthony Dames (Independent Non-executive Director)

Mantsika Amelia Matooane (Independent Non-executive Director)

Paul Brendan Hanratty (Non-executive Director)

Stanley Subramoney (Independent Non-executive Director)

Bruce Hemphill (Non-executive Director)

Malcolm Ian Wyman (Senior Independent Non-executive Director)

COMPLIANCE WITH KING III

The Issuer endeavours at all times to apply the principles of the King III Code of Corporate Governance ("**King III**") to all aspects of the Issuer's business.

The directors of Nedbank Group as at the Programme Date are the same as the directors of the Issuer as at the Programme Date

("Board") (see "Directors" above).

During the period under review, the Board again indicated that it was satisfied with the way in which (among other Group Companies) the Issuer applied the recommendations of King III or put alternative measures in place. In terms of the JSE Equity Listings Requirements, Nedbank Group (as the Issuer's JSE-listed "controlling company") is required to provide an explanation of how the King III principles were applied and, should these not have been applied, to provide reasons and an indication of alternative measures taken. There are 75 such principles that apply to the Group (which includes the Issuer) and a comprehensive statement outlining the approach of the Group (which includes the Issuer) to each is included in the supplementary governance information available at www.nedbankgroup.co.za.

Independence of Chairman

The current Chairman is not independent as defined by the King III governance codes, as he serves on the board of the Group's parent company, Old Mutual plc. For such circumstances, the position of Lead Independent Director was created in 2007. This is currently held by Malcolm Wyman.

Non-executive directors' remuneration

The Board has considered the King III recommendations and deliberated whether the remuneration of non-executive directors should comprise a base fee and an attendance fee per meeting. The Board is of the view that this requirement is less pertinent to non-executive directors of the Issuer because of the greater responsibilities associated with being a director of a bank and the requirement for Board members to provide input on an ongoing basis, over and above attendance of Board meetings.

The manner in which directors on the Board are selected, the internal discipline and regular independent evaluation continue to ensure high levels of commitment among Board members. Accordingly, the directors on the Board are paid an annual fee for their services.

Independence of Board members

The majority of the Board members are non-executive directors and as at 31 December 2013 there were four independent and six non-independent non-executive directors on the Board. The composition of the Board is monitored and discussed by the directors on the Board on an ongoing basis to ensure that Board members have the correct skills and experience and that the mix of non-executive directors and independent non-executive directors is enhanced. Whilst the recruitment of additional independent non-executive directors is being progressed, the Board believes that the current composition is sufficiently robust to ensure that shareholder interests (including minority interests) are protected.

The Board provides for independent and objective input into the decision making process, thereby ensuring that no single director holds unfettered decision making powers. During 2013, the Board internally assessed the status of the independent non-executive directors on the Board and was satisfied that these Board members met the criteria of independent directors in terms of King III. Independence is debated by the Directors' Affairs Committee following detailed analysis of the circumstances of all the independent non-executive directors on the Board.

King III recommends that Board committees should comprise a majority of non-executive directors, the majority of whom should be independent. Board committees should also be chaired by independent non-executive directors. As at 31 December 2013, the Board committees did not comply with King III in the following respects:

- The Information Technology Committee was chaired by a non-executive director who was not independent. However, on 1 January 2014, the chairman of the Information Technology Committee, Tom Boardman, was classified as an independent director.
- Only non-executive directors are members of the Transformation, Social and Ethics Committee, but the majority of them were not independent. In addition, the Transformation, Social and Ethics Committee is chaired by a non-executive director who is not independent. However, with effect from 1 January 2014, the composition of the Transformation, Social and Ethics Committee comprised a majority of independent non-executive directors.
- The Credit Committee is chaired by a non-executive director who was not independent. Whilst there is a majority of non-executive directors on the Credit Committee, the majority of these are not independent non-executive directors.
- The Risk and Capital Management Committee is chaired by a non-executive director who is not independent.
- The Directors' Affairs Committee is chaired by a non-executive director who is not independent. Independent directors are in the minority in terms of composition of the Directors' Affairs Committee.

Whilst compliance with King III is not always met, the Board is satisfied that the Board committees are appropriately constituted given the expertise and experience of the committee chairpersons and committee members.

BOARD APPOINTMENTS

The appointment of directors to the Board takes place via a formal and transparent process in line with Board appointment policy. The entire Board is involved in this process, with assistance provided by the Directors' Affairs Committee. Appointments of directors

to the Board are made with due cognisance of the need to ensure that the Board comprises a diverse range of skills, knowledge and expertise, has the requisite independence, appropriate demographic representation, and comprises the relevant balance of skills and expertise, and the professional and industry knowledge, necessary to meet the Group's strategic objectives. Non-executive directors are given no fixed term of appointment, although all directors are subject to retirement by rotation in terms of the relevant memorandum of incorporation. Re-appointment of non-executive directors is not automatic. Executive directors are subject to six-month notice periods except for the Chief Executive who is subject to a 12-month notice period. An executive director is required to retire from the Board at age 60, while a non-executive director is required to retire at age 70.

