(Incorporated with limited liability under registration number 1951/000009/06 in the Republic of South Africa)

ZAR15,000,000,000 CREDIT-LINKED NOTE PROGRAMME

issue of ZAR150,000,000 Credit-Linked Notes

This document constitutes the Applicable Pricing Supplement relating to the issue of the Tranche of Notes described herein ("**the Notes**" or "**this Tranche**" or "**this Tranche of Notes**").

This Applicable Pricing Supplement must be read in conjunction with the Consolidated Programme Memorandum, dated 24 May 2010, prepared by Nedbank Limited ("**Issuer**") in connection with the Nedbank Limited ZAR15,000,000,000 Credit-Linked Note Programme, as amended and/or supplemented from time to time ("**Programme Memorandum**").

The Programme Memorandum was approved by the JSE Limited ("**JSE**") on 24 May 2010.

Subject to the last paragraph under "*Risk Factors and South African Taxation*" below, any capitalised terms not defined in this Applicable Pricing Supplement shall have the meanings ascribed to them in the section of the Programme Memorandum headed "*Terms and Conditions of the Notes*" ("**Terms and Conditions**"). References to any Condition in this Applicable Pricing Supplement are to that Condition of the Terms and Conditions.

To the extent that there is any conflict or inconsistency between the provisions of this Applicable Pricing Supplement and the Programme Memorandum, the provisions of this Applicable Pricing Supplement shall prevail.

JSE Debt Listings Requirements

References to the "**JSE Debt Listings Requirements**" in this Applicable Pricing Supplement are to the JSE Debt Listings Requirements published by the JSE and set out in Bulletin 1 of 2014 (13 January 2014), as amended by Board Notice 138 of 2014 published in *Government Gazette* No. 38224 of 21 November 2014, and as further amended and/or supplemented from time to time. Board Notice 138 of 2014 came into effect on 22 December 2014.

Amendments to the Banks Act, 1990

The amended Regulations Relating to Banks (which came into operation on 1 January 2013) published as No. R. 1029 in *Government Gazette* No. 35950 of 12 December 2012 ("**Regulations Relating to Banks**") provide, among other things, for the partial implementation of the Basel III Accord in South Africa and the requirements with which specified categories of instruments and/or shares must comply in order for the proceeds of the Issue thereof to qualify for inclusion in the regulatory capital of banks.

The Banks Amendment Act, 2013, published in *Government Gazette* No. 37144 of 10 December 2013, amended the Banks Act, 1990 to provide (together with the Regulations Relating to Banks) for the full implementation of the Basel III Accord in South Africa (such amended Banks Act, 1990, as thereafter supplemented and/or amended from time to time, being the "**Banks Act**").

Risk Factors and South African Taxation

The section of the Programme Memorandum headed "*Risk Factors*" ("**Risk Factors**") sets out certain investment considerations and risks.

Annexure "A" to this Applicable Pricing Supplement headed "*Risk Factors and South African Taxation*" ("**Annexure "A"**") (i) supplements and updates certain of the Risk Factors insofar as such Risk Factors (and/or any additional risk factors) relate to the Basel III Accord and the Notes and (ii) updates the section of the Programme Memorandum headed "*South African Taxation*" in respect of, among other things, the Basel III Accord.

Annexure "A" must be read in conjunction with the Programme Memorandum as at the Issue Date ("**Current Programme Memorandum**") and this Applicable Pricing Supplement. To the extent that there is any conflict or inconsistency between the provisions of Annexure "A" and the Current Programme Memorandum, the provisions of Annexure "A" shall prevail.

Certain definitions set out in the 2014 ISDA Credit Derivatives Definitions published by the International Swaps and Derivatives Association Inc. (ISDA) ("**2014 ISDA Credit Derivatives Definitions**") have expressly been incorporated by reference into and form part of Item D below of this Applicable Pricing Supplement and the Applicable Terms and Conditions of this Tranche. To the extent that any of the Relevant 2014 ISDA Credit Derivatives Definitions (as defined in Item D(1)(a) below) conflict with any of the ISDA Credit Derivatives Definitions (as defined in Item D(1)(a) below) and/or the Terms and Conditions, the Relevant 2014 ISDA Credit Derivatives Definitions (as defined in Item D(1)(a) below) shall prevail.

F. OTHER PROVISIONS

1. Amendments to the Terms and Conditions In terms of the JSE Debt Listings Requirements, among other things, those provisions of the Terms and Conditions which provide for amendments to the Terms and Conditions must comply with the prescribed provisions of Rule 7.12 of the JSE Debt Listings Requirements.

This Item F(1) below shall replace Condition 19 (*Amendments*) in its entirety.