In terms of Group policy, non-executive directors on the Board, and independent non-executive directors on the Board who have served on the Board for longer than nine years, are required to retire from the Board.

Executive directors on the Board are discouraged from holding directorships outside the Group.

SETTLEMENT, CLEARING AND TRANSFERS OF REGISTERED NOTES

REGISTERED NOTES HELD IN THE CENTRAL SECURITIES DEPOSITORY

Clearing systems

Each Tranche of Registered Notes which is listed on the Interest Rate Market of the JSE and each Tranche of unlisted Notes will be held in the Central Securities Depository. The Central Securities Depository is the operator of an electronic clearing system and has been appointed by the JSE to match, clear and facilitate the settlement of transactions concluded on the Interest Rate Market of the JSE.

Each Tranche of Registered Notes which is held in the Central Securities Depository will be issued, cleared and transferred in accordance with the Applicable Procedures through the electronic settlement system of the Central Securities Depository. Each such Tranche of Registered Notes will be settled through Participants who will comply with the electronic settlement procedures prescribed by the JSE and the Central Securities Depository. The Issuer will adhere to the recognised and standardised electronic clearing and settlement procedures of the JSE and the Central Securities Depository. Registered Notes may be accepted for clearance through any additional clearing system as may be agreed between the JSE, the Issuer and the Dealer/s.

Participants

The Central Securities Depository maintains accounts only for Participants. As at the Programme Date, the Participants are the South African Reserve Bank, Standard Chartered Bank Johannesburg Branch, Société Generale, Citibank N.A., South Africa Branch, FirstRand Bank Limited, Nedbank Limited and The Standard Bank of South Africa Limited. Euroclear and Clearstream will settle offshore transfers through their nominated Participant.

Participants are responsible for the settlement of scrip and payment transfers through the Central Securities Depository, the Interest Rate Market of the JSE and the South African Reserve Bank.

Payments

Payments of all amounts in respect of a Tranche of Registered Notes which is held in the Central Securities Depository will be made to the Central Securities Depository, which in turn will transfer such funds, via the Participants, to the holders of Beneficial Interests in such Registered Notes, in accordance with the CSD Procedures.

Each of the persons reflected in the records of the Central Securities Depository or the relevant Participant, as the case may be, as the holders of Beneficial Interests in Registered Notes shall look solely to the Central Securities Depository or the relevant Participant, as the case may be, for such person's share of each payment so made by (or on behalf of) the Issuer to, or for the order of, the Central Securities Depository.

Transfers and exchanges of Beneficial Interests

The Participants will maintain records of the Beneficial Interests in Registered Notes held in the Central Securities Depository.

Title to Beneficial Interests held by clients of Participants indirectly through such Participants will pass on transfer thereof by electronic book entry in the securities accounts maintained by such Participants for such clients. Title to Beneficial Interests held by Participants directly through the Central Securities Depository will pass on transfer thereof by electronic book entry in the central securities accounts maintained by the Central Securities Depository for such Participants.

Beneficial Interests may be transferred only in accordance with the CSD Procedures.

Subject to the Financial Markets Act, Beneficial Interests may be exchanged for Registered Notes represented by Certificates in accordance with Condition 15.1 (*Exchange of Beneficial Interests*).

REGISTERED NOTES LISTED ON ANY OTHER FINANCIAL EXCHANGE

Each Tranche of Registered Notes which is listed on any Financial Exchange other than (or in addition to) the Interest Rate Market of the JSE will be issued, cleared and settled in accordance with the rules and settlement procedures for the time being of that Financial Exchange. The settlement and redemption procedures for a Tranche of Registered Notes which is listed on any Financial Exchange (other than or in addition to the Interest Rate Market of the JSE) will be specified in the Applicable Pricing Supplement.

If a Tranche of Registered Notes which is listed on any Financial Exchange (other than the Interest Rate Market of the JSE) may, in terms of the rules of that Financial Exchange and Applicable Laws, be lodged in a central securities depository and/or issued in uncertificated form, the relevant procedures (including those relating to beneficial ownership interests in that Tranche of Registered Notes) will be set out in the Applicable Pricing Supplement.

TAXATION

The summary in this section headed "Taxation" below is intended to deal with the more important fiscal provisions that could be relevant on the treatment of the Notes from a fiscal perspective as at the Programme Date. The contents of this section headed "Taxation" are not intended to and do not constitute tax advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or holder of or purchaser of Notes. Prospective Noteholders of Notes should consult their professional advisers in this regard.

SECURITIES TRANSFER TAX

The issue, transfer and redemption of the Notes will not attract securities transfer tax under the Securities Transfer Tax Act, 2007. Any future transfer duties and/or taxes that may be introduced in respect of (or be applicable to) the transfer and/or redemption of the Notes will be for the account of the Noteholders.

INCOME TAX - TREATMENT OF PREMIUM AND/OR DISCOUNT AS WELL AS INTEREST ON THE NOTES

The taxation of "interest" is regulated by section 24J of the Income Tax Act, 1962 ("**Income Tax Act**") on the basis that interest must be accounted for in the hands of a Noteholder on a yield-to-maturity basis. For tax purposes "interest" as defined in section 24J of the Income Tax Act ("**Interest**") has a wide meaning and includes, among other things, not just interest and related finance charges, but also any discount or premium payable or receivable in terms of or in respect of a financial arrangement.

However, to the extent that a Noteholder is a "covered person" as defined in section 24JB of the Income Tax Act, the Noteholder should apply the provisions of section 24JB of the Income Tax Act instead.

A different treatment applies in the hands of the Issuer as the Issuer must account for financial instruments on a mark-to-market basis consistent with accounting principles as set out in section 24JB of the Income Tax Act.

Original issue discount or premium

Any discount that arises pursuant to the original issue of the Notes will be treated as Interest for tax purposes, and the amount of the discount will be deemed to accrue to the Noteholder on a yield to maturity basis as if such Noteholder were to hold the Notes until the Maturity Date (if any).

Any original issue premium over the Principal Amount of the Notes will also be treated as Interest for tax purposes and will be taken into account in calculating the return to the Noteholder on a yield to maturity basis as if such Noteholder were to hold the Notes until the Maturity Date (if any).

Interest on the Notes

A "*resident*" (as defined in section 1 of the Income Tax Act) ("**Resident**") will, subject to any available exemptions, be taxed on its worldwide income. Accordingly, a Resident Noteholder will be liable for income tax, subject to available exemptions, on any income received or accrued in respect of the Notes held by that Resident Noteholder in the relevant year of assessment of that Resident Noteholder.

A person who or which is not a Resident ("**Non-Resident**") is taxed in South Africa under the Income Tax Act only on income from a source within or deemed to be sourced within South Africa, subject to any relief available in any applicable convention concluded between the Government of the Republic of South Africa and the relevant other contracting state for the avoidance of double taxation ("**DTA**").

Interest which, during the relevant year of assessment of a Non-Resident Noteholder, is received or accrued in respect of Notes which are held by that Non-Resident Noteholder may be regarded as being from a South African source.

However, Interest which, during the relevant year of assessment of a Non-Resident Noteholder, is received or accrued in respect of the Notes which are held by that Non-Resident Noteholder should be exempt from income tax under section 10(1)(h) of the Income Tax Act (see, however, the Withholding Tax on Interest paid to a Non-Resident under "*Withholding tax*" below).

The section 10(1)(h) exemption will not apply to a Non-Resident Noteholder if:

- a) that Non-Resident Noteholder is a natural person who was physically present in South Africa for a period exceeding 183 calendar days in aggregate during the relevant year of assessment;
- b) the debt from which the Interest arises is effectively connected to a permanent establishment of that Non-Resident Noteholder in South Africa.

If a Non-Resident Noteholder does not qualify for the exemption under section 10(1)(h) of the Income Tax Act, (a) that Non-Resident Noteholder should be exempt from the Withholding Tax on Interest paid to Non-Residents (see "*Withholding tax*" below), (b) an exemption from or reduction of tax liability under the Income Tax Act may be available under an applicable DTA and (c) certain

entities may, in any event, be exempt from income tax.

Prospective Non-Resident Noteholders must consult their own professional advisers as to whether the interest income earned on Notes to be held by them will be exempt under section 10(1)(h) of the Income Tax Act or under an applicable DTA.

As regards liability for the withholding tax on Interest paid to Non-resident Noteholders, see "*Withholding tax*" below.

Re-characterisation of Interest

Certain anti-avoidance provisions have been inserted into the Income Tax Act which have the result that interest is re-characterised as dividends. In such event, the interest is deemed to be a dividend *in specie* declared and paid by the Issuer on the last day of the year of assessment of the Issuer and not deductible in terms of the Income Tax Act. The interest is also re-characterised in the hands of the Noteholder and is deemed to have accrued to the Noteholder in the form of a dividend *in specie* that is declared and paid to the Noteholder on the last of the year of assessment of the Issuer. These deeming provisions do not apply to Subordinated Notes.

Interest is re-characterised to the extent that one is dealing with a hybrid debt instrument or hybrid interest. A hybrid debt instrument is, amongst others, an instrument in terms of which an Issuer owes an amount if –

- the Issuer is entitled or obliged to –
 - convert the instrument (or any part thereof) in any year of assessment to; or
 - exchange the instrument (or any part thereof) in any year of assessment for, shares unless the market value of the shares is equal to the amount owed in terms of the instrument at the time of conversion of exchange;
- the obligation to pay an amount in respect of the instrument is conditional upon the market value of the assets of the Issuer not being less than the market value of the liabilities of the Issuer; or
- the Issuer owes the amount to a connected person in relation to the Issuer and is not obliged to redeem the instrument, excluding any instrument payable on demand, within 30 years from the date of the issue of the instrument or from the end of that year of assessment.