Amendments

1. The Issuer may effect, without the consent of any Noteholder and/or the JSE, any amendment to the Applicable Terms and Conditions (including any of the Terms and Conditions) which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of South Africa (including, without limitation, all Applicable Laws and the Applicable Procedures).
2. Save as is provided in paragraph 1 above, no amendment to any of the Applicable Terms and Conditions (including any of the Terms and Conditions) of any Tranche of Notes may be effected unless (i) the proposed amendment is first approved by the JSE and, after having obtained the approval of the JSE to the proposed amendment, (ii) the proposed amendment is in writing and signed by or on behalf of the Issuer and (iii):
 - a) if the proposed amendment is an amendment to any of the Applicable Terms and Conditions (including any of the Terms and Conditions) which are applicable to all of the Notes, (i) the proposed amendment is approved by an Extraordinary Resolution of all of the Noteholders (provided that the relevant Extraordinary Resolution shall be passed within 15 (fifteen) Business Days after the proposed amendment is submitted to the Noteholders in terms of paragraph 3 below) or (ii) the written resolution containing the proposed amendment is signed by or on behalf of Noteholders holding not less than 75% of the aggregate Outstanding Principal Amount of all of the Notes (provided that the relevant written resolution shall be signed within 15 (fifteen) Business Days after the proposed amendment is submitted to the Noteholders in terms of paragraph 3 below),

Nb

as the case may be;

- b) If the proposed amendment is an amendment to any of the Applicable Terms and Conditions (including any of the Terms and Conditions) which are applicable only to certain Tranche/s of Notes, (i) the proposed amendment is approved by an Extraordinary Resolution of the relevant Group/s of Noteholders (provided that the relevant Extraordinary Resolution shall be passed within 15 (fifteen) Business Days after the proposed amendment is submitted to the Noteholders in terms of paragraph 3 below) or (ii) the written resolution containing the proposed amendment is signed by or on behalf of Noteholders in the relevant Group/s of Noteholders holding not less than 75% of the aggregate Outstanding Principal Amount of all of the Notes in the relevant Group/s (provided that the relevant written resolution shall be signed within 15 (fifteen) Business Days after the proposed amendment is submitted to the Noteholders in terms of paragraph 3 below), as the case may be.

3. After having obtained the approval of the JSE to a proposed amendment to the Applicable Terms and Conditions (including any of the Terms and Conditions) to be effected in terms of paragraph 2 above, the Issuer shall (in the manner set out in Condition 20 (*Notices*)) notify all of the Noteholders or the relevant Group/s of Noteholders (as applicable) of such proposed amendment. Such notice shall (i) include the written resolution setting out such proposed amendment, (ii) the restrictions on voting under the Terms and Conditions, (iii) the last date on which all of the Noteholders or the relevant Group/s of Noteholders (as applicable) should return the signed written resolution, and the address to which the signed written resolution should be sent.
4. Any amendment to the Applicable Terms and Conditions (including any of the Terms and Conditions) effected in terms of this Item F(1) above will be binding on (as applicable) all of the Noteholders or the relevant Group/s of Noteholders, and such amendment will be notified to such Noteholders (in the manner set out in Condition 20 (*Notices*)) as soon as practicable thereafter.

THE NOTES ARE OF A SPECIALIST NATURE AND SHOULD ONLY BE BOUGHT AND TRADED BY INVESTORS WHO ARE PARTICULARLY KNOWLEDGEABLE IN INVESTMENT MATTERS. INVESTMENT IN THE NOTES INVOLVES A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF ALL OF THE INVESTMENT.

By purchasing a Note, a holder is taking a credit risk on the Reference Entity as well as the Issuer. Neither the Issuer nor any of its affiliates has undertaken any investigation of the Reference Entity and no information is provided in respect thereof. A purchaser of Note/s should conduct such independent investigation and analysis regarding the Reference Entity and the Note/s as it deems appropriate to evaluate the merits and risks of an investment in the Note/s.

If a Credit Event occurs, the market value of the Deliverable Obligations (if applicable) relating to the Notes with reference to which the redemption amount will be determined may be less than the nominal amount of the Notes and accrued interest in respect thereof. Any shortfall shall be borne by the Noteholder and no liability shall attach to the Issuer.

The Issuer makes no representation or warranty whatsoever in respect of the Obligations, and assumes no liability or obligation in respect thereof. A Noteholder, by its purchase of Note/s, will be deemed to have understood (after taking professional advice where appropriate) the risks involved in an investment in the Note/s.