Interest is also re-characterised as a dividend *in specie* if one is dealing with hybrid interest. The concept of hybrid interest is, amongst others, defined in relation to a debt owed by the Issuer as –

- any interest where the amount of the interest is not determined with reference to a specified rate of interest or not determined with reference to the time value of money; or
- if the rate of interest has in terms of the instrument been raised by reason of an increase in the profits of the Issuer, so much of the amount of interest as has been determined with reference to the raised rate of interest as exceeds the amount of interest that would have been determined with reference to the lowest rate of interest in terms of that instrument during the current year of assessment and the previous five years of assessment; or
- should one be dealing with a hybrid debt instrument, the interest will be deemed to be a dividend *in specie* that is declared by the Issuer and accrued to the Noteholder on the last day of the year of assessment of the Issuer.

Withholding tax

In terms of Part IVB of the amended Income Tax Act, a withholding tax on Interest paid to Non-Residents (at a rate of 15% of the amount of the Interest) ("**Withholding Tax**") came into effect on 1 March 2015.

Interest which, during the relevant year of assessment of a Non-Resident Noteholder, is received or accrued in respect of Notes which are held by that Non-Resident Noteholder may be regarded as being from a South African source.

The Issuer is entitled to request a Noteholder to confirm its tax residency and whether any withholding or deduction is in fact required in terms of any applicable DTA.

Subject to any Withholding Tax relief provided for in the Income Tax Act (see the paragraph below) or an applicable DTA, the Withholding Tax will be imposed in respect of all payments of Interest from a South African source to Non-Residents (other than payments of Interest to a Non-Resident who is not entitled to the section 10(1)(h) exemption referred to under "*Income tax - treatment of premium and/or discount as well as interest on the Notes*" above and which Non-Resident is therefore liable for the payment of income tax on such Interest).

However, payments of Interest under Notes held by Non-Resident Noteholders will be exempt from Withholding Tax if (among other exemptions) such Notes are listed on a "*recognised exchange*" or are issued by a South African bank (subject to the exclusion of back to back transactions as envisaged by section 50D(2) of the Income Tax Act). The Issuer is a South African bank. The JSE is a "*recognised exchange*".

Subject to the paragraph above, payments of Interest under Notes held by Non-Resident Noteholders will be exempt from

Withholding Tax.

Conversion or Write-Off of Subordinated Notes

It should be noted that the tax consequences to the Subordinated Noteholder of the compulsory Conversion of Subordinated Notes into Controlling Company Ordinary Shares or the compulsory Write-Off of Subordinated Notes, upon the occurrence of the Trigger Event (at the Discretion of the Relevant Authority), are complicated, and a ruling in this regard may need to be obtained from the South African Revenue Service.

A summary of some of the possible tax consequences of the compulsory Write-Off of Subordinated Notes is set out below. Prospective subscribers for or purchasers of any Subordinated Notes must consult their professional advisers in this regard.

Conversion of Subordinated Notes

To the extent that Subordinated Notes are Converted into Controlling Company Ordinary Shares, the Conversion may potentially be regarded as a disposal for tax purposes, resulting in a tax liability for the Noteholder of Subordinated Notes.

The "conversion" of an asset is specifically indicated in the capital gains tax provisions of the Income Tax to constitute a disposal. In addition, even though there may be an exemption applying to the conversion of preference shares into ordinary shares, the South African Revenue Service, in its Capital Gains Tax Guide, has specifically indicated that there will be an adjusted gain or loss pursuant to the conversion of a debenture (or a debt instrument such as the Subordinated Notes). This adjusted gain or loss is deemed to accrue in the year of transfer or redemption.

The Capital Gains Tax Guide indicates that, even if the "right" to convert a debenture (or a debt instrument such as the Subordinated Notes) into an ordinary share is acquired upfront, a capital gain or loss will have to be determined at the time of conversion. A similar consequence may arise to the extent that the Subordinated Notes are held on revenue account. To the extent that cash does not flow pursuant to the Conversion, there is also a risk that the mere Conversion may not be seen to be full discharge by the Issuer of its obligations under the Subordinated Notes.

Write-Off of Subordinated Notes

To the extent that Subordinated Notes are Written Off (on the basis that the Issuer is no longer obliged to pay the relevant amount to the Noteholders of the Subordinated Notes) this will be a realisation which will have tax consequences: if a debt is waived or reduced as envisaged in the Income Tax Act, this may result in a loss for the Noteholders. It is generally only on revenue account for a moneylender and in most cases the loss will be on capital account for the Noteholders.

To the extent that the waiver or reduction of the relevant debt is merely an accounting entry as opposed to a waiver or reduction in law, this will generally not constitute a disposal of the Subordinated Notes, except in certain exceptional circumstances. Should there be an actual waiver or reduction in law of the relevant amount under the Subordinated Notes, the Noteholders of the Subordinated Notes may have to account for tax consequences, depending on, among other things, whether the Subordinated Notes have been held on capital or revenue account.

There may also be recoupments or capital gains tax consequences for the Issuer, depending on how it used the proceeds of the Subordinated Notes, to the extent that the Subordinated Notes are Written Off.

Disposal of the Notes

If a Noteholder sells or otherwise disposes of a Note, Taxes (whether income tax or capital gains tax) may be levied on such sale or disposal.

Having regard to the provisions of section 24J(4) of the Income Tax Act, Taxes (whether income tax or capital gains tax) may be levied on the disposal or deemed disposal of any Notes held by a Resident Noteholder. In general, income tax will be leviable to the extent that a Resident Noteholder is a trader or has acquired the Notes for speculative purposes. Capital gains tax will be leviable to the extent that the Notes have been acquired by a Resident Noteholder for investment purposes and the disposal is not regarded as part of a profit-making transaction even though the South African Revenue Service has generally taken the view that these type of transactions would generally be on revenue account.

Any discount or premium on acquisition which has already been treated as Interest for income tax purposes under section 24J of the Income Tax Act (see "Original issue discount or premium" above) will not again be taken into account when determining any capital gain or loss.

Taxes (whether income tax or capital gains tax) will not be levied on the disposal or deemed disposal of the Notes by a Non-Resident Noteholder unless the profits made on the disposal or deemed disposal of such Notes are from a South African source or are attributable to a permanent establishment of that Non-Resident Noteholder in South Africa during the relevant year of assessment of that Non-Resident Noteholder. An applicable DTA may provide such Non-Resident Noteholder with relief from such Taxes.

VALUE-ADDED TAX

In terms of the Value-Added Tax Act, 1991 ("**VAT Act**"), no value-added tax ("**VAT**") is payable on the issue or transfer of the Notes. The issue, allotment or transfer of ownership of the Notes will constitute a "*financial service*", the supply of which is exempt from VAT in terms of section 12(a) of the VAT Act. However, commissions or other charges that are payable on the facilitation of this "*financial service*" are, in principle, subject to VAT at the current standard rate of 14%, depending on the circumstances and the identity of the service provider.

TAX TREATMENT OF THE ISSUER

A different regime applies to the tax treatment of the Issuer compared to other taxpayers. Given the fact that the Issuer is a bank that is registered in terms of the Banks Act, it is specifically provided for in section 24JB of the Income Tax Act that amounts in respect of financial assets and financial liabilities that are recognised in profit or loss in the statement of comprehensive income in respect of financial assets and financial liabilities of the Issuer that are recognised at fair value in profit or loss in terms of accounting principles must be included in or deducted from its income, excluding certain exemptions.

US TAXATION – FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to any non-U.S. financial institution (a "**foreign financial institution**" or "**FFI**" (as defined by FATCA)) that does not become a "Participating FFI" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA. The Issuer is classified as an FFI.

The new withholding regime is now in effect for payments from sources within the United States and will apply to "foreign passthru payments" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued after the "grandfathering date", which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued on or before the grandfathering date, and additional Notes of the same Series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS.

The Issuer expects there to be a number of significant South African legal obstacles to compliance with the FATCA reporting requirements. The Issuer also expects that compliance with any such regime will require a substantial investment in a documentation and reporting framework. In the absence of compliance with such regime, the Issuer could be exposed to a FATCA Withholding on certain of its assets. The imposition of such a FATCA Withholding would reduce the profitability, and thus the cash available to make payments on the Notes.

The South African Government and the U.S. Government signed an IGA ("**South African IGA**") in respect of FATCA on 09 June 2014. Under the South African IGA, South African FFIs will generally be able to be treated as "deemed compliant" with FATCA. Depending on the nature of the relevant FFI, FATCA Withholding may not be required from payments made with respect to the Notes other than in certain prescribed circumstances. However, under the South African IGA, an FFI may be required to provide the South African Revenue Services with information on financial accounts (for example, the Notes) held by U.S. persons and Recalcitrant Holders and on payments made to non-participating FFIs. Consequently, Noteholders may be requested to provide certain information and certifications to the Issuer and to any other financial institutions through which payments on the Notes are made in order for the Issuer and such other financial institutions to comply with their FATCA obligations.

The Issuer expects to be treated as a Reporting FI pursuant to the South African IGA and does not anticipate being obliged to deduct any FATCA Withholding on payments it makes. The Issuer also expects that any branch through which it issues Notes will be treated as a Reporting FI pursuant to an IGA. There can be no assurance, however, that the Issuer will be treated as a Reporting FI in the future or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuer nor the Paying Agent nor any other person would, pursuant to the Terms and Conditions, be

required to pay additional amounts as a result of the deduction or withholding. As a result, Noteholders of such Notes may receive less interest or principal than expected.

Whilst the Notes are held in the Central Securities Depository, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, the Paying Agent and the Central Securities Depository or Participants, as the case may be, given that each of the entities in the payment chain between the Issuer and the Participants is a financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under the South African IGA will be unlikely to affect the Notes.