The Issuer shall not be responsible for the legality, validity or enforceability of the Obligations or the Deliverable Obligations (if applicable) or for the legality, validity or enforceability of any of the terms thereof including but not limited to any security arrangements referred to in the Obligations or the Deliverable Obligations (if applicable).

No offer, sale or delivery of the Notes, or distribution or publication of any offering material relating to the Notes, may be made in or from the United States or any other jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligations on the Issuer. It shall be the responsibility of Noteholder to ensure that any subsequent sale of the Notes is in accordance with all relevant laws and regulations and that any person to whom it may sell Notes is aware of the foregoing and the contents of the ISDA Credit Derivative Definitions (as defined below) and the Relevant 2014 ISDA Credit Derivatives Definitions and that the Notes are intended only for sophisticated investors.

The 2003 ISDA Credit Derivatives Definitions (as defined in the Terms and Conditions) ("**ISDA Credit Derivatives Definitions**") have been supplemented, since the Programme Date, by (i) the 2009 ISDA Credit Derivatives Determinations Committee and Auction Settlement Supplement (published by ISDA) to the aforesaid 2003 ISDA Credit Derivatives Definitions. The 2014 ISDA Credit Derivatives Definitions have replaced the ISDA Credit Derivatives Definitions.

The purchaser of Note/s confirms that it (or its advisers on its behalf) is conversant with the contents of the ISDA Credit Derivative Definitions and the Relevant 2014 ISDA Credit Derivatives Definitions and understands the full effect and meaning thereof insofar as terminology used in this Applicable Pricing Supplement is defined or set out in more detail in the ISDA Credit Derivative Definitions and the Relevant 2014 ISDA Credit Derivatives Definitions, inclusive of (but not limited to) the definitions of the Credit Events.

The Terms and Conditions (and the Applicable Terms and Conditions) are not intended to provide the sole basis for any evaluation by you of the transaction, security or instrument described herein and you agree that the merits or suitability of any such transaction, security or instrument to your particular situation will be independently determined by you including consideration of the legal, tax, accounting, regulatory, financial and other related aspects thereof. In particular, Nedbank Limited owes no duty to you (except as required by the rules of any relevant regulatory authority) to exercise any judgement on your behalf as to the merits or suitability of any transaction, security or instrument. Nedbank Limited and its affiliates may (or may in the future) be long or short of or may have a financial interest in any securities or loans described herein. In no circumstances shall Nedbank Limited or any of its affiliates be obliged to disclose to investors at any time any information (or the existence thereof) of which it is aware or which it has received on a confidential basis or otherwise. The information contained herein is provided to you on a strictly confidential basis and you agree that it may not be copied, reproduced or otherwise distributed by you (other than to your professional advisers) without our prior written consent.

ANNEXURE A: RISK FACTORS AND SOUTH AFRICAN TAXATION

Any capitalised terms not defined in this Annexure "A" shall have the meanings ascribed to them in the Applicable Pricing Supplement.

This Annexure "A" must be read in conjunction with the Current Programme Memorandum and the Applicable Pricing Supplement. To the extent that there is any conflict or inconsistency between the provisions of this Annexure "A" and the Current Programme Memorandum, the provisions of this Annexure "A" shall prevail.

SUPPLEMENTED RISK FACTORS

Potential investors in the Notes are referred to the Risk Factors which set out certain investment considerations and risks. This section headed "Supplemented Risk Factors" ("this Section") supplements and updates certain of the Risk Factors insofar as such Risk Factors (and/or any additional risk factors) relate to the Basel III Accord.

The Issuer believes that the factors outlined in this Section below may, in addition to the Risk Factors (as supplemented by this Section), affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The value of the Notes could decline due to any of these risks, and investors may lose some or all of their investment.

The Issuer believes that the factors described in this Section below may, in addition to the Risk Factors (as supplemented by this Section), represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts under any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information available to it as at the Issue Date, or which it may not be able to anticipate. The Issuer does not represent that the statements in this Section below and the Risk Factors (as supplemented by this Section) regarding the risks of holding any Notes are exhaustive. The information set out in this Section below (and the Risk Factors, as supplemented by this Section) is not intended as advice and does not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes.

Prospective investors should also read the information set out elsewhere in the Current Programme Memorandum to reach their own views prior to making any investment decision.

The Basel III Accord and capital adequacy

The Issuer is a bank registered as such under the Banks Act, 1990 ("Banks Act") and, as such, is subject to Basel III and, among other things, the prescribed capital adequacy requirements.

General

Basel III provides, among other things, for 3 "tiers" of Regulatory Capital: (i) common equity tier 1 capital, (ii) additional tier 1 capital and (iii) tier 2 capital.

On and with effect from 1 January 2013 and 10 December 2013, respectively, Basel III was adopted and implemented in the South African regulatory framework, with various phase-in and transitional arrangements until 1 January 2019 (see "South African Implementation of Basel III" below).

The International BCBS Basel III quantitative impact studies ("QIS") enable selected banks to report figures to enable the Basel Committee on Banking Supervision ("BCBS") to assess the impact of Basel III. These QIS reports are submitted on a bi-annual basis. The Issuer has participated fully in the QIS process.

Circulars, guidance notes and directives

The regulator for purposes of Basel III in South Africa ("Relevant Authority") will be the Registrar of Banks or such other governmental authority in South Africa (if any) as will have the responsibility of making decisions relating to the declaration of a bank as being non-viable, with the effect of triggering loss absorption within the specified categories of instruments and/or shares ("Capital Instruments").

Basel III, the Regulations Relating to Banks and the fact that the Banks Act has only recently been amended to provide for the full implementation of the Basel III Accord in South Africa, have introduced a number of uncertainties (see "Uncertainties" below).

The Relevant Authority has endeavoured to address these uncertainties by issuing, on a periodic basis, circulars, guidance notes and directives in terms of section 6 of the Banks Act.

In terms of section 6(4) of the Banks Act, the Relevant Authority may from time to time "by means of a circular furnish banks ... with guidelines regarding the application and interpretation of the provisions of [the Banks] Act". Section 6(4) of the Banks Act provides that the Relevant Authority may from time to time "by means of a guidance note furnish banks with information in respect of market practices or market or industry developments within or outside [South Africa]". In terms of section 6(6)(a) of the Banks Act, the Relevant Authority may from time to time "after consultation with the relevant bank, issue a directive to such a bank, either individually or collectively, regarding the application of the [Banks] Act".

Main changes

The main changes under Basel III are summarised as follows:

- Basel III provides for tighter definitions of what constitutes acceptable regulatory capital. Basel III places enhanced emphasis on the consistency and quality of capital and on curtailing, among other things, liquidity risk. From a capital perspective the most heavily impacted banks are likely to be those with relatively large capital

market businesses, particularly trading activities, complex securitisations, over-the-counter derivatives (counterparty credit risk) and securities lending.

- Basel III allocates a higher regulatory capital value to shareholders' equity than to subordinated loss-absorbing debt, preference shares and hybrid capital. For example, it is expected that tier 2 capital will be allowed to constitute less than the current 33% of a bank's overall capital
- Basel III has introduced two new buffers: a capital conservation buffer of 2.5% (if a bank's capital adequacy ratios fall below the minimum required ratio, including this buffer, the bank will be subject to dividend and bonus restrictions) and a countercyclical buffer that ranges between 0% and 2.5%, depending on whether the rate of credit extension exceeds the growth of the real economy. These buffers are due to be phased in from 2016, but market expectations could lead to earlier compliance.
- Basel III provides for a new maximum leverage ratio.
- Basel III has introduced two new minimum liquidity standards – the liquidity coverage ratio ("LCR") and the net stable funding ratio ("NSFR"). From a liquidity perspective, many banks, domestic and foreign, now meet the LCR requirements following the BCBS announcement on the 06 January 2013. However, based on industry estimates, compliance with the NSFR remains structurally challenging and consequently the Issuer will continue to work closely with the SARB, peer groups and National Treasury in terms of addressing the structural challenges while being mindful of the fact that the Basel Committee is likely to consider fundamental changes to the NSFR well ahead of its targeted implementation date of January 2018. Having finalised the LCR, the Basel Committee has formally announced that it will, as a matter of priority, now focus on the NSFR over the next two years.
- Basel III also provides for enhanced capital requirements for derivatives, repurchase and securities financing transactions.

Meeting the LCR requirement was assisted by the announced amendments to the LCR by the BCBS on 6 January 2013. The amendments are positive in that they provide banks with a longer lead time to implement the LCR and have resulted in a broader definition of qualifying high-quality liquid assets ("HQLA") that can be held in the bank's liquidity buffers. Lastly, these amendments have resulted in reduced liquidity buffer requirements given refinements to various cash outflow assumptions in the LCR formula.

The South African Reserve Bank ("SARB") has approved the provision of a committed liquidity facility ("CLF") to assist banks to meet the LCR, as more fully set out in Guidance Note 08/2014 headed "*Provision of a committed liquidity facility by the South African Reserve Bank*" dated 9 December 2014 ("Guidance Note 08/2014"). In terms of Guidance Note 08/2014, among other things, each individual bank will be required to meet the level 1 HQLA requirement of the LCR on its own. The CLF is only available to banks with an LCR shortfall that is attributable to an inadequate supply of level 1 HQLA. The CLF is accepted at 40% of the total amount of HQLA that the particular bank is required to hold in Rand. For the purpose of entering into a facility agreement with SARB during the phase-in period (that is, for the years 2015 to 2018), the size of the CLF will be capped at 40% of the full HQLA requirement, as projected for the year in which the relevant application is made. Guidance Note 08/2014 also contains details of, among other things, acceptable collateral for the CLF.