However, subject to the Financial Markets Act, the holder of a Beneficial Interest may exchange such Beneficial Interest for Registered Notes represented by a Certificate in accordance with Condition 15.1 (*Exchange of Beneficial Interests*). In this event, such Notes will no longer be held by the Central Securities Depository and a non-FATCA compliant Noteholder of such Notes could be subject to FATCA Withholding.

FATCA is particularly complex legislation. The above description is based in part on U.S. Treasury regulations official guidance and the South African IGA, all of which are subject to change or may be implemented in materially different form.

Potential investors in the Notes should consult their own tax advisers to determine how these rules may apply to payments they will receive under the Notes and the potential impact of the implementation of the South African IGA and implementing legislation on them.

SUBSCRIPTION AND SALE

ARRANGER, DEBT SPONSOR, DEALER AND PLACING ARRANGEMENTS

Arranger

Nedbank Limited (in its capacity as Arranger) is the Arranger of the Programme.

Debt Sponsor

Nedbank Limited (in its capacity as Debt Sponsor) is the ongoing Debt Sponsor of the Programme, and is the Debt Sponsor for purposes of procuring the approval of the Programme Memorandum by the JSE and the listing of Tranche/s on Notes on the Interest Rate Market of the JSE, subject to Rules 2.5 and 2.6 of the JSE Debt Listings Requirements.

Rule 2 of the JSE Debt Listings Requirements sets out certain requirements in relation to the appointment, and termination of appointment, of a Debt Sponsor. Among other things, if the appointment of the Debt Sponsor is terminated by the Issuer for whatever reason, such termination must be approved by the board of directors of the Issuer. Once the termination of the Debt Sponsor has been approved by the board of directors of the Issuer, the Issuer and the Debt Sponsor must submit a report to the JSE stipulating the reasons for the termination, within 48 hours of such termination.

Dealer and Placing Arrangements

A Tranche of Notes may be offered by way of public auction or private placement or any other means permitted by Applicable Law, as determined by the Issuer and the relevant Dealer/s.

Nedbank Limited (in its capacity as Dealer) is a Dealer on an ongoing basis for the duration of the Programme. The Issuer may, as contemplated in the Dealer Terms and Conditions, appoint one or more other Dealers to place one or more Tranches of Notes or on an ongoing basis or for the duration of the Programme.

Subject to the Dealer Terms and Conditions, the Issuer may from time to time agree with the relevant Dealer/s to issue, and the relevant Dealer/s may agree to place, the relevant Tranche/s of Notes by entering into the Relevant Dealer Agreement. Save to the extent expressly otherwise provided in the Relevant Dealer Agreement, the Dealer Terms and Conditions will be incorporated by reference into, and form part of, the Relevant Dealer Agreement.

A Relevant Dealer Agreement will, among other things, provide for the relevant Dealer/s, subject to certain conditions set out in the Relevant Dealer Agreement (as read with the Dealer Terms and Conditions), to place the Notes in the relevant Tranche/s of Notes, and may also provide for the relevant Dealer/s to underwrite the subscription and payment for such Notes.

On the Issue Date, delivery of Registered Notes in the relevant Tranche/s of Registered Notes which is/are listed on the Interest Rate Market of the JSE and/or held in the Central Securities Depository to the subscribers of such Registered Notes will be effected by the Issuer's Participant, against payment of the Issue Price, in accordance with the Applicable Procedures. The relevant Dealer/s may procure sale and purchase transactions in respect of the relevant Tranche/s of Registered Notes before the Issue Date. Such transactions will be for settlement on the Issue Date and will be subject to the condition that the Relevant Dealer Agreement is not terminated before the time on which such transactions are to be settled on the Issue Date.

The relevant Dealer/s may, under certain circumstances (before the issue of or payment for the relevant Tranche/s of Notes) terminate their obligations to place the relevant Tranche/s of Notes under the Relevant Dealer Agreement. The Relevant Dealer Agreement may, under certain circumstances (before the issue of or payment for the relevant Tranche/s of Notes), automatically terminate.

If the Relevant Dealer Agreement is terminated before the Issue Date, the transactions in the relevant Tranche/s of Notes shall also terminate and no party thereto shall have any claim against any other party as a result of such termination.

The Issuer has no right to cancel the Relevant Dealer Agreement before the issue of or payment for the relevant Tranche/s of Notes.

SELLING RESTRICTIONS

South Africa

Each Dealer will be required to represent and agree that it will not solicit any offers for subscription for or sale of any Notes and will not itself sell any Notes, in South Africa, in contravention of the Companies Act, the Banks Act, the Exchange Control Regulations and/or any other Applicable Laws and regulations of South Africa in force from time to time.

In particular, the Programme Memorandum does not, nor is it intended to, constitute a "*prospectus*" (as contemplated in the Companies Act) and each Dealer will be required to represent and agree that it will not make an "*offer to the public*" (as such expression is defined in the Companies Act) of any Notes (whether for subscription, purchase or sale).

Notes will not be offered for subscription or sale to any single addressee for an amount of less than ZAR1,000,000 (or such other

amount as is prescribed from time to time in terms of section 96(2)(a) of the Companies Act).