The following Directives issued by SARB are the most recent Directives which are applicable to the LCR: Directive 6/2014 (*Matters related to liquidity risk and the liquidity coverage ratio*), Directive 7/2014 (*National discretion related to the liquidity coverage ratio*), Directive 8/2014 (*Matters related to compliance with the liquidity coverage ratio (LCR)*) and Directive 11/2014 (*Liquidity coverage ratio: Scope of application and related disclosure requirements*).

Taking into account the Issuer's cash reserves, the liquid assets held for regulatory purposes, the surplus liquidity buffer and the Issuer's anticipated use of the CLF, on a pro forma basis the Issuer is compliant already with the 2015 Basel III LCR requirement.

Basel III is a minimum global standard and, accordingly, the relevant authority is not prevented from setting higher standards, as was done in South Africa with the implementation of Basel II.

The main impact of Basel III on South African banks is likely to be on the levels and composition of capital, the levels of highly marketable securities, liquidity risk and funding profiles and, accordingly, on the general cost of bank funding as banks look to optimally structure their Capital base and reform their funding models to meet the requirements of the new liquidity ratios.

Loss absorption at the point of non-viability of the Issuer

Basel III requires the implementation of certain loss absorbent criteria under certain non-viability circumstances, as set out in the Basel III Accord ("**Loss Absorption PONV Requirements**").

South African Implementation of Basel III

The amended Regulations Relating to Banks came into operation on 1 January 2013 and provide, among other things, for the partial implementation of the Basel III Accord in South Africa and the requirements with which specified categories of Capital Instruments must comply in order for the proceeds of the issue thereof to rank as tier 2 capital or additional tier 1 capital. These amended Regulations Relating to Banks were further amended, with effect from 1 April 2015, by Government Notice No R. 261 published in *Government Gazette* No. 38616, dated 27 March 2015,

The required amendments to the Banks Act to provide, among other things, for the full implementation of the Basel III Accord in South Africa, were promulgated and came into force on 10 December 2013. These amendments are contained in the Banks Amendment Act, 2013, published in Government Gazette No. 37144 of 10 December 2013.

The Capital Regulations include (i) legislation (including the Banks Act) then in effect in South Africa, (ii) regulations (including the Regulations Relating to Banks) then in effect in South Africa, (iii) the Circulars, Guidance Notes and Directives then in effect in South Africa (see "*Circulars, guidance notes and directives*" above) issued by the Relevant Authority, which legislation, regulations, Circulars, Guidance Notes and Directives relate to and/or provide for the implementation of Basel III in South Africa.

Uncertainties

Basel III, the Regulations Relating to Banks and the fact that the Banks Act has only recently been amended to provide for the full implementation of the Basel III Accord in South Africa, have introduced a number of uncertainties.

"Grandfathering" of capital instruments issued before 1 January 2013

The Loss Absorption PONV Requirements implemented in South Africa do not apply retrospectively and, accordingly, some or all of the capital instruments issued by the Issuer before 1 January 2013 will be "grandfathered" (that is, phased out) over a ten-year period from 1 January 2013.

The ability of the Issuer to replace these capital instruments with capital instruments which comply with Basel III and, where applicable, the Loss Absorption PONV Requirements, over the ten year period is uncertain, and will depend on the extent to which the uncertainties regarding the Regulations Relating to Banks and the Banks Act have been resolved to enable the issue of such capital instruments in significant volumes, the appetite of the capital markets for capital instruments and the ability to issue such capital instruments at a price mutually acceptable to the Issuer and investors.

Bearing in mind the uncertainties referred to above, it is difficult for the Issuer to predict the precise effects of the changes that may result from the full implementation of Basel III in South Africa and/or what regulatory changes may be imposed in the future, or estimate, with accuracy, the impact that the full implementation of Basel III in South Africa and/or related regulatory changes that may be imposed in the future may have on the Issuer's business, the products and services it offers and the values of its assets. If, for example, the Issuer were required to make additional provisions, increase its reserves or capital, or exit or change certain businesses, as a result of the full implementation of Basel III in South Africa and/or related regulatory changes that may be imposed in the future, this could have an adverse effect on the Issuer's business, financial condition and results of operations.

Notwithstanding the above, the Issuer has implemented numerous initiatives in preparation for the full implementation of Basel III in South Africa, and has internally assessed and provided, to the best of its ability, for the anticipated budgetary impacts of the full implementation of Basel III in South Africa.

Capital adequacy requirements

General

The Issuer is subject to the capital adequacy requirements set out in the Banks Act, as read with the Regulations Relating to Banks, which provide for a minimum target ratio of capital to risk-adjusted assets, which could limit its operations (see "*South African Implementation of Basel III*" above).

The Issuer must, in terms of the Banks Act, as read with the Regulations Relating to Banks (see "*South African implementation of Basel III*" above) and Directive 05/2013 (see "*Directive 05/2013*" below), maintain a minimum level of capital based on risk-adjusted assets and off-balance-sheet exposures.

Any failure by the Issuer to maintain its capital adequacy ratios may result in sanctions against the Issuer which may in turn impact on its ability to fulfil its obligations under the Notes.

Directive 05/2013

A summary of certain of the provisions of Directive 05/2013 dated 26 April 2013 ("**Directive 05/2013**") is set out below:

Directive 05/2013 informs banks of matters related to the prescribed minimum required capital ratios and the application of various components of the minimum required capital ratios such as the systemic risk capital requirement (Pillar 2A), the domestic systemically important bank (D-SIB) capital requirement, the countercyclical buffer range and the capital conservation buffer range. Directive 05/2013 also details the phase-in requirements for the prescribed minimum required capital ratios.

Annexure A of Directive 05/2013 stipulates the various capital tiers, together with various related elements specified in the Regulations Relating to Banks and in the Basel III Accord, including the systemic risk capital requirement (Pillar 2A), the bank-specific individual capital requirement (ICR, also known as Pillar 2B), and the phasing in of the related minimum requirements. The phase-in arrangements for the minimum requirements are set out in Annexure B of Directive 05/2013.

Regulation 38(8)(e)(ii) of the Regulations Relating to Banks prescribes that the capital requirement for systemic risk (that is Pillar 2A) will be specified by the Relevant Authority. The Pillar 2A requirement may therefore also be revised from time to time.

The Pillar 2A capital requirement is set at 1.5% of risk-weighted exposures (1% covered by common equity tier 1 capital and a further 0.5% by additional tier 1 capital) for all banks at a total capital level with effect from 1 January 2013, after which it will be increased to 2.0%. In order to ensure that factors related to systemic risk are not double counted, the Pillar 2A capital requirement will be adjusted during the phase-in period of the higher loss absorbency (HLA) requirement

for D-SIBs, which will come into effect from 1 January 2016, resulting in an appropriate reduction in some components of the Pillar 2A requirement over time.

Banks are notified that the combined total capital-adequacy requirement in respect of the Pillar 2A and the HLA requirement for D-SIBs will not exceed 2% for common equity tier 1 capital, 2.5% for additional tier 1 capital and 3.5% in respect of the total capital adequacy ratio.

Banks should maintain an additional discretionary capital buffer above the specified minimum requirements, as envisaged in Regulation 38(8)(e)(vii) of the Regulations Relating to Banks, to ensure that the execution of internal business objectives or the occurrence of adverse external environmental factors do not prevent banks from operating above the relevant minima. The Relevant Authority will continue to monitor and assess the adequacy of this internal buffer against a bank's strategy, risk profile and levels of capital.

Banks are advised to take note of the fact that guidance will be provided on specific aspects of the new capital framework, should it become necessary, after the BCSB has finalised the consultative processes which are currently still under way.

Annexures A and B of Directive 05/2013 provide, among other things, for the capital adequacy ratios for 2015:

- CET 1 Capital Requirement: Minimum CET1 Ratio (per Basel III) = 4.5% + Pillar 2A for CET1 = 2%. Minimum CET1 plus Pillar 2A = 6.5%.
- Tier 1 Capital Requirement: Minimum Tier 1 Ratio (per Basel III) = 6% + Pillar 2A for T1 = 2%. Minimum T1 plus Pillar 2A = 8.0%.
- Total Capital Requirement: Minimum Total Capital Ratio (per Basel III) = 8.0% + Pillar 2A for Total Capital = 2%. Minimum Total Capital plus Pillar 2A = 10%.

These minimum 2015 capital requirements exclude any bank-specific individual capital requirement (ICR, also known as Pillar 2B) for 2015.

The required minimum capital requirements will be phased in over a number of years and, as such, will change annually based on Directive 05/2013 (or any other relevant guidance note to be issued in the future by the Relevant Authority).