United States of America

Regulation S Category 2

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 ("**U.S. Securities Act**"). The Notes may not be offered or sold in the United States of America or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the U.S. Securities Act or in a transaction exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the U.S. Securities Act.

Each Dealer will be required to represent and agree that it has not offered, sold, resold or delivered any Notes and will not offer, sell, resell or deliver any Notes:

- a) as part of its distribution at any time; and
- b) otherwise until 40 (forty) days after completion of the distribution of all of the Notes in the relevant Tranche/s of Notes, as determined and certified by the Dealer or, in the case of an issue of the relevant Tranche/s of Notes on a syndicated basis, the relevant Lead Manager/s, of all Notes of the Series of which the relevant Tranche/s of Notes is/are a part,

within the United States of America or to, or for the account or benefit of, U.S. persons only in accordance with Regulation S and it will send to each distributor to which it sells any Notes a confirmation or other notice setting forth the restrictions on offers and sales of such Notes within the United States of America or to, or for the account or benefit of, U.S. persons.

In addition, an offer or sale of the Notes within the United States of America by any Dealer or other distributor (whether or not participating in the offering of such Notes during the distribution compliance period described in the preceding paragraph) may violate the registration requirements of the U.S. Securities Act.

Each Dealer (and in the case of the issue of the relevant Tranche/s of Notes on a syndicated basis, the relevant Lead Manager/s) shall determine and certify to the Issuer when it has completed the distribution of the Notes in the relevant Tranche/s of Notes.

Each Dealer will be required to further represent and agree that neither it, its affiliates nor any person acting on its or their behalf has engaged or will engage in any "*directed selling efforts*" (as that term is defined in Regulation S under the U.S. Securities Act) with respect to any Notes, and it and they have complied and will comply with the offering restrictions requirements of Regulation S.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer will be required to represent and agree that, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State ("**Relevant Implementation Date**") it has not made and will not make an offer of any Notes to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- a) if the Applicable Pricing Supplement relating to a Tranche of Notes specifies that an offer of such Notes may be made other than pursuant to Article 3.2 of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Applicable Pricing Supplement contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Applicable Pricing Supplement, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- c) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Dealer or Dealers nominated by the Issuer for any such offer; or
- d) at any time in any other circumstances falling within Article 3.2 of the Prospectus Directive,

provided that no such offer of Notes referred to in paragraphs (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and including any relevant implementing measure in the Relevant Member State.

United Kingdom

Each Dealer will be required to represent and agree that:

- a) in relation to any of Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of Notes would otherwise constitute a contravention of Section 19 of the United Kingdom Financial Services and Markets Act, 2000 ("FSMA") by the Issuer;
- b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer;
- c) it has complied with and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Changes to the above selling restrictions

The selling restrictions set out above may in relation to any Tranche of Notes, be changed by the Issuer and the relevant Dealer/s, including following a change in, or clarification of, a relevant law, regulation, directive, request or guideline having the force of law or compliance with which is in accordance with the practice of responsible financial institutions in the country or jurisdiction concerned or any change in or introduction of any of them or in their interpretation or administration. Any such change will be set out in the Applicable Pricing Supplement relating to the relevant Tranche of Notes.

Other selling restrictions

Each Dealer will be required to represent and agree that:

- a) it will (to the best of its knowledge and belief) comply with all applicable laws and regulations in force in each jurisdiction in which it purchases, subscribes or procures subscriptions for, offers or sells any Notes or has in its possession or distributes the Programme Memorandum and/or the Applicable Pricing Supplement and will obtain any consent, approval or permission required by it for the purchase, subscription, offer or sale by it of any Notes under the laws and regulations in force in each jurisdiction to which it is subject or in which it makes such purchases, subscriptions, offers or sales; and
- b) it will comply with such other or additional restrictions as the Issuer and the Dealer agree and as are set out in the Applicable Pricing Supplement relating to the relevant Tranche of Notes.

Neither the Issuer nor the Debt Sponsor nor the Arranger nor the Dealer/s represent that this Programme Memorandum and/or any Applicable Pricing Supplement may be lawfully distributed, or that any Notes may be lawfully offered, subscribed for or sold, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution, offering, subscription or sale.

Persons into whose possession this Programme Memorandum and/or any Applicable Pricing Supplement comes are required by the Issuer, the Debt Sponsor, the Arranger and the Dealers to comply with all Applicable Laws and regulations in each country or jurisdiction in which they subscribe for, purchase, offer, sell, transfer or deliver Notes or have in their possession or distribute this Programme Memorandum and/or any Applicable Pricing Supplement and to obtain any consent, approval or permission required by them for the subscription, purchase, offer, sale, transfer or delivery by them of any Notes under the law and regulations in force in any country or jurisdiction to which they are subject or in which they make such subscriptions, purchases, offers, sales, transfers or deliveries, in all cases at their own expense, and none of the Issuer, the Debt Sponsor, the Arranger or the Dealers shall have responsibility therefor.