It is difficult for the Issuer to predict the precise effects of the changes that may result from the implementation of Basel III on the Issuer's calculations of capital, the impact of these revisions on other aspects of its operations or the impact on the pricing of any Notes.

SOUTH AFRICAN TAXATION

The summary in this section headed "South African Taxation" below is intended to deal with the more important fiscal provisions that could be relevant on the treatment of the Notes from a fiscal perspective as at the Issue Date. The contents of this section headed "South African Taxation" are not intended to and do not constitute tax advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or holder of or purchaser of Notes. Prospective Noteholders of Notes should consult their professional advisers in this regard.

Securities Transfer Tax

The issue, transfer and redemption of the Notes will not attract securities transfer tax under the Securities Transfer Tax Act, 2007. Any future transfer duties and/or taxes that may be introduced in respect of (or be applicable to) the transfer and/or redemption of the Notes will be for the account of the Noteholders.

Income tax - treatment of premium and/or discount as well as interest on the Notes

The taxation of "Interest" is regulated by section 24J of the Income Tax Act, 1962 ("Income Tax Act") on the basis that interest must be accounted for in the hands of a Noteholder on a yield-to-maturity basis. For tax purposes "Interest" as defined in section 24J of the Income Tax Act ("Interest") has a wide meaning and includes, among other things, not just interest and related finance charges, but also any discount or premium payable or receivable in terms of or in respect of a financial arrangement. However, to the extent that the Noteholder is a "covered person" as defined in section 24JB of the Income Tax Act, the Noteholder should apply to the provisions of section 24JA of the Income Tax Act instead.

A different treatment applies in the hands of the Issuer as the Issuer must account for financial instruments on a mark-to-market basis consistent with accounting principles as set out in section 24JB of the Income Tax Act.

Original issue discount or premium

Any discount that arises pursuant to the original issue of the Notes will be treated as interest for tax purposes, and the amount of the discount will be deemed to accrue to the Noteholder on a yield to maturity basis as if such Noteholder were to hold the Notes until the Maturity Date.

Any original issue premium over the Principal Amount of the Notes will also be treated as interest for tax purposes and will be taken into account in calculating the return to the Noteholder on a yield to maturity basis as if such Noteholder were to hold the Notes until the Maturity Date.

Interest on the Notes

A "resident" (as defined in section 1 of the Income Tax Act) ("Resident") will, subject to any available exemptions, be taxed on its worldwide income. Accordingly, a Resident Noteholder will be liable for income tax, subject to available

AW ✓

exemptions, on any income received or accrued in respect of the Notes held by that Resident Noteholder in the relevant year of assessment of that Resident Noteholder.

A person who or which is not a Resident ("Non-Resident") is currently taxed in South Africa under the Income Tax Act only on income from a source within or deemed to be sourced within South Africa, subject to any relief available in any applicable convention concluded between the Government of the Republic of South Africa and the relevant other contracting state for the avoidance of double taxation ("DTA").

Interest which, during the relevant year of assessment of a Non-Resident Noteholder, is received by or accrued to that Non-Resident Noteholder in respect of Notes which are held by that Non-Resident Noteholder may be regarded as being from a South African source.

However, Interest which, during the relevant year of assessment of a Non-Resident Noteholder, is received or accrued in respect of the Notes which are held by that Non-Resident Noteholder should be exempt from income tax under section 10(1)(h) of the Income Tax Act (see, however the Withholding Tax on Interest paid to a Non-Resident under "Withholding tax" below).

The section 10(1)(h) exemption will not apply to a Non-Resident Noteholder if:

- a) that Non-Resident Noteholder is a natural person who was physically present in South Africa for a period exceeding 183 calendar days in aggregate during the relevant year of assessment; or
- b) the debt from which the Interest arises is effectively connected to a permanent establishment of that Non-Resident Noteholder in South Africa.

If a Non-Resident Noteholder does not qualify for the exemption under section 10(1)(h) of the Income Tax Act, (a) that Non-Resident Noteholder should be exempt from the Withholding Tax on Interest paid to Non-Residents (see "Withholding tax" below), (b) an exemption from or reduction of tax liability under the Income Tax Act may be available under an applicable DTA and (c) certain entities may be exempt from income tax.

Prospective Non-Resident Noteholders must consult their own professional advisers as to whether the interest income earned on the Notes to be held by them will be exempt under section 10(1)(h) of the Income Tax Act or under an applicable DTA.

As regards liability for the withholding tax on Interest paid to Non-resident Noteholders, see "Withholding tax" below.

Recharacterisation of Interest

Interest is recharacterised to the extent that one is dealing with a hybrid debt instrument or hybrid interest. A hybrid debt instrument is, amongst others, an instrument in terms of which an Issuer owes an amount if –

- the Issuer is entitled or obliged to –
 - convert the instrument (or any part thereof) in any year of assessment to; or
 - exchange the instrument (or any part thereof) in any year of assessment for,
 shares unless the market value of the shares is equal to the amount owed in terms of the instrument at the time of conversion or exchange;
- the obligation to pay an amount in respect of the instrument is conditional upon the market value of the assets of the Issuer not being less than the market value of the liabilities of the Issuer; or
- the Issuer owes the amount to a connected person in relation to the Issuer and is not obliged to redeem the instrument, excluding any instrument payable on demand, within 30 years from the date of the issue of the instrument or from the end of that year of assessment.

Interest is also recharacterised as a dividend in specie if one is dealing with hybrid interest. The concept of hybrid interest is, amongst others, defined in relation to a debt owed by the Issuer as –

- any interest where the amount of the interest is not determined with reference to a specified rate of interest or not determined with reference to the time value of money; or
- if the rate of interest has in terms of the instrument been raised by reason of an increase in the profits of the Issuer, so much of the amount of interest as has been determined with reference to the raised rate of interest as exceeds the amount of interest that would have been determined with reference to the lowest rate of interest in terms of that instrument during the current year of assessment and the previous five years of assessment; or

should one be dealing with a hybrid debt instrument, the interest will be deemed to be a dividend *in specie* that is declared by the Issuer and accrued to the Noteholder on the last day of the year of assessment of the Issuer.

Withholding tax

In terms of Part IVB of the Income Tax Act, a withholding tax on Interest paid to Non-Residents (at a rate of 15% of the amount of the Interest) ("Withholding Tax") came into effect on 1 March 2015.

Interest which, during the relevant year of assessment of a Non-Resident Noteholder, is received or accrued in respect of the Notes which are held by that Non-Resident Noteholder may be regarded as being from a South African source.

462

Subject to any Withholding Tax relief provided for in the Income Tax Act (see the paragraph below) or an applicable DTA, the Withholding Tax will be imposed in respect of all payments of interest from a South African source to Non-Residents (other than payments of interest to a Non-Resident who is not entitled to the section 10(1)(h) exemption referred to under "*Income tax - treatment of premium and/or discount as well as interest on the Notes*" above and which Non-Resident is therefore liable for the payment of income tax on such interest).

However, payments of interest under the Notes held by Non-Resident Noteholders will be exempt from Withholding Tax if (among other exemptions) the Notes are listed on a "*recognised exchange*" or are issued by a South African bank (subject to the exclusion of back to back transactions as envisaged by section 50D(2) of the Income Tax Act). The Issuer is a South African bank. The JSE is a "*recognised exchange*".

Payments of interest under the Notes held by Non-Resident Noteholders will accordingly be exempt from Withholding Tax.

Disposal of the Notes

If a Noteholder sells or otherwise disposes of a Note, Taxes (whether income tax or capital gains tax) may be levied on such sale or disposal.

Having regard to the provisions of section 24J(4) of the Income Tax Act, Taxes (whether income tax or capital gains tax) may be levied on the disposal or deemed disposal of any Notes held by a Resident Noteholder. In general, income tax will be leviable to the extent that a Resident Noteholder is a trader or has acquired the Notes for speculative purposes. Capital gains tax will be leviable to the extent that the Notes have been acquired by a Resident Noteholder for investment purposes and the disposal is not regarded as part of a profit-making transaction even though the South African Revenue Service has generally taken the view that these type of transactions would generally be on revenue account.

Any discount or premium on acquisition which has already been treated as interest for income tax purposes under section 24J of the Income Tax Act (see "*Original issue discount or premium*" above) will not again be taken into account when determining any capital gain or loss.

Taxes (whether income tax or capital gains tax) will not be levied on the disposal or deemed disposal of the Notes by a Non-Resident Noteholder unless the profits made on the disposal or deemed disposal of such Notes are from a South African source or are attributable to a permanent establishment of that Non-Resident Noteholder in South Africa during the relevant year of assessment of that Non-Resident Noteholder. An applicable DTA may provide such Non-Resident Noteholder with relief from such Taxes.

Value-added tax

In terms of the Value-Added Tax Act, 1991 ("**VAT Act**"), no value-added tax ("**VAT**") is payable on the issue or transfer of the Notes. The issue, allotment or transfer of ownership of the Notes will constitute a "*financial service*", the supply of which is exempt from VAT in terms of section 12(a) of the VAT Act. However, commissions or other charges that are payable on the facilitation of this "*financial service*" are, in principle, subject to VAT at the current standard rate of 14%, depending on the circumstances and the identity of the service provider.