In accordance with the above, any Notes purchased or subscribed for by any person which it wishes to offer for sale or resale may not be offered in any country or jurisdiction in circumstances which would result in the Issuer being obliged to register this Programme Memorandum or any further prospectus or corresponding document relating to the Notes in such country or jurisdiction.

EXCHANGE CONTROL

The comments below are intended as a general guide to the position under the Exchange Control Regulations as at the Programme Date. The contents of this section headed "Exchange Control" do not constitute exchange control advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

PROGRAMME MEMORANDUM

This Programme Memorandum does not require the prior approval of the Exchange Control Authorities in terms of the Exchange Control Regulations.

ISSUE OF NOTES

In general, the issue of a Tranche of Notes will not require the prior written approval of the Exchange Control Authorities in terms of the Exchange Control Regulations.

However, under certain circumstances (see the paragraph below) and if so indicated in the Applicable Pricing Supplement, the issue of a particular Tranche of Notes will require the prior written approval of the Exchange Control Authorities in terms of the Exchange Control Regulations.

In particular, in terms of Rule 3.20(c) of the JSE Debt Listings Requirements, "*where the ... Issuer issues listed [Notes] that will pay higher than the interest rate to be paid/discounted in terms of exchange control policy, and where there will be foreign participation cross-border funding, the ... Issuer is required to obtain prior [Exchange Control Authorities] approval/directive in respect of the issue. Exchange control policy allows interest to be paid up to the prime overdraft rate (predominant rate) plus 3% per annum or as amended from time to time*".

Dealings in such Notes and the performance by the Issuer of its obligations under the Notes and the Applicable Terms and Conditions will be subject to the Exchange Control Regulations.

BLOCKED RAND

Blocked Rand may be used for the subscription for or purchase of Notes. Any principal and/or other redemption amount which is payable by the Issuer in respect of such Notes subscribed for or purchased with Blocked Rand may not, in terms of the Exchange Control Regulations, be remitted out of South Africa or paid into a bank account which is outside South Africa.

EMIGRANTS FROM THE COMMON MONETARY AREA

Any Certificate issued to a Noteholder who is an emigrant from the Common Monetary Area ("**Emigrant Noteholder**") will be restrictively endorsed "emigrant" and must be deposited with the nominated authorised dealer in foreign exchange controlling such Emigrant Noteholder's blocked assets.

Where a Beneficial Interest is held by an Emigrant Noteholder through the Central Securities Depository, the securities account maintained for such Emigrant Noteholder by the relevant Participant will be designated as an "emigrant" account.

All payments of principal and/or other redemption amount payable to an Emigrant Noteholder will be deposited into such Emigrant Noteholder's Blocked Rand account, as maintained by the nominated authorised dealer in foreign exchange controlling such Emigrant Noteholder's blocked assets. Such amounts are not freely transferable from the Common Monetary Area and may only be dealt with in terms of the Exchange Control Regulations. Payments of interest due and payable in respect of such Notes to such Emigrant Noteholder need not be deposited into such Emigrant Noteholder's Blocked Rand account, and such amounts of interest are freely transferable from the Common Monetary Area.

NON-RESIDENTS OF THE COMMON MONETARY AREA

Any Certificate issued to a Noteholder who is not resident in the Common Monetary Area ("**Non-Resident Noteholder**") will be restrictively endorsed "non-resident".

Where a Beneficial Interest is held by a Non-Resident Noteholder through the Central Securities Depository, the securities account maintained for such Non-Resident Noteholder by the relevant Participant will be designated as a "non-resident" account.

It will be incumbent on a Non-Resident Noteholder to instruct its nominated authorised dealer in foreign exchange as to how payments of amounts (whether in respect of principal, interest or otherwise) payable in respect of the Notes held by such Non-Resident Noteholder are to be dealt with. Such amounts may, in terms of the Exchange Control Regulations, be remitted abroad only if such Notes were acquired with foreign currency introduced into South Africa and provided that the relevant Certificate has been restrictively endorsed "non-resident" or the relevant securities account has been designated as a "non-resident" securities account, as the case may be.

BEARER NOTES

The disposal or acquisition of or dealing in Bearer Notes is subject to the prior written approval of the Minister of Finance (or a person authorised by the Minister of Finance) in accordance with Regulation 15 of the Exchange Control Regulations.

ORDER NOTES

Any Order Certificates issued to Emigrant Noteholders will be endorsed in accordance with the applicable provisions of the Exchange Control Regulations. The disposal or acquisition of or dealing in any Order Notes (and Order Certificates) issued to Emigrant Noteholders will be subject to the applicable provisions of the Exchange Control Regulations.

Any Order Certificates issued to Non-resident Noteholders will be endorsed in accordance with the applicable provisions of the Exchange Control Regulations. The disposal or acquisition of or dealing in any Order Notes (and Order Certificates) issued to Non-Resident Noteholders will be subject to the applicable provisions of the Exchange Control Regulations.
